1878. Weekly Globe.

The success that has attended the publication of THE WEEKLY GLOBE in the year now fast drawing to a close, has far exceeded that of any other year since the establishment of the paper. Notwithstanding the serious depression and financial stringency existing all over the American continent, its circulation has been maintained throughout the year at an average issue each week of 75,000 copies—a circulation which has never been approached by any other paper, of its class, in the world.

Beautiful and Copious Illustrations, of the very best and most interesting matter relating to agriculture, will be a leading feature in the coming year, and no pains or expense will be spared to make THE WEEKLY GLOBE the best illustrated weekly publication on this continent.

The Biographical Notices of Public Men and the Sketches of Canadian Towns, Buildings, and Natural Scenery have met with such a general welcome from the readers of THE WEEKLY GLOBE that they will be continued during the coming year.

Agriculture, as the leading industry of the country, and the first source of our National prosperity, will receive, as heretofore, earnest and constant attention.

Ecclesiastical Intelligence, Science Notes, and Educational Affairs will each have prominent and careful attention.

The Answers to Correspondents, on every variety of subjects, which have proved so valuable and interesting to readers of the paper, will be kept up with increased vigour.

The Literary and Ladies' Department, under the care of specially competent editors, will be fresh and racy.

News from all parts of the world up to the latest moment of publication—Parliamentary Debates, Federal and Provincial—market and Financial Reports at home and abroad—and Letters of Special Correspondents from all points of interest—will be gathered with all the care and energy that has lifted THE GLOBE to the front rank of Canadian Journals for thirty-five years past.

The annual subscription to THE WEEKLY GLOBE will remain as heretofore, only TWO DOLLARS PER ANNUM, post FREE OF POSTAGE to all parts of Canada and the United States, payable invariably in advance.

AGENTS WANTED. SEND FOR TERMS.

THE WEEKLY GLOBE will be sent free of postage to any Post-office in Great Britain for $2.20—or nine shillings sterling.

Remittances may be sent by P. O. money order, bank draft, registered letter, or by express, at our risk.

Orders and Remittances to be addressed to the

Ayer's Hair Vigor

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the Hair. *It soon restores faded or gray hair to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so unsightly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit, but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

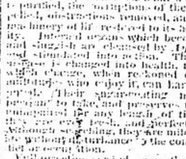
Ayer's Cathartic Pills,



For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral of any kind. Their sugar coating preserves them in any climate, and renders them pleasant to take, and prevents their virtue from being lost by age or time, so that they are ever fresh, and perfectly reliable and efficacious. Being very mild, and operating without disturbance to the constitution or diet, or exposure.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, or for the following complaints, which these Pills readily cure:—

For **Dyspepsia** or **Indigestion, Listlessness, Languor,** and **Loss of Appetite,** they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice** or **Green Sickness, Bilious Colic** and **Bilious Fevers,** they should be judiciously taken for each case, to correct the diseased action, or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa,** but one dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back,** and **Loins,** they should be continuously taken, as required, to change the diseased action of the system. With such change these complaints disappear.

For **Dropsy** and **Dropsical Swellings,** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression,** a large dose should be taken, as it produces the desired effect by sympathy.

As a **Dinner Pill,** take one or two Pills to promote digestion, and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.
