A verdict of manslaughter has been returned at the London Assizes against Grant, who shot his grandson at Dorchester. In the Kent-Howie homicide case the Grand Jury returned "no bill." EASTERN QUESTION. On the Eve of a War.

A GLOOMY FEELING IN FINANCIAL CIRCLES.

LONDON, Oct. 17.—The Pall Mall Gazette in a leading article contends that Russia is at present actually at war with Turkey, and that any further efforts at diplomacy are useless.

The correspondent of the Times at Belgrade, discussing the situation here believes we are on the eve of a great Eastern war. The only difference of opinion among them is as to whether it will commence in the spring, or almost immediately.

All outward indications seem to favor the latter idea, which would give Russia and Serbia great advantage. Strange rumors are current concerning the intended action of Austria. On Sunday anti-official intelligence reached Belgrade that the Emperor of Austria had informed the Czar that Austria would remain neutral, and would make no objection to a certain limitation of one of the Christian Provinces of Turkey.

The St. Petersburg Journal, a semi-official paper, says: There are indications that the people of Constantinople regard war as unavoidable, and welcome Russia's decision to finish the matter without delay.

The meeting of Russian statesmen at Lavantia indicates a crisis in our politics. This meeting represents official Russia assembled in view of the Bosphorus and the strait of war.

A St. Petersburg letter to the Times, dated Oct. 11, says: "Doubtless the general impression here is that Russia is on the eve of the long-wished for struggle with Turkey."

A special to the Times from Vienna states that the English and French Governments, especially the former, have decidedly pronounced for the acceptance of the six months' armistice. Austria is inclined to do so likewise, and has asked Germany's opinion, which, however, has not yet been given.

Italy, on being pressed by England to give a definite reply, says it does not want in any way to anticipate Serbia's decision, as it regards an armistice as disadvantageous to Serbia.

A Reuter telegram from Bucharest announces that a convention has been concluded between the Roumanian and Russian railway companies, by which the former undertake to hold in readiness at the disposal of Russia sufficient trains to transport four thousand troops daily.

A despatch from Vienna to the Reuter Telegram Company says it is believed in well informed circles here that an alliance between Austria and Russia is on the point of being concluded, according to which Russia in the event of Turkey's refusing a short armistice, would enter on military intervention, while Austria would remain neutral.

The Times, in a leading article, points out that peace or war depends on a prompt reply by the Porte to Russia's demand for a six weeks' armistice.

The Times repeats its arguments in favour of the Powers urging Turkey to accept Russia's demand. A Reuter telegram from Vienna reports that the Austria Government has not approved of the Porte's proposal for a long armistice.

On the contrary it is understood that Count Andrassy will support the steps taken by Russia in favour of a shorter armistice, and will second Russia's action in harmony with the alliance.

A Reuter Berlin telegram states that Russia's telegraphic dispatch rejecting the Porte's proposal is dated Oct. 14, and is as follows: "We regard a six months' armistice as unnecessary and unfavorable to the conclusion of the durable peace which we desire. We are not in a position to exercise upon Serbia and Montenegro pressure to obtain their consent to such a prolongation of their uncertain and difficult position. We consider that the financial and commercial condition of Europe, which is already unbearable, would suffer still more by such a postponement. We must insist on an armistice of four or six weeks, with provisions that it be further prolonged should the progress of negotiations render it necessary."

LONDON, Oct. 18.—The Standard's special despatch from Vienna announces that a Russian courier has just arrived with a second letter from the Czar to the Emperor of Austria.

Two Guelph Men Killed on their way to Philadelphia.

The sad intelligence was received in Guelph on Monday that two well known residents of that town had been killed while on their way to the Philadelphia exhibition. Their names were Robt. W. Robertson, son of Adam Robertson, Esq., and Newton Cossitt, son of Mr. Levi Cossitt, the former aged about twenty-five years and the latter about seventeen years. It appears from the telegraphic despatches received that the young men were going from one car to another, just as the train was passing a sharp curve at a rapid rate, and a sudden jerk of the cars threw them off the platform, alighting on their heads; Young Cossitt was killed instantly and Robertson died in a few hours. The bodies were taken to Guelph yesterday and buried by the St. Andrews and Caledonian societies of which they were both highly esteemed members.

Fatal Runaway Accident in Erin.

On Sunday evening about 9 o'clock, a son of the Rev. H. Reid, named Milton, with his father, mother, and sister, was driving a span of young horses attached to a wagon, and they gave Mr. and Mrs. R. Scott a ride with them. When nearing the home of Mr. Scott, on the 8th line, the young lad that was driving, on looking over the dashboard to see if anything was wrong, the horses gave a sudden start and pitched him off, injuring him very badly. The animals becoming frightened dashed off, upsetting the wagon and throwing all the occupants out. Mr. Scott was instantly killed, the fall it is thought breaking his neck. Mr. Scott received some bad cuts, Miss Reid had an arm broken, Mrs. Reid a shoulder dislocated, and the rev. gentleman was severely shaken. The horses continued running until they reached home. The son of Mr. Reid, who was almost uninjured, secured help and the injured ones were cared for, while the body of Mr. Scott was taken to his late home which was only a short distance off. The sad event has cast quite a gloom over the neighborhood and much sympathy is felt for the bereaved ones.—Mercury.

Quite a sensation occurred in two family circles in Hamilton, on Saturday last, between two married men named Burke and Krudson, who resided in the same house. The former is a brakeman on the G. W. R., and of course had occasion to be from home a good deal. He was returned in the evening he learnt that his wife had doped with Krudson, taking with them the youngest and eldest children, and one hundred dollars in money.

The old man Thomas Grant, convicted of manslaughter in shooting his grandson in the Township of Dorchester, has been sentenced to five years' imprisonment in the Penitentiary. He is a very old and feeble man, and looks as if he could not long survive.

On Friday morning a man, who gave his name as John Hyde, was found lying near a whiskey barrel in Mr. Allan's distillery, Guelph. The man in which he had been found had not been opened since the Saturday before, and as there were no signs of a forcible entrance having been made, he must have been in there since that date, subsisting on whiskey, which he managed to secure from a tap in the barrel. He was in such a helpless condition that he had to be conveyed to the police court in a cab, where he was sentenced to twenty-one days imprisonment. He was badly in want of medical treatment, which he received at the hands of the goal surgeon.
