TOWN AND COUNTY.

TUESDAY MORNING SEPT 6 1870.

—Fall is approaching.

—Snow fell on the churches Sabbath quite chilly last Sunday.

—Some men pay attention to who never pay any thing else.

"And summer gathers up her robes of glory,
And like a dream of beauty glides away."

—The first freight has been shipped over the Credit Valley Railway from Toronto to Milton.

—It's true of advertising as of anything else in life, that if it is worth doing at all it is worth doing well.

—Excursion trains heavily laden with passengers, pass through here every day or two for the Toronto Exhibition.

—Call at the FREE PRESS office for your Sale Bills, you can take them home with you the day you order. Satisfaction guaranteed.

—An advertisement is a window through which all the world may look into your story and see just what you wish to show—no more, no less.

—Farmers, if you wish to get the top price for your barley run it through the fanning mill, to bring the weight up. The buyers are all adopting the English standard.

—People are quite apt to go where their attention is called, and, if they find things as represented, will purchase there in preference to spending their time in seeking elsewhere.

—Mr. Geo. Tolton, of Glen Iverson Mills, wishes to inform the farmers in this vicinity that he will commence buying grain at the Acton station next week. For particulars see posters.

—The ordination of Rev. John Wake, who leaves in a few weeks as a missionary to India, took place in Knox Church, Guelph, on Tuesday evening. Rev. W. S. Ball was the officiating clergyman.

—A Poser.—Smallest boy—Better give in at once, 'cos I'm bound to lick you.—Small boy—"How d'yer know yer is going to lick me?"—Smallest boy—"Cos I'm stronger than you; I chew terbacker and you don't."

—Our thanks are due to Mr. H. G. Eastman and Lady, of Eastman College, Poughkeepsie, N.Y., for their kind invitation and complimentary tickets, to attend the twentieth anniversary exercises and entertainment of the College, which takes place on the 17th, 18th, and 19th inst.

Best Months in the Year.—Those families whose domestic plans are such as to permit them to remain in the country during the month of September will make a great mistake if they allow their plans to be modified by the spell of rude weather with which we have recently been visited. They who really know the country love it most during the months of September and October. The children ought not to grow up without knowing what a delight it is to hear the apples fall in the old orchard, to watch the change of the leaf, to hear the autumn chirrup of the squirrel in the wood, and to pick the brown cheeked chestnuts in the woods, their own cheeks browning with health all the while.

Personals.

Mr. Robt. Snyder, of Walkerton, is in town on a visit.

Rev. G. W. Dean, of St. Thomas, paid our town a short visit last week.

Rev. R. Hobbs resumed his pulpit duties last Sabbath, after a vacation of two months.

Mr. J. C. Allan, of Buffalo, N.Y., spent a few days last week in Acton, the home of his boyhood.

Mrs. John Brown, of Sarnia, accompanied by her son, G. H., is spending a few days among her friends here.

Miss Ada Cameron left here on Thursday last for Montreal, on a visit to her sister, Mrs. Latteral, of that city.

Mr. Adam Dixon and wife, who have been spending the past few weeks among friends in London, returned home last week.

Rev. Mr. Smith, who had charge of the Acton circuit of the Methodist church during the absence of Rev. R. Hobbs, stayed in Acton on Wednesday afternoon and night, on his way to McGill College, Montreal.

Mr. T. Albert Moore, formerly of this journal, and Miss Emma Matthews, left Acton on Monday morning last, for Georgetown College. Mr. Moore purposes preparing himself for the Methodist Ministry, and we understand Miss Matthews intends taking a general English course. We wish them both every success.

—Feels like Autumn.

—The Dominion Telegraph Company have opened an office at Kinloss, Ont.

—Mr. Hiddett has commenced the erection of a brick store and dwelling, on the site of the late fire.

—You'll be afraid to have a small advertisement by the side of a large one—thinking that the big one can't read it.

—If you want to know which stores in Acton sell the cheapest, look for the adverts of the proprietors in the FREE PRESS.

—A large number of our citizens are visiting the Toronto Industrial Exhibition. They all pronounce it well worth a visit.

—The Volunteers of Company No. 8, Batt. 20, intend holding their annual Ball and Supper on Friday 16th inst., in the Drill Shed, Acton.

—The members of Acton Division, Sons of Temperance, are earnestly requested to be present at the next meeting of the Division. Important business.

—To make rice cakes, boil a cup of rice very soft; mash it fine; add a pint of milk and three eggs; stir in a little flour; butter the griddle, and turn in the batter in small cakes; serve with a little nutmeg and fine sugar.

—There are two little girls of the same name in New London, Ct.—The other night one of them said her prayers, and for fear they might be credited to the other child, she added, after the Amen—"No. 10, Orange street."

