TOWN AND COUNTRY.

THURSDAY MORNING, OCT. 7, 1875.

—The large trees have donned their fall livery.

—VILLAGE Council meets to-morrow night in Matthews' Hall.

—Mr. J. B. Armstrong, of the Guelph Carriage Manufacturing Company, left for a trip to England on Monday.

—Owing to the pressure of other matter, communications from Nassagaweya and Lowville are crowded out this week.

—Parties wishing to have Auction Sales can make arrangements for engaging the auctioneer at this office without further trouble.

—THE brick work of Mr. Haskett's new store and residence is completed, and the carpenters are now engaged in doing their part of the work.

—MR. James Moore announces to the farmers and others by circular, that he is prepared to pay the highest cash price for Hides, Calfskins or Sheepskins, delivered at his tannery.

—We would direct the attention of those visiting Hamilton to the advertisement of Mr. Thomas C. Watkins, of the Right House, No. 30 and 32 King St. East. Good bargains are offered.

Personals.

Mrs. Thos. Stewart, who has been visiting friends in Detroit during the past few weeks, returned home on Saturday last.

Miss M. Fitzbrook, of Toronto, formerly of Acton, is visiting her old friends here.

—THE Guelph *Mercury* of Saturday says:—"The new R. C. Church, in Acton, will be dedicated by Bishop Crimmon to-morrow." We would inform the *Mercury* that the new R. C. church, in Acton was dedicated twenty years ago.

A PRIZE.—Julia Stark, a young woman up west, harvested, this summer, 2,000 sheaves of wheat, with no other assistance but her aged father. That is the kind of a girl to be proud of. The old man, by the way, harvested 19,855 of the bundles.

—HAS your church a debt? Then go at it! Pay it off! Try! Where there is a will there is a way. If you cannot pay the whole, then cut a slice from it. Start the ball yourself and others will fall in and help.—*Guardian Independent.*

—At the Dominion Exhibition, Ottawa, last week, Mr. C. S. Smith received about $150 in prizes and two bronze medals, for Leicester and Lincoln Sheep. Mr. Thos. Cameron also received about $50 in prizes for Sheep at the same show. We understand they each made several good sales of sheep.

SILENT BUT SURE.—A wealthy merchant is reported to have said: "I always feel happy when I am advertising, for then I know that, waking or sleeping, I have a strong, though silent orator working for me; one who never tires, never sleeps, never makes mistakes, and who is certain to enter the household from which, if it will, my trade must come."

—Our readers should not fail to read J. D. Williamson & Co's new advertisement, in which many goods adapted especially for the season are enumerated. It is worth a trip to Guelph, simply to see the immense establishment, with cellars and other in the Royal City. Purchasers will save money by going directly to the Lion, where goods of every description can be had in profusion.

—DR. MCGARVIN, M.C.P.S., has made arrangements to visit Ospringe every Thursday, from 10 a.m. to 3 p.m. Patients requiring his services will be attended to by calling ward at Mr. Fielding's hotel. We would direct the attention of our readers to the Professional card of Dr. McGarvin, as it appears many are not aware that he is giving his whole time to the practice of his profession, and is prepared to attend patients at any time.

A WORD TO SUBSCRIBERS.—Our readers would confer a favor by informing us of any irregularity in the delivery of the papers; mistakes sometimes occur which can only be rectified by a knowledge of the particular cases in question. Here are grounds for complaint. Many of our readers, also, who are about to move would save a great deal of annoyance and misunderstanding by informing us of their new place of residence.

DIPHTHERIA.—Quite a discovery in the treatment of diphtheria has been made lately. A young man whose arm had been amputated and attacked by diphtheria before healing took place, and instead of the matter incident to that disease being deposited in the throat, the greater portion appeared on the wounded arm, and the diphtheria was very light and easily managed. Mr. Davis, of Mankato, profited by this, and in his next case of diphtheria ligatured the patient's cheek, and on this ligatured portion the chief deposits appeared, blistered part the chief seat of the disease. This we give for sale of the theory of Dr. Davis is that diphtheria usually appears in the throat because of the delicate lining of the throat. Hence, when the blister breaks the skin upon any other part of the body, the disease appears there.

