## Changes in Halton Library Board make-up unlikely

While changes in the Provincial Public Libraries Act give Town Council the right to assume full control of the local Library Board, it looks like Council's confidence in the existing Board will result in few, if any, changes.

While dealing with a Library Board request to draft a new bylaw in light of Provincial legislative changes, several councillors suggested the present Board be left as is.

The current 9-member volunteer Board

includes two councillors, representatives of the public and separate school boards and citizens who applied, were nominated and accepted to sit on the Board.

The new bylaw governing the Library Board will include provisions for Council to decide, the size and composition of the Board, qualifications of Board members, rules regarding reimbursement, if any, and rules for re-appointments and filling vacancies.

# Yes, it's True

Hi my name is Lou Pinto.

Over the eight years as a photographer, I've had the opportunity of meeting & photographing thousands of people.

I've also met with people who have said they love the quality of my work but can't afford the prints.

I think I've come up with a way of making it more affordable without jeopardizing

quality. All you pay is forty five dollars for the session fee and then thirty dollars buys you twelve 5x5 proofs and the **NEGATIVES ARE YOURS TO KEEP**. You can then take the negatives to the lab of your choice & pay wholesale reprint prices. You can even scan the photos or negs right into your home computer. **NO HOOKS, NO LINE UPS**. It's as simple as it sounds. March will be a trial run for this new concept in portraiture. If you would like to book your appointment or have any questions feel free to call me at...

Say hello to Angela
