

THE GREAT TEA HOUSE, ACTON, SECORD BROS.

We desire most respectfully to extend our warmest thanks to our friends and patrons located in the counties of Halton, Wellington, Peel and elsewhere, for the very liberal not to say extraordinary patronage they have accorded us during the year now fast drawing to a close. Notwithstanding the financial depression which prevailed during the past summer we are happy to say that we have had a most prosperous year's business, and the results are most gratifying to us.

We would also desire to extend our hearty congratulations to our farming friends on the bountiful harvest they have reaped this year, and the good prices derivable for all kinds of crops, and the good prospects before them.

In view of the magnificent crops everywhere harvested this year, and our anticipation of a very large circulation of money, and a consequent increase in our business we have this fall **OUT-DONE ALL OUR PREVIOUS EFFORTS** to supply the people of this part of the county with one of the Largest, Handsomest, Choicest and Most Comprehensive Stocks of Goods in the several lines in which we deal ever brought into this county. It has been our especial aim to place in the hands of our patrons a better article at the price than they could secure elsewhere, and that we have accomplished it, a glance at a few of our prices must convince the most skeptical.

OUR GROCERY DEPARTMENT.

Teas, Teas!

Our stock of Teas is now well known to be one of the largest, choicest, best value, and lowest in price to be found in the country anywhere, towns and cities not excepted.

We have about twenty-seven different kinds of Teas in stock. Space will not permit us quoting them all separately, but we will give a few of our prices, comprising Young and Old Hysons, Gunpowders, Japans, Twankays, Ping Sues, Imperials, Oologs, Congous, Pekoes, &c., at the following prices ranging from 15 cents to 90 cents per pound, 15c., 25c., 30c., 40c., 45c., 50c., 60c., 65c., 70c., 75c., 80c., and 90c. As will be observed we only ask 90c for the very best Tea imported into this country. Our 15c Tea we will candidly state is trash, which we do not recommend; our 25c Tea is worth about 40 cents; our 50c Meteor Tea is well known and acknowledged to be the same tea as is sold everywhere for 75c and 80c per pound; our 90c Tea is the very best tea imported into this country, and is sold everywhere for a dollar and a dollar and ten cents in some places, and there is no better article than this at any price procurable. All our other Teas will be found to correspond with the above.

Sold by the pound and put up in neat tin caddies.

It is a frequent remark of people from the cities, visiting our House, that there is not in either Toronto or Hamilton as large or magnificent an establishment as is presented to the eye on entering our store, and they are astonished to find so handsome an establishment and such an extensive Stock in a country place.

WE HAVE A LARGER STOCK OF GROCERIES, TEAS, ETC., THAN MANY CITY GROCERY HOUSES.

We have as large a Stock of Crockery, China, Glassware, Lamps, etc., as many City Crockery Stores.

WE HAVE HARDWARE, PAINTS, OILS, GLASS, &c., ENOUGH FOR A CITY HARDWARE STORE.

N. B. All our Groceries are kept in handsome Tin Cannisters, and are consequently fresh, pure, and free from vermine and other disagreeable impurities.
