—WE ARE informed that the Acton Brass Band intends to have a grand concert in the Drill Shed on the evening of Queen's Birthday.

—THE FISHING is said to be opening splendidly, and now the man who is too tired to work will have something to do three or four hours a day at least.

—THE POPULATION of the city of Guelph at the present time is 10,072, which is an increase of 154 during the past year. The total assessment of the city amounts to $2,825,570.

—IT DOESN'T seem possible, but in a few days the will pin a nice little apple-blossom in your button-hole, and you will be unable to tell for the life of you which blush you most admire.

—GREAT bargains in new Spring Goods—Our Dress Goods unsurpassed. Our Millinery, nothing to beat it in Canada. In our Ordered Clothing we are ahead of any season yet—all goods sold at popular prices, to suit the hard times. McLeod, Anderson & Co.

BASE BALL.—The time for ball and bat has again come around, but the good old game looks pretty dead in Acton. We don't see why Acton should drop behind in this delightful sport, for it has the material and with a little practice could turn out a first-class nine.

—WE ARE informed that school boys in going to and coming from school are in the habit of throwing stones, &c., at the people who happen to be on the street, as well as houses, etc, often injuring people, and breaking windows in the houses. It is time the grievance is stopped, and should the boys not do so voluntarily, the village constable will take steps to stop it.

—THE STONE hotel, situated on the corner of Mill and Main streets was sold by public auction on Saturday, by Wm. Hemstreet, to Mr. Jas. Campbell, of Acton, for the handsome sum of $3,550. This is considered a good figure, and we have been informed is the highest price that has been paid for property in this village for many years. The upset price for this property was only $2,200.

Indian Outrage.

Many of our villagers will remember Samuel O'Neil who made his home in Acton during the past winter, but several weeks ago he emigrated, to take up land in Minnesota. A few days ago his brother received a letter from Marton Sullivan, who says he and O'Neil were attacked by six Redleg Indians, and after a desperate struggle they had almost mastered the Indians, and Sullivan had made good his escape, when one struck O'Neil on the head with a club, rendering him unconscious, in which condition he was captured and bound, hand and foot. When Sullivan wrote he did not know whether O'Neil had been killed or not, but he promised further particulars in a few days. Mr. O'Neil has lived in the neighborhood of Sayers' Nassagaweya mills for many years, and is well known throughout that township.

—RAH for Hanlan.

—ARE you a walkist?

—WHAT about the base ball club?

—A LITTLE fire is of great advantage yet.

—FRESH EGGS wanted at Alex. Secord's.

—WALKERS continue their exercises these evenings.

—THE latest styles in stiff felt Hats at Fyfe & McNab's.

—THE rollicking musquito is mapping out his summer campaign.

—NOTHING to surpass those ten dollar suits at Fyfe & McNab's.

—THE prevailing street talk on Monday was Hanlan, Hawdon, and the boat race.

—THERE will be another five mile "go as you please" walking match on Saturday evening.

—OWING to a train leaving the track near Georgetown, on Saturday morning last, the mail was several hours behind time.

—NOW is the time to cut a sprig from a lilac bush and plant it in a bottle of warm water, if you want to enjoy the blossom before they will appear in the natural order.

—WE ARE indebted to Dr. Robertson for a copy of the Elector's Guide for 1879, and also a pamphlet which answers the Opposition campaign sheet which was issued on March 26th.

—M. M. E. DEMOREST's patterns in all the latest styles—Catalogues, Portfolios and what to wear—they are the best and most reliable patterns on this continent. McLeod, Anderson & Co.

REMOVED.—Wm. Leith has removed his tinshop from Main street to the shop in Mrs. Secord's block formerly used a barber shop. A workshop has been built in the rear, and the whole place makes an admirable tinshop.

APOLOGY.—In our report of the recent entertainment in the Methodist church we omitted to state that Mr. J. C. Hill, on the violin, accompanied by Mr. C. W. Hill, on the organ, were heartily encored. The omission was due to an oversight.

—THE QUARTERLY Board of the Acton circuit of the Methodist church of Canada have invited the Rev. R. Hobbs to continue another year on the circuit. It is not yet known, however, whether he will remain or not, as it is subject to the stationing committee of the conference.

—PROF. Fenwick of the British North American College, of Montreal, will lecture in the Congregational Church, Acton, on Tuesday evening next, 13th inst., at 7:30 o'clock. All are invited to attend. A collection in aid of the College Fund will be be taken up at the close of the lecture.

