**EDITORIAL.**  
**Geo. Hynds' Stock.**  
We would call attention to Mr. Geo. Hynds' large advertisement on this page. All our readers should take note of all the articles mentioned therein, and then call and examine the goods.  
Having personally examined the stock we are in a position to recommend it to our readers as the best that has ever been brought into Acton. As Mr. Hynds does not purchase from one house alone—but from several of the leading houses in both Toronto, Montreal and Hamilton; he is thus enabled to present to his purchasers a better selected and more extensive stock than has ever before been brought into this village.  
We would call particular attention to his extensive and well assorted stock of Triple and Quadruple Silver Plated Ware—the best in town—consisting of Cruets, Butter Coolers, Pickle Stands, Napkin Rings, &c., &c., also his large and beautiful stock of Christmas and New Year's goods, consisting of handsome Vases, in many styles, Albums, Christmas and New Year's Cards, Toilet Sets, Ink Stands, Shell Goods, Card cases, &c. His Jewellery Department is as usual well filled with the best goods, in the newest and most beautiful designs of English and American Work.  
We congratulate Mr. Hynds on his good taste and judgment displayed by him in the selection of his goods, which we then take great pleasure in recommending to our readers.
