JENNY LEE.

By T——s A W——r.

'Twas down in Credit Valley,
Near Milton, where we met;
In the balmy winds of autumn,
The scene I'll never forget.

Chorus.
She's charming, she's beautiful,
She's all the world to me;
The truest maid in Halton,
My bonny Jenny Lee.

I love my dearest Jenny,
She knows I love her well;
No one but her I'll marry,
The truth to you I'll tell.—*Chor.*

May fortune smile upon me,
'Tis see that happy day
When we are joined in wedlock bands;
Our love shall ne'e decay.—*Chor.*

Ah! now the happy day has come,
My heart it is at rest;
I've won the pretty maid I love,
Now in my arms is blest.—*Chor.*

Acton Free Press

THURSDAY MORNING, DEC. 4, 1879.

MR. H. P. MOORE, editor of this journal, resolving that a holiday of a week or so would be congenial to him, has taken it, and for the time, I have assumed the role of editor-pro-tem. T. ALLEY MOORE.

MUNICIPAL AFFAIRS.

In the course of a few weeks the electors will be called upon to select municipal legislators to hold office during the year 1880. From present indications it would seem that as far as Acton and the surrounding townships are concerned that municipal honors are at a discount, so little apparently do the people know or care about the prospects of "Local Legislature" for the coming year. However it may only be the calm which usually precedes the sudden breaking out of a storm, and if so, it will be the best time to consider the comparative merits of our prospective Reeves, Councillors and School Trustees. We do not know whether any of the present board intend to become candidates for re-election, although we presume that if the electors expressed a wish in that direction they might be induced to become candidates. It is always better for the electors to select the candidates than that those who seek reelection should present themselves, and if this fact were observed a far more responsible class of candidates would be seeking the people's suffrage. The business of the village has, without doubt been carried on in a satisfactory manner during the past year, and we congratulate the village on being so well represented at the Council Board. But the time is almost here when another election will place new candidates in the field, and the best way is to be in time and have their respective qualities well discussed before the time.

The new regulations in the school law require the nomination of Public School Trustees to be made in December, instead of as formerly, in January; and though there is often a great deal of apathy and indifference manifested on the part of the ratepayers in the choosing of candidates for this most important office, except under special circumstances, it should not be so. The selection of a fit and proper person to look after the educational affairs is as important, and in some respects more so, than for a councillor; and it does not follow that the person who is merely willing to be it should be entrusted with the supervision of school management.

STREET OBSTRUCTIONS.

Many times, through the columns of this journal, have we brought under the notice of the village authorities, the propensity on the part of a large proportion of our citizens to use the streets and public thoroughfares as a place for storing wagons, and other such articles; piling huge piles of wood for winter consumption, and otherwise using the streets as a general receptacle for stable, garden and all kinds of refuse. In our former articles we have quoted portions of a Village By law which prohibits using the streets for these purposes, but notwithstanding this, and threats coming from the officials themselves to have those provisions carried out, yet we observe a laxity on their part, especially of the village constable, whose duty it is to see that these By laws are properly observed, and fully carried out. As winter is now on the eve of setting in, we would urge upon those officials who should do so, the necessity of filling the required merits of their offices, and have the streets cleaned up, so that they will present a far more respectable appearance than is now the case. Acton is said to be one of the prettiest villages in Ontario, its streets systematically and regularly laid out, and other features having been introduced to enhance its beauty, and the desired effect has been produced. Then, why deface its beauty, and mar its reputation for cleanliness by allowing the streets to become the storage place for the unseemly and unsightly articles which are frequently placed there. Immediate action should be insisted upon.

Nassagaweya Council.