GOLD FISH.—Mr. G. Hynds, has placed in his window a globe containing two gold fish, besides several other specimens of the finny tribe. The fish are attractive, and a person seldom gets tired looking at them, as they take such a variety of different colors. They have been in the centre of attraction since Tuesday morning, when they were placed in the window.

HIGH SCHOOL ENTRANCE EXAMINATION.—An examination of pupils for admission to the Oakville High School will be held (D.V.) on Tuesday, the 8th, and Wednesday, the 9th July, 1879, at 9 a.m. Candidates should notify the Head Master, W. J. Wellwood, Esq., Oakville, P. O., not later than the 24th of May, of their intention to present themselves for examination.

—THE LATEST "swindle" has occurred in Stanstead, Que. A man has sold ten cent packages, "warranted sure death to potatoe bugs, no risk of poisoning animals as with Paris green!" The packages were not to be opened until time to use them. One victim having three, opened one, and found two square blocks of wood, on one of which was written, "Place the bug on this block and press firmly with the other."

—THE VILLAGE Constable has received an anonymous letter from a citizen informing him that now since he has become a civic officer and can wear a watch in his pocket he can charge 25 cents for cleaning the snow off the sidewalk opposite the writer's residence. The constable has told us that he only charged his just due, and has further informed us that every citizen who does not see fit to clean up the rubbish opposite his premises he will not only have to pay the costs of cleaning up, but a fine, as provided in By-law six, for not doing so.

Almost Another Fire.

We have been called upon several times of late to say something about some fire which almost destroyed some building in the Village, and now we have to chronicle another such mishap. On Friday last it was discovered that Mr. Jarvis' residence, near the G.T.R. station was on fire. The fire originated with a defective chimney. After hard labor on the part of the citizens who were at the fire it was extinguished. The damage will not amount to very much. Insured in the Victoria.

ACCIDENT ON THE G. T. R.—At 8:40 on Friday evening a freight train met with an accident two miles west of Georgetown. By the breaking of a car wheel, five cars were thrown off the track and turned over. As the train was going down grade at the time the damage to the cars and track was great. None of the train hands were injured. The midnight express from Toronto did not reach here at all. The passengers, &c., were transhipped to the express from the west and that train reached here five hours late.

—JAMES COLEMAN, of Acton, Ont., is a farmer who began business as a storekeeper last November, under the common delusion among his class that the way of the country merchant is strewn, if not with natural flowers, at least with artificial garlands. He should now take a lecturing tour in the rural districts, giving the results of his experience. His liabilities are $5,000; assets about $2,500, consisting of McNair's insolvent stock of goods and the remains of Symon's old stock. His real property is mortgaged nearly to the full amount of its value.—*Journal of Commerce.*

"HURRAH FOR HANLAN."—This was the expression which was constantly greeting our ears on Monday. Almost everybody seemed excited, and everybody seemed glad to know that Hanlan had won the race. The news arrived about 9:30 a. m., that Hanlan had won as he liked, he having literally rowed away from his opponent and won by six lengths. All over the continent the excitement was great, and now Hanlan is recognized not only as a Canadian, but as an American. Hanlan is now matched against Elliott, the English champion, to row on the Tyne course, on the 16th June next, for £200, the championship of England, and the *Sportsman's* challenge cup.

ALLEGED FORGERY.—At the instance of R. R. Gage, Singer sewing machine agent of Guelph, Thos. Readhead, of Halton, was arrested by Chief Constable Lytch, on a charge of having forged a document, which might be read as a certificate of ownership of land, for the purpose of obtaining credit with intent to defraud. The document was attached to a note received for a sewing machine, which had been sold by prisoner while acting as agent for the informant. The prisoner was brought before the Magistrate last Thursday morning, and was remanded for one week. Bail was fixed at $1,600—The prisoner in half the amount and two sureties $400 each.

—AND this is May!

—J. C. Hill for first class Tinware.

—FRESH Butter wanted at Alex. Secords.

—GARDENS now present quite a busy appearance.

—QUITE a crowd in town to-day, attending the fair.

—THE house fly is reappearing in his wonted haunts.

—THIS may be May weather but the May bees can't see it.

—A large stock of Stoves and Tinware at J. C. Hill's.

