Hart. I have risen before thee, That the spell of the day be o'er thee ! That the float of my love May fall from above, And, mixed with the more, adore thee!

Dark dreams must now lorsake thee, And the bliss of the being take thee I Let the beauty of moru in thim eyes be born And the thought of me swake three! Come forth to hear thy present.
Which the avakaning world aprels on ;
Let thy hair be span .
With the gold o' the sun.
And thy feet bo kissed by the delates !

The Disaster at Virginia City.

Foul Gases and Almost Intolerable having as many as twenty rattles.

three men sufficated in the Bullion Mine on hibited throughout the country. Tuesday night were found by Superintendent Schultz and his party. It was four days from the time the fire alarm sounded

station was an air compressor run by steam, tor, "dat was sheap. It cost me sixty fersion above referred to, the arrest of all but of course the engine had been abandon- thousand." ed. By leaning over the platform the smell of the gas was plainly discoverable, and a faint trace of smoke was swept up by the draught. The men placed sponges over their

faces and lowered themselves down. Instantly their candles were extinguished by the foul sir; again and again the lanterns next thing done was to order the men back is a considerable infusion of Dutchmen, patched her from Shanghai for Victoria, not settled in Hungary yet. The Hungary next thing done was to order the men back or the platform and disconnect the air pipes. Two pipes pussed that pant, and after considerable linear they were disconnected and with safe considerable linear they were disconnected and this gaves fresh supply of sir. While this was being done the men worked with the pronges over their mouths, and strays who have seen better were kept saturated with ice water. Some the follows of the sponges of ice the size of their first in the follows of the sponges and sucked them. Part of the time they were in the incline, and the sponges had to be wrong out even; first and the sponges becoming impregnated with the seens the refuge of men who at the sponges becoming impregnated with the seens the refuge of men who and the sponges becoming impregnated with the service, and with whom the game down at the sponges becoming impregnated with the service, and with whom the game down at the sponges becoming impregnated with the gases had to be wrong out every first minutes. The men drash two gallons of ice.

A man whom I remember as the product of the time strays for reseals from the man drash two gallons of ice.

Good News for the City of Glasgow Bank Shareholders.

The Dandee Advertiser gives the followg extract from a letter received from Mr. James Cunningham, jun., son of Mr. James Cunningham, Douglas House, Broughty Ferry. The letter is from Invercargill, M. Waddington, the French Premier, as - ewa 450,000 seres here. They say the farms of four or ave hundred sores, working very hard just now to make both eads meet, but who will one day be rich men, ac all their farms are or will be freehold. Land here is a very good investment.

(St. Catharines Dally News, July 11th, 1878.) Ir is said to be quite the custom in Dub- and C. Brown, Esq. Its agent, Mr. W. If. business, is also courteous and obliging in his transactions; the same is, we believe, characteristic of this company's agents generally. The Hamilton Four, which may justly feel proud of the Standard Fire In-A KEW society, called the Church and surance Company as a Hamilton institu-
