

Saluting Home Based Businesses!

Enterprising • Achieving • Working Hard to Serve You!

Acorn Training Services

Jeannine Gaw can make your computer challenges simple and fun. As an independent consultant, she has been providing corporate training and adult education for over five years to a number of clients including Humber College, CBC and the Halton Board of Education. Whether you are upgrading or changing your office systems or just need a few tips, she will develop a training program to suit your needs.

Novice to intermediate users can benefit from her expertise in DOS, Wordperfect, Microsoft Office, Lotus, Harvard Graphics, Windows and Windows 95. Her math and statistics background will be useful for those struggling with Excel formulas. In addition, she can help you:

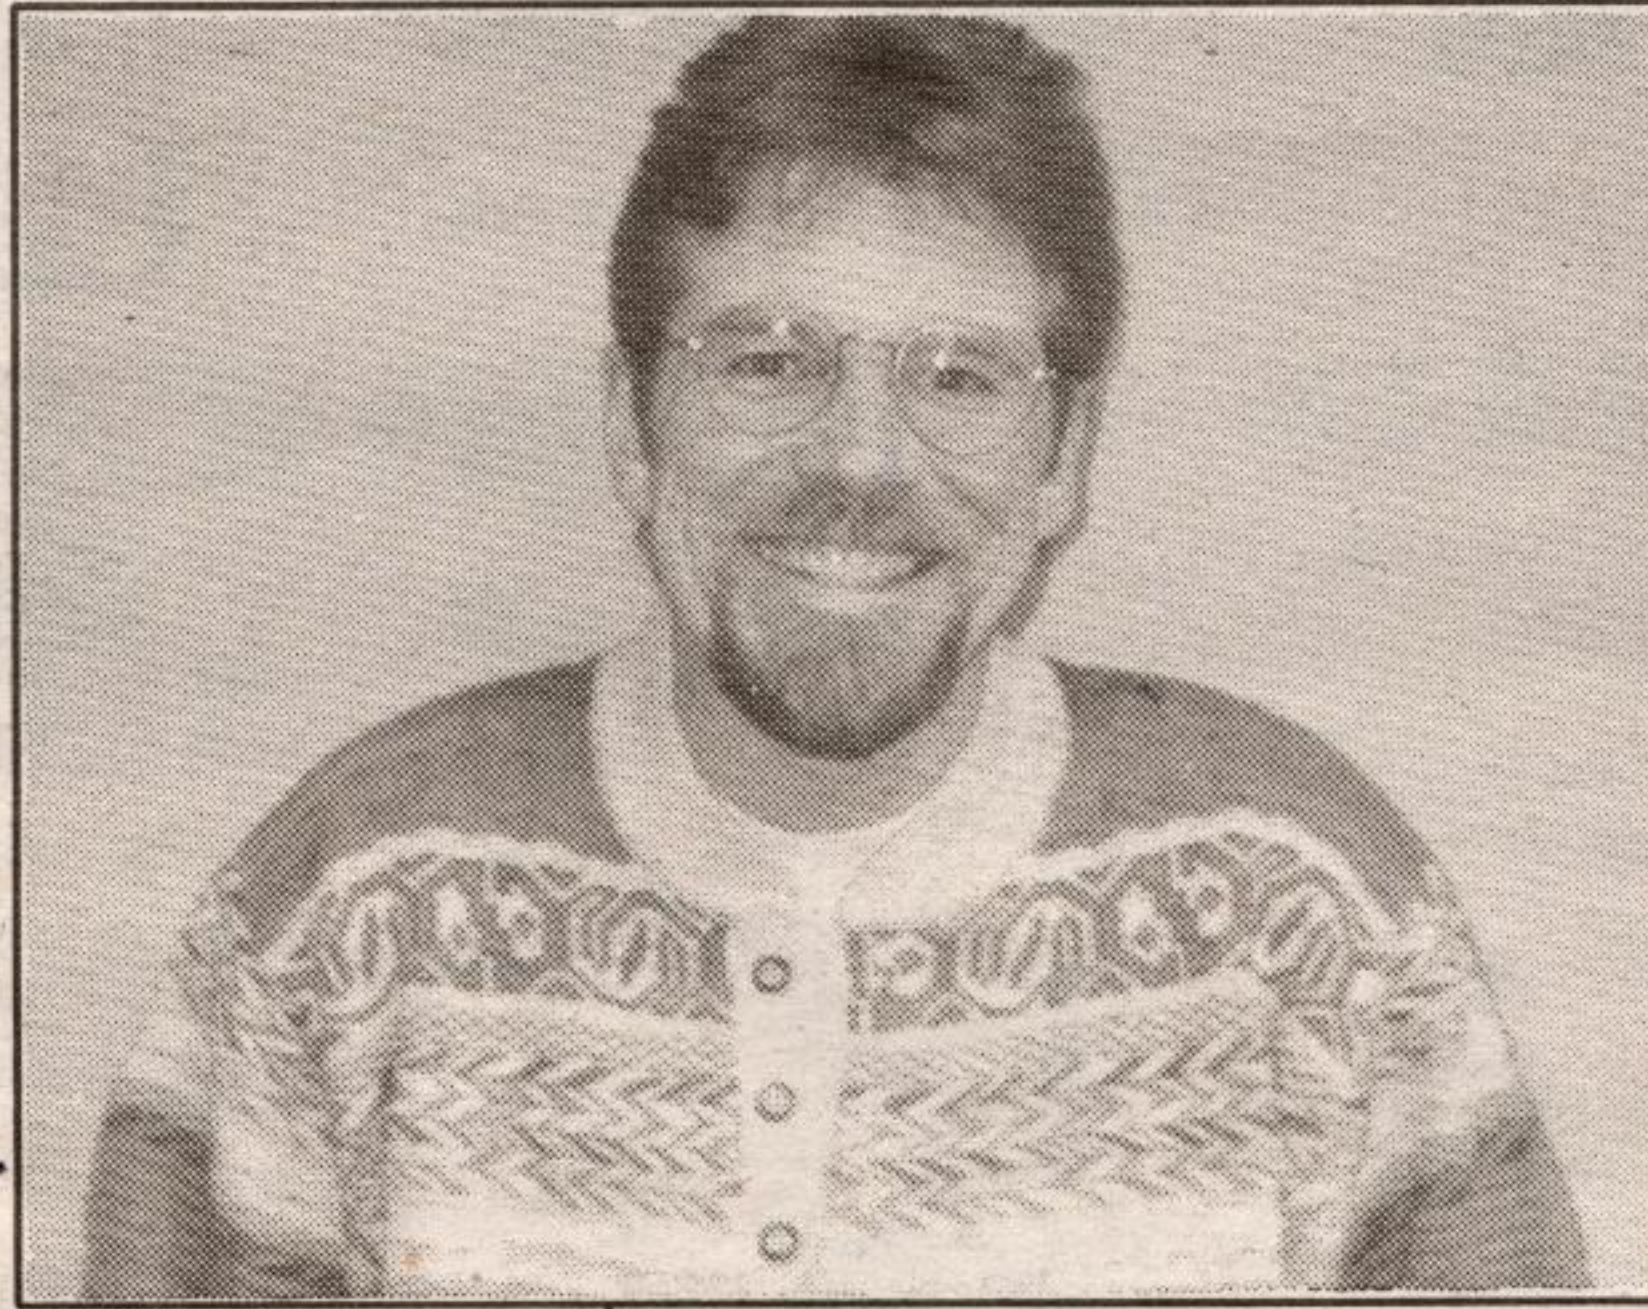

- maximize your usage of the Internet for your business and personal needs
- provide customized software training

Gibbons Painting & Decorating

Rory Gibbons • 853-2199

161 Poplar Avenue, Acton

With over nine years experience in home painting and decorating, we are pleased to offer an exciting alternative in interior decorating needs. In addition to painting using all types of commercially available coverings, we offer sponging, smooching, ragging, marblizing and stenciling.

Our service is always friendly and courteous and we pride ourselves on our cleanliness and dependability. Our many satisfied will only be pleased to tell you how happy they were with our services. A new look for your house is only one phone call away.

Eye Cue Design is a small company that produces big results. By combining new technology with 20 years experience, Eye Cue can provide the continuity of visual design and one-stop shopping in the graphic arts that is normally found only in larger firms.