Our Millinery room is in full blast. We do the leading Millinery and Mantle trade in this section of the country. Nothing can surpass it in Quality for style, cheapness and get up. Ladies call and give us your order. McLeod, Anderson & Co. Georgetown.

STOVE PIPES.—The time has now arrived when it becomes necessary in order to procure warmth to put up the stoves. Putting up stove pipes is generally considered about the most trying ordeal a man's temper can be put through. The obstinacy with which the pipes refuse to fit into one another is almost proverbial, and the man who can put up 30 feet of stove pipe, without kicking the family out of the house and killing the family cat, is considered a marvel of good nature.

BOOTS AND SHOES.—Immense stock to hand and to arrive. Great variety in men's women's and children's wear. Superior in quality and guaranteed lower in price than can be bought in any adjoining village, town or city. Get the celebrated Oil Grain Buffalo Boot—Pompadour heel and opera toe—neat, stylish and cheap. Christie, Henderson & Co., Acton.

LOVELL'S INTERMEDIATE GEOGRAPHY.—We have received from the publisher, Mr. John Lovell, Montreal, a copy of a new school Geography, called *Lovell's Intermediate Geography*, it takes the place of Lovell's Easy Lessons, and is introductory to the Advanced Geography. The new work is authorized by the Minister of Education, is profusely illustrated, contains a full series of admirable maps, and is printed and bound in a most substantial manner. It is with pleasure that we recommend this book as a model of its kind to all teachers and scholars.

A Parnell Sonnet to the Letter R.

Rolling R, Right Royal Roysterer!
Related is it to the oyster!
R, the glorious letter R!
Returns again th' ascending shaft
Persisting in October dreary!
Remembered mouth of all the yeast!
Repulsive acts tin never fosterR!
Repugnant laws about the oyster!
Rusty, orraw, with salt and pepperR!
Royal food, kings have no better!
Lightly stewed, or fried in butter!
Rich beyond what I can utter!
Readers all both near and farR!
Reecho 'Oyster! Rich, Rollicking R!

GROWN UP BABIES.—The young man who, under the pressure of the least real or fancied adversity, takes to drink, is a grown-up baby; just he is nursing the wrong bottle. The young man who is ashamed of his mother because she does not "get on style," and of her father because he does not use elegant language, is a baby that had no business to have ever grown up. An ever-dose of soothing syrup would have been a blessing to him. The eighteen year old girl who is sentimental, and sighs for her early combs at the [illegible] is a grown up baby that likes [illegible] as well as she ever did.

HOW THEY DO IT.

They were sitting side by side,
And he sighed and she sighed,
Said he: "Your hand I ask, to hold I've grown,"
And she groaned and he groaned;
Said he: "You are cautious, Hattie,"
And she bellowed and he bellowed.
Said he: "You shall have your privacy, Kate,"
And he giggled and she giggled.
Said she: "My dearest Luke,"
And he looked and she looked.
Said he: "Upon my soul there's such a weight,"
And she waited and he waited.
Said he: "I'll have thee if thou will."
And she willed and he filled.—*Exchange.*

OTTAWA, Ontario.

VICTORIA CHEMICAL COMPANY, TORONTO.

GENTLEMEN,—Confirming my statement a short time ago as to the satisfactory results from the use of your Compound Syrup of Hypophosphites, I will further add that from proofs of the genuine benefit conferred on patients requiring it are constantly coming under my observation; parties to whom I have recommended it, have in a short time with the deepest thankfulness acknowledged the relief they have experienced, and in some cases have asserted that it, and it alone, has saved their lives. It gives me much pleasure to assure you that I consider your Syrup, the Victoria Hypophosphites the best preparation of any which has come under my notice for Debility and all Pulmonary Complaints, Bronchitis, Coughs, &c., and believing this, I constantly recommend it before any other class prepared.—Very truly yours, E. PERCARVIL, Practical Chemist.

