**MANHOOD**  
HOW LOST, HOW RESTORED.  
WE have recently published a new edition of Dr. Oliver's Celebrated Essay on the MEDICAL and PERMANENT CURE of Nervous Debility, Impotency, and other ailments resulting from excess.

Price, in a seal envelope, only six cents, or two postage stamps, by mail, from the Celebrated author, from thirty years' successful practice, that alarming condition, the dangerous and fatal disease, the danger of self-medication, the application of the knife, pointing out a mode of cure, at once simple, certain and safe, and that the condition may be cured himself, cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man of the day.

The Oliverwell Medical Co.,  
270 West Broadway, New York.

**THE design of the above institution, and the work it is most successfully accomplishing, is shown in the great success of its graduates throughout the country, in its preparation of young and middle aged men for the study of the Law, the study of the English and French languages, the study of the Penmanship, Arithmetic, Correspondence, Grammar and Spelling, and the study of the various branches of the business of the day.**

**GRADUATES OF THE COLLEGE** who have four months course and taken their diploma, are each well stepping into good positions, in which, owing to the completeness of their knowledge they specify instant promotion.

Among our students are those who have been through the grammar schools and universities, as well as those whose education in early life has been neglected. The former are enabled to receive a practical education, such as is needed in every day life, the latter remedy past neglect, and all to secure that knowledge which will help them to success in the world.

The College Journal, containing full particulars and specimen of penmanship are sent on application.
