Cardinal Newman

His Rarly Life and His Conversion-His Brother Francis-Some of His Ut-

St. Augustine, if I remember right! speaks of three who are in the spirit though not the body of the Church. Buch was Dr. Newman before his formal reception. He was born with Catholic thoughts and Catholie aspirations. His earliest recollection, for instance, is of having drawn a growing notebook; and among the earliest of his religious ideas was the very un Protestant on that he was destined to serve God in a life of celibacy; indeed, a general severity of tone is perhaps as marked a feature as any in the pharacter of John Henry Newman. "Follow-your conscience wherever it may lead you," he has said; but he is careful to add that he The hoe, rake, or other weeding imple-ment must be frequently run along the rows of most men very much as Lord Westbury.

Conscientions to a degree that might have then, retorted Barton, that your directors excited the audible admiration of two or asked me as a personal favour not to remove my money, when I had a good offer? You have fainted; and as it was he was ed at that it was voluntarily promised at that time that I should have my fain to lie down, being thoroughly worn out their perfection should keep up a succession and exhausted by the events of the day. In sk for it."

Spite of his excitement, he slept soundly, so young. Thinnings of these and of the perhaps, fish, because fish have no affections.

See, that's very true, "sail the manager; soundly and so long that the clanging of the late crop make an excellent substitute for At the same time he is prepared to pay due

> the famous Newman, then fellow of Oriel, found a formidable collection of some fifteen or twenty high churchmen, most of them young. The devilled chops and pulled chicken disposed of, the Dutch minister's case of conscience was solemnly propounded: and it was very quickly decided that he was bound to go to the bishop of the diocese in which he dwe't and submit himself to his that these English "Protestants" were conspeechless with anger and amazement, looked as if on the eye of an apoplectic fit. Pusey -not the canon, but his cousin (and head of the house)-on hearing the story laughed, and said it was like advising a man who had the toothache to cut off his head by way of deed, for many years led a forlorn intellecapart, and let them spread on each side of the

The beginning of the tractarian movemen 1833 to 1845 Newman was about the most popopular personage in England.
