Acton Free Press JOB. H. HACKING EDITOR

THURSDAY MORNING, AUGUST 10, 1876.

The news from the seat of war is very conflicting. One account represents the war as finished and Serbia ready to sue for peace. Others say the insurgents are meeting with success, and that they have Moukatar Pasha in desperate straits at Troligine.

All accounts agree that the Russian Government is making the utmost exertions to spread a feverish feeling among Russians in behalf of Serbia. Russian troops in Bessarabia are constantly receiving reinforcements. Large purchases of arms have been made for Serbia in Berlin, for which Roumania promises liberty of transit through her territory.

A Vienna despatch announces authoritatively that Serbia, despairing of success, has asked the mediation of the great powers. Serbia's attempt to raise a war loan in Russia has failed.

The entire Turkish army in the field, excepting the forces at Sophia, and in Bosnia and Albania, numbers 120,000, with 50 squadrons of cavalry.

PACIFIC RAILWAY.—The Department of Public Works advises for tenders for works required to be done on that section of the Pacific Railway extending from Red River eastward to Rat Portage a distance of about 114 miles. Tenders to be received up to the 20th September. The prospects here that the work on the whole line will now be prosecuted without much further delay.

The spring crops in this vicinity are turning out well, grain of all kinds giving promise of more than an average yield. The dry weather of the past two weeks has been favorable for harvesting operations.

Grasshoppers in Minnesota.—A private letter received a few days ago, by a gentleman in this village, from Sibley county, Minnesota, details a terrible state of things caused by the recent ravages of the grasshoppers. It is stated that for a distance of 250 miles, in an almost straight line, the hoppers swarmed in myriads, and that every green thing in their course was totally destroyed. There appears to be a prospect of another famine in that State.

Base Ball.—The Guelph Maple Leafs have sustained another disastrous defeat at the hands of the London Tecumsehs, the match yesterday being the third of the series this season. The score at the close of the game stood 5 for London against 0 for Guelph. It looks very much as though Guelph will have to give up the championship at the close of the season. One or two matches will decide the matter.

Senator John Robertson, of St. John, died Friday morning in England. He sat in the Legislative Council of New Brunswick from 1857 until the Union, since when he has been a member of the Dominion Senate. Mr. Robertson was largely engaged in trade, and occupied the position of director in several extensive corporations. He was also Consul at St. John for the Uruguay and Argentine Republic.

The Milton News says the grading on the H. & N. W. is progressing very rapidly. Mr. Edington has a fine lot of men and horses, and some of the best of work is being done. Bridging will be commenced immediately.

The prospects for a good crop of hops this year are very discouraging in the neighborhood of Georgetown. The wet winter and spring are attributed as the cause of the blight. The vine will only climb a short distance and then stop, forming a cluster about the poles. The Herald is informed that the lice have made their appearance already. It is feared the crop will be an entire failure.

The burglar who escaped from Brampton jail on Thursday evening, when in the dock, in answer to the judge's question if he had anything to say why the sentence of the Court should not be passed upon him, said, "if it was admitted to Toronto Central Prison."

On Monday afternoon Sergt. McMeney, of Hamilton, arrived at Lynden and arrested Harry Love, said to have in his possession \$13,000 and upwards. His whereabouts was discovered by having his name in the papers for assault and battery on two men at Lynden. He is charged on some serious offences.

ERIN AGRICULTURAL SOCIETY.—The township of Erin Agricultural Society will hold its annual fall exhibition at Erin Village, on Tuesday, 17th day of October.

Archbishop Bourget is gaining in strength though he is not yet pronounced out of danger. 67,483 pounds of wool have been sold on the Guelph market this season.

By the capturing of a rowboat on a pond in Essex county, N. Y., on Sunday ten persons were drowned.

The Dunkin Act by-law will be submitted to a vote of the ratepayers in Grey on the 20th September.

Switzerland exhibits at the Centennial a perfect watch no larger than a silver half-dime, and set in a finger-ring.

One cent per bushel makes a difference of ten million dollars in the value of the annual crops of corn in the United States.

On Friday afternoon a scaffold within the new St. Peter's Cathedral, Montreal, gave way, and three men were instantly killed.

A laborer named Hamel, an old resident of Waterloo, employed by Hoffman, Wegnest & Co., died from sunstroke on Saturday afternoon.

The English revision of the Old Testament has been carried as far as the 17th verse of the 23rd chapter of Ezekiel.

The agricultural and sewing machine works of Joseph Fleury, Aurora, were destroyed by fire Sunday. Loss \$80,000; no insurance.

In the billiard tournament at San Francisco, which concluded on Saturday, Sexton won a game of 600 points from Garnier, French carom by 206 points.

