

It's Christmas Time at Georgetown Chrysler!

Well, it's the time of year
to spread good cheer;
now that the holiday season is here
Georgetown Chrysler's in full gear.

I bet you thought our business would slow down
causing our staff to mope and frown.
Just the opposite, I'm proud to add ...
our different approach was NOT a passing fad.

It's Christmas time and we rejoice
by moving iron barely over invoice.
Look at our lot, it's oh-so-packed
Sales Manager Dave just might get sacked.

But probably not - he's done a great job
since his lobotomy when corn was on the cob.
He's setting sales records from summer to late fall;
we'll keep it rolling if you give him a call.

Thanks to Halton Hills for shopping local;
our aim is to please till you get vocal
about our products and service second to none,
plus the added bonus of making it fun.

We respect the fact that it's serious business
spending twenty grand this close to Christmas
But the time is right, with low interest, high rebate,
delayed low payments, what's left to debate?

Yes, trade that old clunker,
move up a few years.
What you save on gas and maintenance
should alleviate your fears
about blowing the budget,
being strapped for cash.
Sustain the monthly output,
yet stare at a new dash.

You could say we're very enthusiastic
about making you feel fantastic
throughout every automotive transaction;
for us, it's the only course of action.

On behalf of Kim and Dylan
and the fetus about to meet us,
drive safely wherever you go;
when asked for help, don't say no.

*Happy Holidays from
all of us!*