This council met pursuant to adjournment on Monday the 24th of November. Members present, the Reeve, Deputy-Reeve, and Messrs. Hutcheon and Watson, Councillors. The minutes of last meeting were read and confirmed. Mr. Watson moved, seconded by Mr. Hutcheon, that leave be granted to introduce a By Law for granting certain sums of money for the repairs of roads and bridges,—Carried. Leave granted and the By-Law being read the required number of times, was passed, signed and sealed. Mr. Watson moved, seconded by Mr. Menzies, that the sum of $3 be paid to H. Laing for 80 loads of gravel furnished for the Town line opposite the 3rd con, and $4 to A. McAlpine for 40 loads furnished Road Div No. 28, and the farther sum of $4 to P. Sayers for 40 loads furnished to Div. No. 34.—Carried. On motion of Mr. Watson, seconded by Mr. Menzies, a By Law was introduced and read the required number of times and passed, for the nomination and election of the Municipal Council for the ensuing year. Mr. Watson moved, seconded by Mr. Hutcheon, that the following sums be paid to the the persons named below, for sheep killed by dogs, being two thirds of their value, the claims having been duly certified, viz:—J. Miller, $5.33; J. Norrish, $16.00 for eight sheep; J. Dolan, $4 for one sheep; J. Macklin, $4.17 for one sheep, J. Bennet, $5.66 for one sheep.—Carried. Mr. Menzies moved, seconded by Mr. Watson, that the sum of $4.35 be paid to T. J. Day, for blanks as per account, also the sum of $2 to Innes and Davidson, for printing bill tenders and advertising a meeting of council.—Carried. Mr. Watson moved, seconded by Mr. Hutcheon, that the sum of $6 89 be paid to J. Easterbrook for clothing furnished to P. M. McGarrigal, as per bill, and $3.65 to J. M. Bond & Co for lamps for the Town Hall, and $8.80 to J. Easterbrook for postage and stationery and commission on money orders, and the farther sum of $9.50 to E. Chapman for serving notices and attending Court for the Revision of the List of Voters, and the farther sum of $6 72 to Township Clerk for his services in connection therewith, as certified by the County Judge.—Carried. Mr. Hutcheon moved, seconded by Mr. Watson, that the Clerk is hereby instructed to notify Mr. John Kennedy to remove his fence from off the road allowance on or before the first day of April next entering on the side road, lot 25, in the 5th con. of this Township.—Carried. Mr. Watson moved, seconded by Mr. Menzies, that the following persons be exempt from paying their taxes for the present year, in sums following; viz:—W. Ritchie $9.91; G. Henry, $0.57; Mrs. Gault, $0.83; S. Scriber, $1.12, and Mrs. McCall, $0.68.—Carried. A vote of thanks was then tendered to the Reeve for the very able and courteous manner in which he had presided over the deliberations of the Council Board during the year. The Reeve acknowledge the compliment in a few timely remarks, and the council then adjourned, after which the Reeve, as on former years, invited the Council with some other friends present to partake of a supper at Mr. H. Stingles Hotel, which invitation was cordially accepted and full justice done to the ample repast, and a short but pleasant time was enjoyed.

JOHN EASTERBROOK, Tp Clerk.

A Long Time to Suffer.

Twenty-five years of endurance with Catarrh is a long period of annoyance and misery. Mrs. E. J. Flanders, of Manchester, N. H., after going through it all, writes: "The Constitutional Catarrh Remedy has rescued me from intense suffering and almost the grave." This medicine is for sale by all Druggists.

The delegates sent out by the British Government to examine into the agriculture of the States and Canada have made their formal report. They speak in the most flattering language of the farming lands of Canada. The advice they give to farmers who intend to emigrate is, that those with considerable capital at their disposal should settle in Ontario or Quebec, while those whose means are limited should go west and locate on the prairie lands of Manitoba and the Northwest.

—IT is said by many, first try one remedy, and then another; but we find in the great majority of cases that those who try Hagyard's Yellow Oil for all purposes of a liniment, have no use for any other preperation, it does its work so effectually that none others need be applied. It is equally good for man or beast, and can be used internally for Croup, Whooping Cough and Asthma, externally for Rheumatism, Sprains, Bruises, Chilblains, Burns, Scalds, and all pains and Aches, from whatever cause they may occur. Sold by all dealers at 25c. per bottle. 23-2

Wilson's Wild Cherry.

One of the most thoroughly reliable medicines now in use by the Canadian public is Wilson's Compound Syrup of Wild Cherry. The success which attends its use in cases of Colds, Coughs, Bronchitis, Croup, Whooping Cough, Loss of Voice and Weak Lungs, is most remarkable. Originally prepared to meet the demand for a good medicine of the kind, in the retail store of the proprietors, its sale increased so rapidly and became so largely extended that the manufacture of it was only necessary to introduce it through the newspapers of the country to ensure its adoption as the national cure for diseases of the respiratory organs. Every leading druggist in Western Ontario now sells it.

Be wise in time; get a bottle and have it on hand when required. The large bottles are the cheapest. 23tf.

Church Re-Opening Services.