The Waterloo House of Industry and Refuge contains 80 inmates at present, nearly all of whom are likely to remain there while life's lamp holds out to burn.

In Thurlow township on Saturday, at midnight, George Humphreys, of Belleville, shot John Latchford through the heart for removing a box of berries, the property of the homicide.

Jos. Trapp and Arch. Walker, charged by the Guelph tax-collector with refusing to pay the tax or perform their statute labour, were fined \$5 each, with a 25c costs, and obliged to pay the tax, \$2.

Friday an engine on the Port Dover and Lake Huron Railway ran into a passenger coach on the Great Western at the point of intersection of these two roads. One passenger was severely injured, and the rolling stock badly damaged.

The survey of the H. & N. W. North of Georgetown, will be commenced in about two weeks. We believe it is the intention of the Directors to go right ahead with the road until it is completely finished.—News.

A man named Stoddart, said to belong to Stratford, was fined \$30 and costs the other day by Mayor Fleming, of Sarnia, for refusing to pay his fare on the Great Western Railway from Sarnia to Stratford about three weeks since. Conductor Seaver put the man off once, but he succeeded in getting aboard again, and defied the trainman, Constable Begley of the G. W. R., and others scoured him a few days since, and took him to Sarnia. In default of the money he went to jail for 50 days.

A Belleville paper says a low typhoid fever—an unusual disease in horses—has set in among the animals in that district. The symptoms at first are dullness, hanging of the head and lapping of the ears, followed generally by obstinate constipation. Horses attacked by this disease, if not properly looked after, linger but a short time. As a number of fatal cases have already occurred, owners of horses should be cautious with their animals, so that in case the disease should appear, it could receive attention at once.

DISAGREEABLE TOUR.—Two men named James Kyle and Edward Foley made a journey through the main sewers of Toronto on Saturday; they were underground from 10 a.m., until 6 p.m., with a short interval for dinner. The object of the journey was to find a leakage supposed to exist and which they succeeded in discovering. The sewers are in no part of a greater height than three feet, and it was necessary to walk bent nearly double. The same men made a similar inspection 18 years ago. In some places they found two feet of sewerage. At one time it was feared they were lost, and a man with a rope round his waist was sent down in search. They report the system in good condition for the most part.

The number of hostile Indians does not appear to diminish at the approach of arrangements made for their punishment. There are said to be twenty-seven thousand fighting Sioux.

It is rumored in London that Father Hincinthe is about to enter the Church of England. Father Gavazzi, another distinguished ex-Catholic will visit Australia.

Generals Crooks and Merritt have united their forces, and by this time have probably met the Sioux. At all events they started in pursuit on the 4th inst.

Teachers' Examination. The following returns, gleaned from a few local papers, will give some idea of the amount of plucking to which candidates have been subjected at the recent teachers' examination. The full returns will be obtainable as soon as the County Boards have finished their work and sent in their results to the department. Only the 2nd and 3rd class examinations are given, as the results of the 1st class will not be known for some time, as the authorities in Toronto will probably not make a return for several weeks.

In the second class examinations there were two grades, A and B. The conditions of passing in grade A were that the candidate should gain two thirds of all the possible marks in arithmetic and grammar separately and also in three subjects taken together. The grade B was awarded to those who gained one half of the marks in the above subjects.

In Addition there were five candidates for second class, all of whom failed. In the third there were sixty candidates, only 21 of whom passed, the number of marks ranging from 903 to 647.

In Mount 2 out of 22 second class, and 17 out of 76 third class candidates were successful, 9 of the rejected second class candidates being granted third class certificates.

In Dundas all the second class candidates failed, while only 15 out of 31 third class were successful.

East Lambton there were four candidates for first, 14 for second, and 53 for third; only three passing in second B, and 15 in the third class.

In Elgin there were 37 candidates for second class, and 90 for third class certificates. Eleven of the second class were successful in obtaining 2nd grade B. A large number of the unsuccessful applicants were granted an extension of their present third class certificates now expiring, for one year.

In Glengarry all the second class candidates appear to have failed, while out of 56 third class candidates only 31 were successful.

In Halton out of 11 second class and 40 third class candidates, only one of the former and 11 of the latter were successful; the certificates of several were extended.

In the city of Hamilton there were 10 second class candidates, three of whom obtained third class certificates and the rest nothing; out of 63 third class candidates only nine were successful.

In Lanark all the second class candidates failed to take second class certificates, while 53 out of 107 thirds were successful.

In Lennox all the second class candidates failed, and only 21 out of 66 third class were successful.

In Lincoln only four second class and 26 third class certificates were granted.

