ORCHARD STUDIO

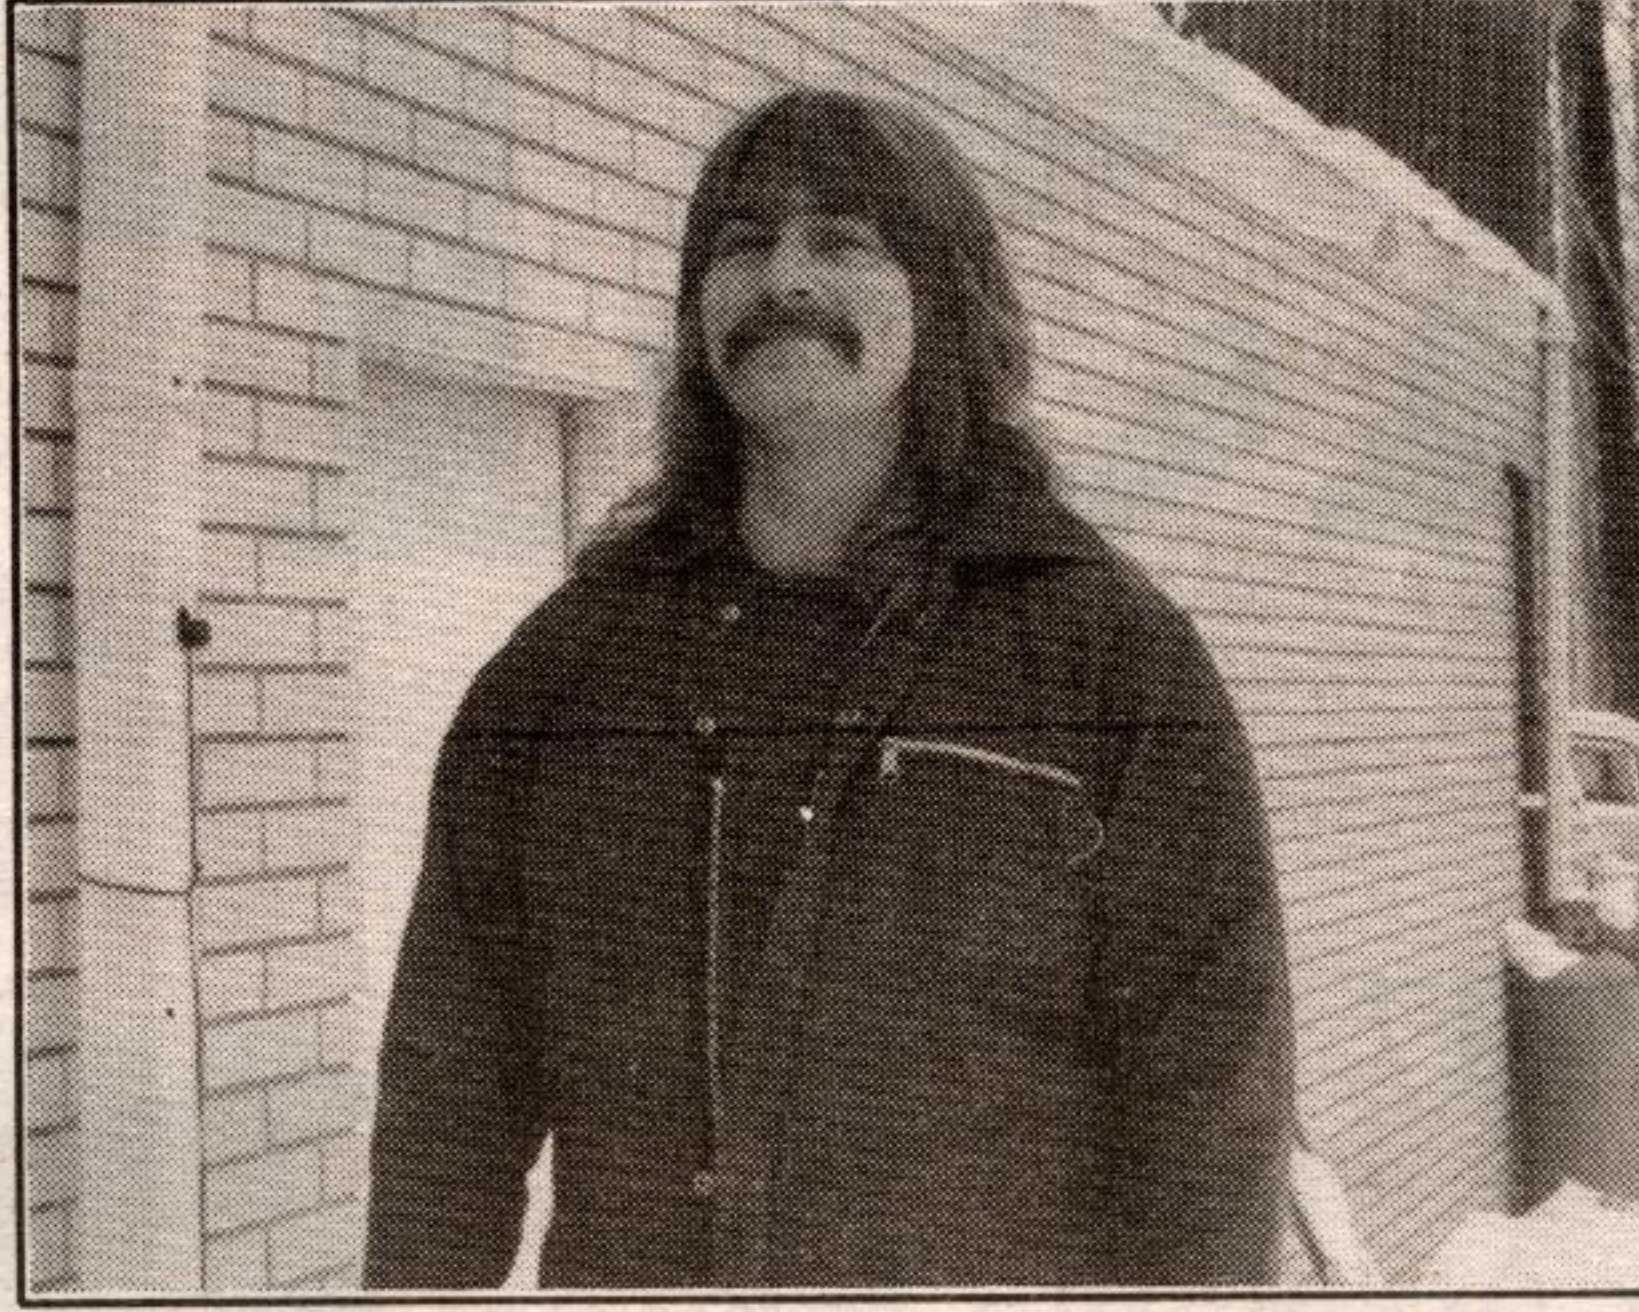

E-mail: dave@orchard-studio.com

Tel: (905) 451-2804

Orchard Studio is a 24-track recording facility owned by Dave Ferri of Norval. Built in 1980 the studio, complete with skylights, boasts over 1,200 sq. feet of recording space, including two good sized isolation booths. The comfortable control room (pictured above) features well-respected Studer and Neve equipment. There is even a metal barn that doubles as a reverb chamber, accommodating drums in the warmer weather.

Orchard Studio lists clients from Halton Region and across the country. Over his 16 years in business, Dave has recorded for the likes of Jane Siberry, The Waltons, Moist, Stompin' Tom Connors and Tommy Hunter, to name but a few.

Dave is an accomplished engineer, producer and musician, having played guitar in bands for over 10 years.

Cameron's Roofing

853-4790

Terry Cameron has 14 years of hands-on experience in the installation of asphalt, cedar, metal and flat roofs, torch on and build up, vinyl siding and seamless eavestroughing.

– FREE ESTIMATES –

Cameron's Comments:

- We recommend that you install tar paper over the entire area to be shingled on most roofs. This will ensure a good base protection and prolong the life of the shingles for years to come.
- Proper ventilation is often overlooked and is a key factor in roof longevity.
- Early bookings allow customers convenience and flexibility.

Above all ... you need a roof!

ADVANTAGE

TOTAL CLAIMS MANAGEMENT INC.

In the 90s no one person can be expected to handle the growing complexities of Workers' Compensation. This is where **Advantage Total Claims Management** and its team of experts will be invaluable to you.

In the last six years, Advantage Total Claims Management have recovered in excess of \$8 million in Workers' Compensation Board (WCB) credits for their clients and have helped injured workers increase their pensions and awards.

Some of their services include:

- Review of WCB claim files to ensure that you have been accurately assessed
- Analyze past files with regards to the various relief funds that the WCB has set up
- Monitor claims with medical advice to ensure prompt return to work
- Organize placement of rehabilitated workers into a modified program
- Commence appeals through the W.C.A.T. (Workers' Compensation Appeals Tribunal), where beneficial
- Conduct informative training sessions for management and employees to create a full awareness of company policy