For some time past the members of the Methodist Church at Cowan's Corners have recognized the fact that owing to the increased congregations, together with the late accessions to the membership of that church, that it was necessary it should be enlarged. Accordingly the necessary steps were taken, and the church has been enlarged to almost twice its former size. On Sunday and Monday last the church re-opening services were held. Sermons befitting the occasion were preached on Sunday, at 2:30 p.m., by Rev. R. Hobbs, pastor of the circuit, and in the evening, at 6:30, by Mr. Jos. S. Cook, of Georgetown College. On Monday evening a Tea-meeting was held, the proceeds to be applied to the Building Fund. After partaking of an excellent tea, in the Temperance Hall, the company repaired to the church, which notwithstanding the recent enlargement was full, and addresses were delivered by Revs. McKenzie, Nassagaweya, Pirtitle, (Episcopal) of Georgetown, Hobbs, of Acton, and Messrs. J. S. Cook, and T. A. Moore, from Georgetown College. Acton Methodist Church Choir furnished excellent music, and Mr. Jno. Speight, of Acton, creditably filled the chair. By the liberality of the members of the church, together with the help received from members of the M. E. church, the whole cost of the enlargement was provided for.

Presentation and Address.

On Friday evening last a company of the friends and parents of the pupils of S.S. No 8, Esquesing, met at the school house, and presented Wm. Smyth, Esq., who has been teacher of the school for the past three years, with a Gold Locket and Chain, together with a Photograph Album, and an Address. Mr. Smyth has accepted a more lucrative position as teacher of Bannockburn School, lately taught by Mr. McDonald, but he leaves his old school and section with the good will of every family in that section. The following is the Address, to which Mr. Smyth made a suitable reply:—

DEAR TEACHER:—We, your attached pupils in School Section No. 8, Esquesing, cannot allow your relation to us as teacher to terminate without giving expression to our feeling of regard for yourself, appreciation of your faithful and successful labors, and regret for your departure from this school. We feel that during the period in which you have taught us, we have very much profited by your instructions and oversight; you have been painstaking in imparting knowledge to us; you have always urged us to diligence, and encouraged the naturally slow and timid. While firm discipline has been maintained, we have found you a kind, pleasant and faithful friend. Be assured, sir, that we shall bear an agreeable remembrance of the time we have spent under your charge. In proof of our respect for you, and as an expression of our desire to retain your kind regard for us, we present you with these trifles, which, though of small intrinsic value, are a token of our love and friendship.

On behalf of the School, { THOMAS GERRANS.

READ THIS TWICE.—Five to thirty drops of Thomas' Eclectric Oil, will cure common Sore throat. It never fails in Croup. It will cure a cold or cough in twenty-four hours. One bottle has cured Bronchitis of eight years' standing; recent cases are cured in three to six days. It has restored the voice where the person had not spoken above a whisper in five years. As an outward application in all cases of pain or lameness, nothing like it has ever been known. One bottle will cure any case of Lame Back or Crick in the Back. For diseases of the Spine and Contraction of the muscles is unequalled. In Rheumatic or any other pain the application does you good. It stops Ear Ache and the pain of a Burn in three minutes, and is altogether the best and cheapest medicine ever offered to the people—the cheapest, because it takes so little to do you good, and is composed of six of the best oils known, and nothing but oils. Is worth its weight in gold. Why not buy it to-day?—A. B. Des Rochers, assistant postmaster, Arthabaskaville, P.Q., writes:—"Thirteen years ago I was seized by a severe attack of Rheumatism in the head, from which I have nearly constantly suffered, and after having used Thomas' Eclectric Oil, for nine days, bathing the forehead, I have been completely cured, and have only used half a bottle. This I can certify under oath if you wish." Rev. J. Mallory, of Wyoming, N. Y., writes, "Dr. Thomas' eclectric Oil cured me of Bronchitis in one week."

IMMENSE INSTITUTION!

There are many reasons why the people of Acton and surrounding townships find it to their advantage to make their Dry Goods purchases at that Mammoth Store the

GOLDEN LION,
GUELPH.

FIRSTLY:

THE LION is one of the largest establishments in the Dominion, occupying more than twice the room of any store outside our large cities. Travellers are amazed to find a Dry Goods house of such magnitude and general arrangement.

THE LION is a large Wholesale Jobber, and is always ready to handle large lots of goods—if cheap enough—that smaller houses dare not look at—hence, always has special bargains.

THE LION buys directly from Canadian Manufacturers, or British Agents, consequently saves for his customers the profits paid by smaller dealers, to wholesale houses. Do their best they cannot compete in prices.

THE LION takes the lead, regulates prices, is in a word, head and shoulders above his competitors.

THE LION comprises every branch of the Dry Goods trade—each department being a very considerable business in itself. His customers, no matter how varied their requirements, need never go elsewhere for their purchases. It has become a standing theme, "That whatever the "LION" has not got is not worth looking for elsewhere."

THE LION'S business is continually growing. This fall's sales show a large increase over former years. Want of space prevents any special mention, but your wants and requirements in