In London there were one candidate for first, 15 for second, and 27 for third. The 15 second fell down slain by the arithmetic paper, the 27 third class succeeded, and thirds were granted to three of those who failed to get seconds.

In Norfolk there were eight candidates for second class, all of whom were unsuccessful. There were 84 applicants for third, 33 of whom were successful, the marks ranging from 920 to 564. Third class certificates were also granted to four of the unsuccessful candidates for second.

In North Middlesex there were 12 candidates for second, and 75 for third, the result being one second class B, and 37 third class.

In Ontario, 3 out of 32 second class, and 48 out of 118 third class candidates were successful.

In Oxford, out of 11 second class candidates one received a second class certificate, and two others received thirds; of 68 third class candidates, 37 were successful.

Elora Burglaries. On Wednesday night of last week, a gang of burglars entered the office of the Elora Agricultural Works Company, removing the safe door by powder and sledge hammers, but fortunately nothing was in it but papers and books.

The villains left and broke into the office of Grant and Co.'s woollen mill, searched the place, and got fourteen cents in copper. They left this and proceeded to Carter & Co.'s office, gained entrance through the window, but seeing nothing but a large safe began operations on it, but only succeeded in removing the hinges and damaging it considerably. Then they entered the back door of the shop of Mr. C. D. Perry, druggist, but left without doing much damage there. They proceeded to Saleh and entered the store of J. R. Wisler, and got half a dozen silk handkerchiefs and some socks, this being the sole reward for their many attempts, and, no doubt, hard work.

Escape from Brampton Jail after being sentenced to Penitentiary. John Malloy, sneak-thief, committed for trial before the magistrates in Brampton on Tuesday of last week, for the theft of silver spoons and forks from Dr. Pattullo's house on the previous morning, was summarily tried before Judge Scott on Wednesday, and sentenced to three years in Kingston Penitentiary. He was to have been conveyed there last Friday morning.

On Thursday afternoon, however, instead of being locked in his cell for safekeeping, the gaoler had him employed in cutting wood from the gaol yard into the kitchen. He seems to have been left pretty much to himself, for he managed to tear his blanket and shirt into ropes, then raised a plank from the platform of the well, split it in two and spiked them together with the spikes thus made, adding two short poles that had been left in the yard in such a manner as to make a step at each spike. By setting the pole against the wall he easily reached the top, eighteen feet, jumped out and leisurely walked away. This was about 6 p.m., and he has not yet been caught, although \$50 has been offered for his apprehension.

Burglary in Preston. Sometime between five o'clock on Saturday evening and six o'clock on Monday morning the Boot and Shoe Factory of W. D. H. Brown & Co., was broken into. The entrance was effected through one of the back windows, when the back door of the stock room was burst open with a small crowbar or chisel, the bolt of the lock being broken into two pieces. The office door was then burst open, which seems from all appearances to have been a hard job to do, and the burglars were rewarded by securing the sum of fifteen cents which was in a drawer with some postage stamps. They attempted to open the safe but failed. Had they succeeded in their purpose, they would have been badly disappointed, as the bookkeeper had fastened all the money up before leaving on Saturday evening. However they got several pairs of boots, but how many we are not able to find out. It would seem as if they were very particular about getting a fit, as quite a number of boots were strewn about the floor in different places, which the bookkeeper had fastened with the (all large sizes.) Everything goes to show that they were after money, for they did not even take a few dollars worth of postage stamps that were in the drawer with the fifteen cents.

Grasshoppers. A despatch from St. Paul, Minnesota, says: The damage done by the grasshoppers on the north-western, western, and south-western borders of the state is incalculable, but the amount of crops destroyed so far is inconsiderable, counted as a whole, although hundreds of industrious, hard-working settlers have lost their all and are unable to live upon. The Pioneer Press concluded an editorial article on the subject with saying that "a great part of the region west of and including Jackson County to Eastern Dakota and south through Western Iowa, is covered with devouring hosts, and our reports indicate that the entire crops are being swept away, and that many of the discouraged settlers are temporarily leaving. We report the sad fact as a matter of news which it would be useless folly to attempt to conceal, for it might well be understood now, that the North-western States have to fight these grasshoppers to death and get rid of them at any cost, or they will make a desert of the whole region west of Lake Michigan before many years.

A WOULD BE MURDERER.—John Swallow, a saddler, living in Norway, a small village about five miles from Toronto, on Saturday, shot his wife three times with a revolver, once in the head, once in the arm, and in the hand. The woman succeeded in getting the weapon from him and he then knocked her down with a flat iron, continuing to strike her while on the floor, until some neighbors hearing the row, went to the rescue. The ball was extracted from her skull, and Mrs. Swallow may recover. Jealousy was the cause.

