THURSDAY MORNING, JULY 5, 1877.

-We understand the various speeches of the Premier, which are

all connected one with the other, will probably be republished in pumphlet form.

route on the Grand Trunk. -Great preparations for the

Kinnettles pienic are in pregress at Fergus. Trains will be run at COVERED WITH LAKES OF WATER, half fares from the country around and these having disappeared have Kincardine and Southampton, and left land of exceeding richness. a large influx of visitors is expect. He states, on good anthority, that wright, Huntington, and Mills, be- he writes, that twenty crops of sides a number of members of wheat have been taken in succes-Parliament, and others.

-Crop reports from the Western States are more encouraging. A reliable Chicago authority gives the following observations on the outlook at the end of last week :-"The past week has been one of great anxiety to the farmers of Illinois. The wet weather was continued so long that the cultivation of the corn has been retarded. The ground, however, is clean and corn keeps growing and farmers are hopeful. The spring wheat and oats are yet all right. Harvest bas commenced in all the winter wheat

portant. The London correspond being poor. dent of the Scotsman telegraphs: "It is understood that the wise counsels of the Marquis of Salisbury, Earl of Carnarvon, Mr. Cross, and others, have at last triumphed over the party of action, and that generally driven singly, in carts, the Sultan bes now little chance of | and often one man will have charge material aid from England." The of from half a dozen to a dozen, Britain should not at the same time send a land force of 20,000 men. A Berlin special asserts that a general understanding with regard to itoba, not to be misled by any false and English Governments.

—As matters appear at present in Montreal, there is likely to be a brush on the Twelfth between the Crangemen and members of the Irish Catholic Union. This Irish