—POTATOES, Onions and Top Onions wanted at Alex. Secord's.

—HOUSE-CLEANING is what most of the women in town are busy at just now.

—A NUMBER of horse chestnut trees have been planted in the Methodist church grounds.

—EXTRA INDUCEMENT.—All parties buying a dress or material for Mantles will get one of M. M. E. Demorest's celebrated patterns, if required, gratis. McLeod, Anderson & Co.

—FISHERMEN securing any extraordinary luck will leave news at this office—together with a sample, not necessarily for publication (the sample, we mean) but as a guarantee of good fish.

—ON MONDAY night some miscreants tore down J. E. McGarvin's large cloth sign which he had displayed on the driving shed at Bennett's hotel. He offers a reward of $10 by advertisement in this issue.

—THE TRUSTEES of the Ebenezer C. M. church, Nassagaweya, intend enlarging it somewhat during the summer. Tenders addressed to John Canuto will be received up to the 12th of May. Specifications may be seen at his residence.

—MR. W. E. ADAMS has started a pump factory in Acton. The shop is situated on Frederick street, opposite Dr. Lowry's residence. Those who have any work to do in this line will find it to their advantage to give Mr. Adams a call.

—MR. GEO. HYNDS has leased the new brick store and dwelling which R. T. Galloway erected last year, where he will remove his jewellery business in a few days. The store is just the thing for a jeweller, and we think Mr. Hynds has made a good move.

—MESSRS. Clark & Matthews new ice cream parlor and fruit bazaar has been refitted up in an exquisite style. The painting, which was done by H. E. Grinlinton, is worthy of especial commendation, and is admired by all who see it. The store will be opened on Saturday next. See adv.

—A SUBSCRIPTION has been taken up and it is expected that a grand celebration will take place in Acton on Queen's Birthday. The principal attraction will be running, jumping, walking match, &c. See the posters in a day or so.

—THE *Canadian Prohibitionist*, the leading authority on Temperance affairs of Canada, reached us last week in a new garb, and much enlarged. Its staff of editors, as well as the contributors, are competent, and are especially suited to the working of a temperance paper. The subscription price is only $1.00 per annum. Address, 12 Victoria St., Toronto.

OFF TO MANITOBA.—Yesterday afternoon Messrs. Arthur and Angus Cameron, of this Village, and Mr. Peter Robinson, of Speyside, left by the G. T. R. for Manitoba. Quite a crowd of the companions and friends of the departing trio were at the depot, to see them off and wish them God speed.

PEDESTRIANS.—For several weeks past walking matches have been much talked of by the sports around town, and on Tuesday evening it culminated in three persons having a five mile "go as you please" match, just for practice. The contestants started from McConnell's corner, and went out to the 5th line and back, nearly five miles, the distance being travelled in 32, 32½ and 34 minutes.

ACCIDENT.—On Tuesday evening Wesley Hughes, a former resident of this village, but latterly engaged in Mr. Thos. Eldage's shingle mills, Gravenhurst, returned home with his right hand disabled. He was cutting shingle bands, when his hand slipped and the saw cut the knuckle off the 2nd finger of his hand. The wound was painful for a time, but it is healing as fast as could be expected.

Gilt Edge Butter.

There is always an active demand for butter that is up to the gilt edge standard in quality and color. Much butter that is otherwise good sells at a reduction of from one to five cents per pound, because deficient in color. When the color is not up to the standard, makers should use Wells, Richardson & Co.'s Perfect Butter Color to give a bright June color. This color is by far the brightest, purest and best made. It is as harmless as salt, and never imparts any taste to the milk. It is everywhere recommended by butter buyers and Dairymen. Sufficient to color a tub of butter costs but five cents, and it is no work to use. For further particulars in regard to it inquire of J. E. McGarvin, druggist, Acton, who has it for sale, as well as all druggists and merchants generally. 46-3m.

—BENTLEY, the alleged horse thief, was tried before Judge Miller, at Milton, on Monday, on a charge of stealing a horse and buggy belonging to Duncan Clark, of Georgetown. After hearing the evidence the Judge remarked that if the law allowed the prisoner to slip on such a charge livery keepers had no protection against men with bad records. From the fact that the prisoner had no money to pay for the hire of the horse, even if he had returned, it showed that he had purposed committing a fraud. Bentley was remanded until to-day, for judgment.