DESPERADOES IN WINDSOR. During Flight with Three Determined Burglars. SEVERAL SHOTS EXCHANGED. The Trio Captured after a Long Chase.

WINDSOR, Aug. 7.—This morning between seven and eight o'clock, Robert Webb, John Morgan, and William Switzer drove up, in a buggy hired at a livery stable, to the banking office of Y. W. Holton, near the post office. Webb and one of his companions entered the bank, the other remaining in the buggy. Webb went behind the counter;

DREW A REVOLVER ON YOUNG HOLTON, and ordered him to "show up." Holton refused to do so, and threw up his arm and knocked the revolver up. At the same moment Webb fired, the ball striking in the wall above Holton's head. Holton shouted murder, and a crowd rushed in the direction of the office. The men then sprang into the buggy and started off, but the crowd was so great the horse refused to go after they had gone about a block from the office. The robbers then jumped from the buggy. Webb at the same time FIRED AT DAVID MCGREGG, who had hold of their horse. They then ran down Pitt street and back to the Street Railway towards Sandwich, but had only gone a few blocks when they sprang into T. C. Sutton's garden, and sought to hide themselves in the grass. Switzer did not remain long there, but jumped out of the garden again and went on down the Street Railway, pursued by Joseph McKeand and Edwin Bennett closely.

WEBB FIRED AT THEM EVERY TIME they closed in upon him. McKeand at the same time fired several shots at the fugitive. After they had gone a half mile farther, Mr. Bennett mounted a horse and rode past Switzer; then dismounting, he attempted to close in on Switzer, when SWITZER AGAIN FIRED AT HIM. But Bennett succeeded in getting hold of him, and in another moment had him help and overpowered him. In the meantime Chief of Police Bains and a number of citizens had arrested Webb and Morgan in Mr. Sutton's garden, one having thrown away his revolver and the other a slung shot.

ALL HAND CAPSED. Webb, Morgan and Switzer, twenty-three years of age, and was born and raised in London, Ont., where he had left a short time ago, as the police wanted him for burglary. Chief Wignore was here last night in pursuit of him. Morgan is from Brooklyn, N. Y., but for a year has resided in Detroit. He is a plumber and had to leave Detroit to avoid arrest. Recently Switzer has resided in Windsor, where the authorities of Detroit desire his services at the House of Correction. They had a

FULL SET OF BURGLAR'S TOOLS of the most modern design in the city. Their trial is set down for Friday next, and guaranteed.

LONDON, August 7.—One of the young men arrested at Windsor this morning on a charge of burglary is Robert Webb, of this city, who has been wanted here over a year past on a charge of wilfully shooting a companion with a pistol. Chief of Police Wignore being in Windsor, identified Webb as one of the gang arrested.

Monday morning, the Globe's special newspaper train left Toronto at five o'clock, and arrived at London at ten, delivering parcels at all stations, and communicating with the Loop, Great Western, and Southern morning trains going west, by the Hamilton and North-Western line. The Mail having offered to take part in the novel and costly enterprise on equal terms, the proposition was accepted.

ACTON MARKETS. Flour Wheat ... \$2 00 to 2 30 White Wheat ... 0 96 to 1 00 Treadwell ... 0 96 to 1 08 Spring Wheat ... 0 90 to 1 00 Barley ... 0 00 to 0 00 Oats ... 0 30 to 0 32 Peas ... 0 00 to 0 00 Potatoes per bag ... 0 15 to 0 16 Eggs ... 0 11 to 0 00 Hys, per ton ... 8 00 to 0 30 Bacon ... 0 11 to 0 00 Ham ... 0 12 to 0 14 Shoulder ... 0 10 to 0 12

WARD.—To all suffering from the torrid and insupportable heat of the season, early decay, loss of manhood, etc., I will send a recipe that will cure you. PRICE OF CHARGE. This great amount is ready to be sent by a voluntary in South America. Send a self-addressed envelope to the Rev. Joseph T. Cope, Station B, Bible House, New York City.

EPH'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctor's bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating about us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame.—Civil Service Gazette. Sold only in packets labeled—'JAMES EPPS & Co., Homoeopathic Chemist, 48, Threadneedle Street, and 170, Piccadilly, London.'

NEW ADVERTISEMENTS. PIGS STRAYED OR STOLEN From the premises of the subscriber, on the 23rd ult., two spring pigs, one white, and the other white and black. Information respecting them is requested. EDWARD MOORE. Acton, August 2nd, 1876.

HORSE WANTED. Good Working and Driving Horse wanted in exchange for Shingles. J. B. COATES. Acton, Aug 2nd, 1876. *5-4t

FARM for Sale in Eramosa.
