TONY AND COTAPITA	
TUESDAY MORNING APRIL 24, 1878.	
QUELPH is a city now.	
HORSE PAINTERS are busy.	
Doct. is taking the place of the mud.	
SEVERAL traps were in town this week.	
THE EARLY vegetable is now in order.	
ROBINS are mating and building their nests.	
A LITTLE back yard cleaning goes a long way these days.	
STYLIC W. Hill's poetic advertisement in this issue.	
THESE fine mornings it is healthy to get up early and go for a stroll.	
HERE IT IS—the 24th of April, and very little ploughing done yet.	
Locals are scarce this week; and we have had time to manufacture any.	
PITCHFORK found. It is at this office, and may be had by proving property, etc.	
THESE PUPPIES about four months old are in short numbers these days.	
JUST HIRE UP YOUR SPANNER WRENDS so they may be ready if you decide to make garden this summer.	
A LARGER quantity of seed, barley, etc., for croquet, ice cream, tall, boat, black, soda-water, halibut, carrots, picnics, and sunflowers, &c., are at hand.	
LAST SATURDAY was said to have been the most beautiful day this summer, and large numbers were pronouncing during the day.	
MENSON, Johnson & McGregor, two founders, Milton, and Messrs. Green & Calder, seed merchants, Milton, have recently dissolved partnership.	
REV. D. B. CAMPOS will preach an anniversary service at Acton Lodge, L. O. E., in the Presbyterian church, on Sabbath evening next. All are invited.	
WE LEARN that a "gang" of workmen are again after a large lap of several years, but are back on the Credit Valley Railway in this country. Work is briskly going on in the neighbourhood of Campbellville.	
—A TENNIS will shortly have to select your tennis balls, etc., as will be in order at an early day, when spring approaches, it will be "in a hurry." Those merchants who advertise their seeds in the paper to patronize, because it shows they are not afraid of their seeds.	
Acton's first walking match came off last Saturday evening. A large number of a local crew, in front of the father of a young lady, who resided there. The old man walked with a squared-vee movement, and wore No. 10 boots. The young man wore a red and powdered uniform of disengaged No. 11.	
—THE CITY PRESS is the name of a small newspaper published in Guelph. It is neat and the matter is very attractive. It is well worth reading.	
Besides advertisements, there is a good selection of reading matter, which local news are got up from the best sources. The circulation amounts to 1000 copies. Kelly & Griff, successors to J. H. Hacking, are the publishers.	
—BUSINESSES in Campbellville is looking business-like. The men engaged are working on Credit Valley Railway. At present there are about 150 men at that place, and more are arriving every day. Nearly every house in the village has been turned into a boarding house, and the stores are kept busy supplying their wants. The railroad is being built as speedily as possible, but it is expected that Campbellville will be fully served in a week.	
—OUR SPRING post is stirring up, to the gushing pitch by the gentle, lovely spring air, and unbosom'd himself in the soil, to the great delight of all.	
In the Spring long ago;	
And our man he can't bosome,	
Or pond many more,	
For we can swing on the old gate!	
And hear your pipe more.	
—WORMS Poison Case.	
On Tuesday of last week, Nicholas Armon, jeweller of Georgetown, was poisoned by taking an overdose of Chloral Hydrate, which he had in the habit of taking to induce sleep. Great excitement was created as soon as the news got abroad, that he had poisoned himself. He ceased to have further spirits for some time, on account of a disease which gave him some annoyance—Dyspepsia. About seven o'clock on Wednesday morning he was called in, but, though he was in no condition to be present.	
—THE FOLLOWING applications for police license for the township of Elora were granted at the meeting of Commissioners, at Elora, on Wednesday last: John Clark, James Crozier, Thor Garvin, of Elora Village; Frank T. Gale, John Kirk, Wm. J. Dyer, of Galtburg; Charles Hartman, of Galtburg; D. Ferrel, Wm. Willis, of Elora; Mrs. Margaret Fielding, of Spring.	
—STREETS AND SIDEWALKS.—There is a subject that must very soon engage the attention of our town fathers, that is to be seen in the fact that the fair and broad view of the condition of expending money on streets and sidewalks and carrying it out faithfully. It is needless to conceal the fact that it's feeling generally that the past few years a large portion of the town money has been expended on Mill and Main street, and on the sidewalks and streets, and have been neglected. The street sidewalk committee should take a thorough survey of the town and then agree on what work is necessary to be done on the streets and sidewalks. By taking this course they cannot fail to see that those who entered, or who left the town last, did so in a safe and comfortable way to the railway station. True, on Brockbank street a sidewalk is badly needed between Bowery Avenue to Church street, least, as the citizens of that part of the town are for the benefit of the Congregational church, a sidewalk should be built along Elgin from Church to Mill street; and a sidewalk is required on Willow street from Mill to Church. There are other improvements necessary on our streets and sidewalks, but require a larger amount of money than the former, and we hope that the committees on streets and sidewalks will take action on the matter at once.	
—TURNIP, CARROT,	
MANGOLD, RAPE, BEET,	
AND A VARIETY OF VEGETABLES.