DESIGN

Pillar to Post® Professional Home Inspection has been serving the Halton area for just over two years. Its owner, Glenn Blight, has been a Georgetown resident for over 20 years, and has an excellent understanding of the surrounding areas and the needs of his clients.

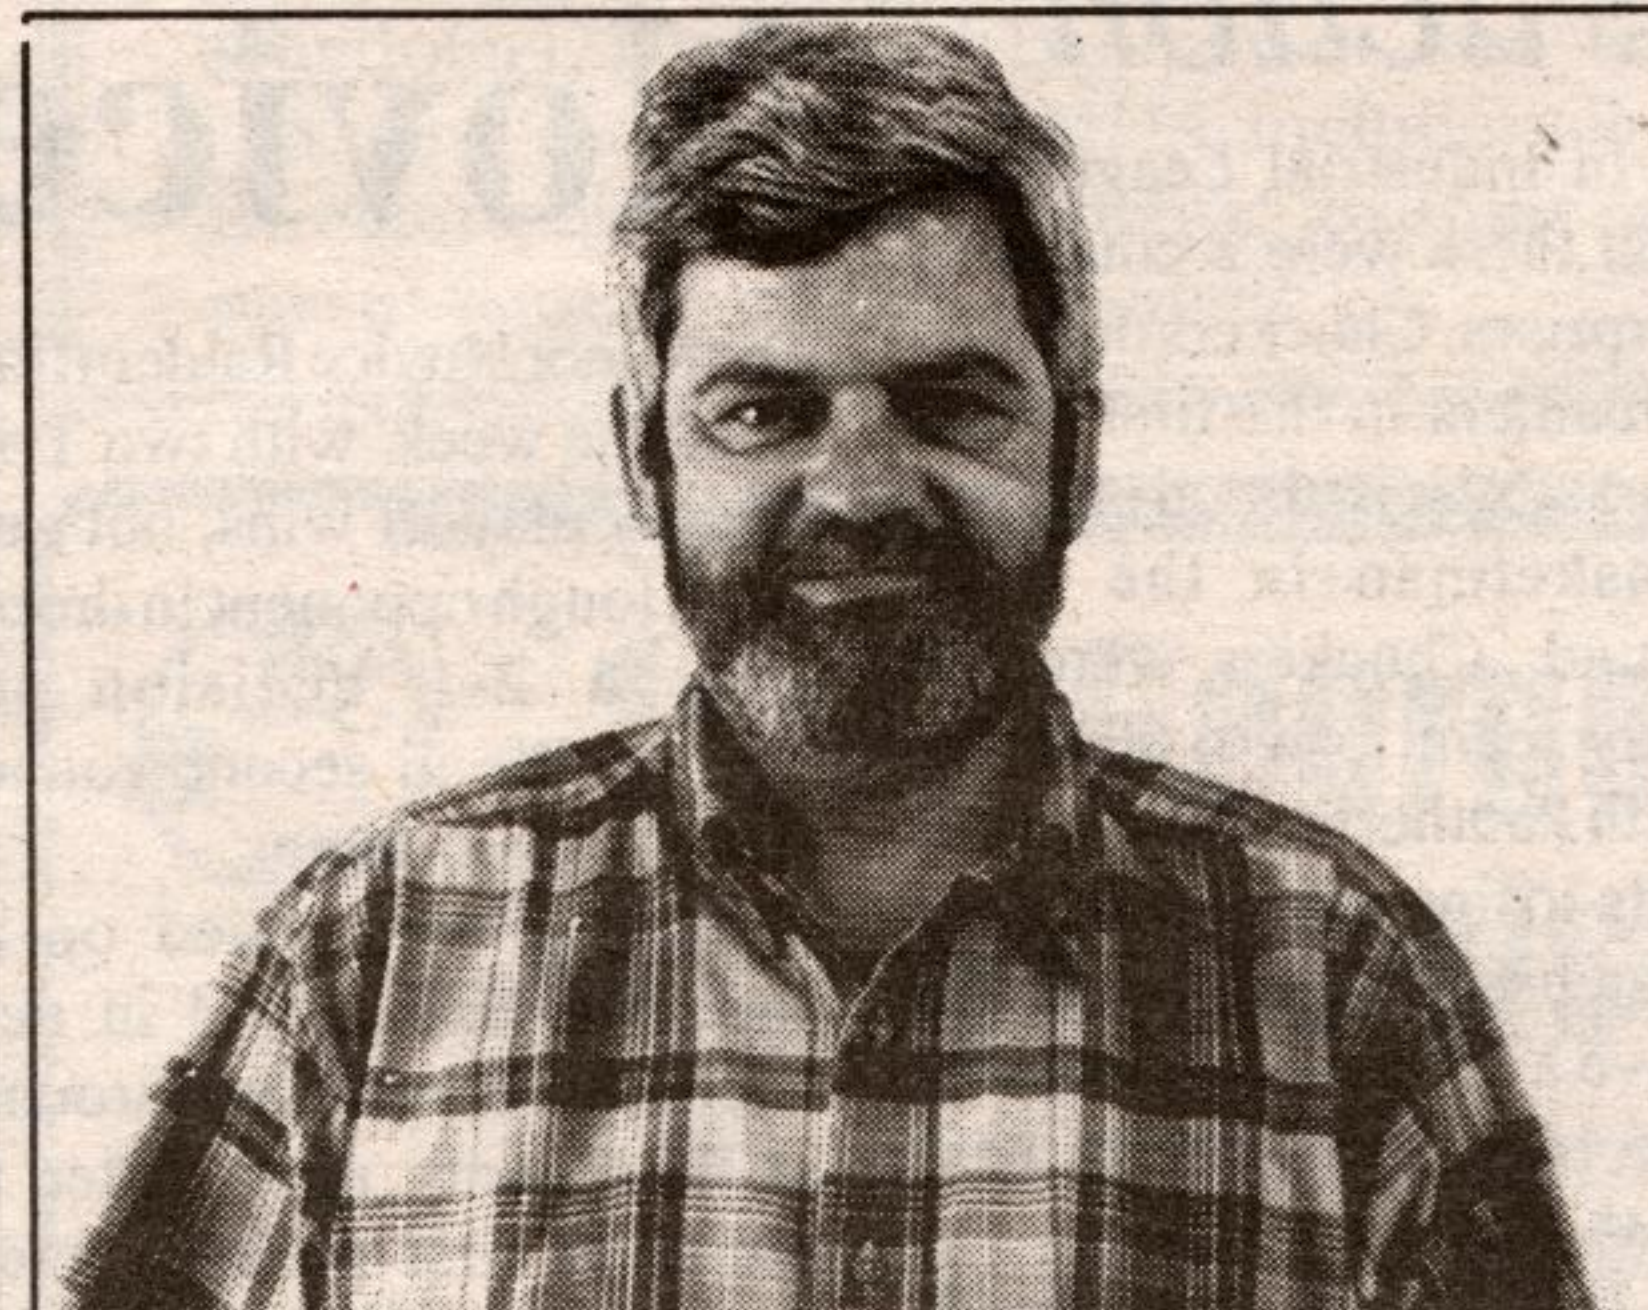

Pillar to Post® provides a comprehensive visual inspection of a house, reporting on as many as 1,600 interior and exterior items in a typical three-hour survey and provides a written report on it. All Pillar to Post® inspectors are certified and carry out their professional inspections in accordance with the standards of practice of the American Society of Home Inspectors (ASHI®). This gives his clients peace of mind and the assurance of the highest level of inspection service.

Zeta Computer Systems

Richard Larose • 853-2857

For the last three years, we have provided Acton with a local source for computer upgrades and repairs.

We offer friendly and efficient service at a reasonable cost in your place of residence or business. You can also take advantage of our free pick up and delivery service.

If you are considering an upgrade to your computer, a new custom built computer, or have hardware or software questions, please give us a call. We are always happy to help.

Colonial Tree Service

Brian Butler • 877-8591

Brian started with the Forestry Department with Ontario Hydro in 1971. He developed Colonial Tree Service as a part-time business up until 1988. At that time, he felt there was a need for a qualified full-time tree service in the region. Over the past eight years, we have grown to a staff of six highly skilled and well trained people. It is our policy to provide the best possible service at the lowest cost to the consumer.

Colonial Tree Service, having the most up-to-date aerial devices and related equipment are able to tackle any job, small or large. We cater to both commercial and residential tree trimming, dead limbing, cable and bracing, tree and stump removal. We prefer to trim and beautify your trees rather than taking them down.