—Fire.—A barn, belonging to Mr. David Moore, on lot 8 con. 1, Erin, was burned on Monday night last. About 500 bushels of Barley were destroyed. Barn and grain were both insured. The fire is supposed to have been caused by incendiaries.

—The *Globe* in speaking of the review in Toronto on Tuesday, says, of the 30th Batt., Halton Rifles:—"It was conspicuously regular in its dressing and steady in its walk, and deservedly evoked hearty plaudits from the multitude." Success to our Halton boys.

"Man."—The tenth number of this new weekly journal, published in New York to hand. It is one devoted to "Progress and Reform," has socialistic and free-thought tendencies and is decidedly liberal in its views. Though not in accord with its general tenor, we think some of its articles are very good.

Serious Accident.—On Saturday last Mr. Wm. Amos, employed by Mr. Robt Lamb, of Nassagaweya, was leading a team of horses through a gate. While going through the wind blew the gate against the horses. They immediately bolted and ran over Mr. Amos, tramping on his leg, severing some of the tendons. A medical man was called in and attended the injured man and found him very seriously injured. He is likely to recover, but for a couple of months he will be helpless.

—The attention of the ladies of Acton and vicinity is invited to the advertisement in this issue of Messrs. J. D. Williamson & Co., of Guelph. During the past two months Mr. Williamson has visited the British Manufactories, and having bought from them direct, the firm are prepared to sell all the leading lines in Dry Goods at the very lowest figures. Every line is complete and every purchaser is guaranteed satisfaction. When you go to the Central Exhibition it will pay you to call at the Golden Lion.

Important to Young Teachers.—An exchange says:—The County Councils of Halton and Peel have just passed the following resolution, and ordered it to be sent to the Minister of Education:—"Resolved, that in the opinion of this Council the time has arrived when the public school teachers may be expected to pay at least part of the expenses of their own training and certification, and that the law should be amended as to give county councils discretionary power to exact fees not exceeding $15 in all for examination and attendance at the County Model School.

—The leaves are commencing to fall, and the maple is beginning to tint the landscape with colors as beautifully delicate as daylight on the waste of waters. All our residents have still soon part company with their foliage, and our evergreens will keep sombre sentinel in our forests and on the mountains. Lacrosse and base-ball, cricket and croquet, will soon be, for another season, no more. Picnicing will be hazardous, as September passes away, and as out-door amusements vanish, in-door recreation and pleasure will quickly take their place. Such is life.

Matrimonial.

This week witnessed the departure from the ranks of single blessedness (!) another of Acton's young men. On Tuesday last Mr. J. E. McGarvin, Chemist and Druggist of this village, one of our native boys, became a benedict and deprived Orangeville of one of its most esteemed young ladies, in the person of Miss Mary Reid, daughter of the late John Reid, Esq., of the above town. The nuptial knot was tied at the residence of the bride's mother, by the Rev. J. McIntyre, after which the happy couple proceeded to their future home in this village. We wish them all the pleasures of a long and happy life together. Next.

"Home, Sweet Home."

On Friday evening last, Rev. R. Hobbs, pastor of the Methodist church here, with his wife, returned home, after an absence of about ten weeks. A large number of the members of the congregation, devoted the evening to the pleasant duty of welcoming their pastor and his esteemed lady home. The company met them at the depot at the 4:40 train arrived, and after words of welcome and congratulation, escorted them to the Parsonage. In the meantime several of the ladies had taken possession of the Parsonage, and when the guests arrived a sumptuous repast awaited them. This being enjoyably disposed of, the evening was spent in pleasant conversation, music, and the relating by the Rev. gentleman of his experience during his visit to his native land. The company broke up at an early hour, the pastor and his wife much pleased with the reception they had received, and the members glad to see them safely home again. Miss Annie Hobbs, cousin of Mr. Hobbs, came out from England with him to make a visit in Canada.

True and Brave.—On Thursday afternoon last, word got to the ears of the newspaper men that two of Guelph's fairest daughters had started for the other side of the world to take possession of two hearts and two homes in a distant land. The afternoon train on Thursday took away from this city two sisters who some time ago pledged their troth that they would meet their mates when they went for them. Two young men, brothers, went to New Zeland a year or two ago to find a home, and succeeding pretty well, kept true to their parting word with their affiances, and a little while ago sufficient funds were received to enable the young women to go to them. However, the young women are now on their journey, and expect to be in New Zealand by Christmas, at which time a double wedding will take place. They first go to England, and from there take the Australian line to their destination. A good amount of courage is possessed by these two lasses in undertaking the journey, and our wish is that after a long tail over smooth and stormy seas they will both reach the port in safety, and a joyous wedding follow. Standing on the platform of the railway station on Thursday afternoon were those who wished the young women every happiness in their new home in that far away of the Pacific.—*Mercury.*