—Mr. JAMES Innes, of the Guelph *Mercury*, who has been on a trip to the Old Country during the past three months, returned home on Thursday last. He looks well and enjoyed a most pleasant trip. We are pleased with the friendly manner in which the *Herald* welcomes him home. It shows that though they are politically condemned in social life they treat each other as gentlemen should. The *Herald's* words of welcome are as follows:—The genial face of friend Innes of the *Mercury* is once more to be seen in his usual haunts. He is being welcomed home from his trip to the land o' cakes, by all his old friends, and it may be said that this category includes every man, woman and child in Guelph, for Mr. Innes, though about as far wrong politically as he knows how to be, is all right socially, and has no enemies. He looks fresh and hearty after his voyage, and appeared to enjoy himself just as well with the heart and a good constitution was sure to do. Here's tae ye, Jamie; may ye neer meet wi' waur freens than ye hae among the Guelphites, e'ed the ye dae gie us, dour dunts whiles.

Worth its Weight in Gold.

When we hear any body say that such and such a thing is worth its weight in gold we think they are indulging in hyperbole, and pass the matter with a smile. But numbers of invalids who have once partaken of Scott's Emulsion of Pure Cod Liver Oil with the Hypophosphites of Lime and Soda say they would not be without it for any consideration. And no wonder for in all cases of General Debility or Chronic Coughs, in fact, any pulmonary complaint and consumption it is worth its weight in gold.

Hamilton.

At No. 6, James St., in the Ambitious City of Hamilton, the attention of the traveller will be attracted by the splendid large Drug store of Messrs. Archibald Wilson & Co., the manufacturers and sole proprietors of Wilson's Compound Syrup of Wild Cherry. This famous popular cure for Coughs, Colds, Bronchitis, Whooping Cough, Loss of Voice, etc., is having a most astonishing run. Even at this season, when diseases of the respiratory organs are comparatively rare, orders are coming in for half gross and gross lots, from druggists who have sold out last year's stocks; and the proprietors have found it necessary to purchase land and lime rovers expressly to enable them to turn out the Compound Syrup of Wild Cherry in sufficient quantity to meet the demand.

SCOTT'S EMULSION

PURE COD LIVER OIL

WITH

HYPOPHOSPHITES OF LIME AND SODA.

This preparation combines the two best remedies ever discovered for **Consumption, Colds and Chronic Coughs, Scrofula, Rheumatism and Diseases of the Blood, General Debility, and all Wasting Diseases of Children.** It not only contains the well known and high-ly esteemed virtues of Cod Liver Oil in a form that is perfectly palatable and acceptable to the most delicate stomach, but in addition, the wonderful tonic and life-giving properties of the Hypophosphites, so incorporated that the remedial powers of both are largely increased. Physicians extensively acknowledge the vastly superior virtues of the combined medicine in all the above diseases, to be found in no other preparation, but much more readily assimilated by the system than plain Cod Liver Oil, and a better agent in enriching and purifying the blood, allaying the irritation of the throat and lungs, restoring the impaired functions and giving strength and vigor to the whole body. It is sweet and palatable to the taste, never separates, deposits or spoils. Be sure and ask for Scott's Emulsion. For sale by all druggists at $1.00 per bottle.

I have also purchased the manufacture of a new pattern of Iron Fence for private residence of Cemetery, which will be put up Cheap For Cash.

NOTE.—I have made arrangements with Mr. H. F. MOORE, to keep a few Gang Ploughs in stock of the above pattern mentioned above and samples of the iron fencing at his store in Acton, where farmers may get them at the same prices as from me at the foundry. Mr. Moore is also prepared to take orders for iron fencing, mill work or repairs to machinery, which will be attended to.
