—The Clifford Arrow will hereafter be published on Thursday, instead of Friday as formerly.

—Secure your ticket for Mr. A. C. Black's Concert on Monday evening, 12th inst. The Best of the Season.

—The young man who wants to get up with the sun must not sit up too late with the daughter.

BUSINESS CHANGE.—J. D. Williams, of Guelph, dry goods dealer, is retiring from business, being succeeded by R. Williams, his son.—*Journal of Commerce.*

NEW PASTOR.—Rev. W. J. Pigott, who has just been appointed to the incumbency of St. Alban's Church here, preached his first sermon to the congregation on Sabbath evening last, to a large audience.

FIRE.—A fire broke out in Barber's Paper Mill, Georgetown, on Monday night, but was noticed by an employee and extinguished before any serious damage had been done. The fire originated in a bundle of rags near a stove.

—EVERY farmer who wishes to prosper should take the *Canadian Farmer*, the only weekly Agricultural Paper published in the Dominion. The copy reports, collected from various sources, all the latest and the most reliable news and information on any subject connected with agriculture.

GRAND CONCERT.—Mr. A. Campbell Black, of Guelph, who for the past three months has had a similar class under his supervision, will give a concert in the Temperance Hall, on Monday evening, 12th inst. Mr. Black has received the services of a number of first-class vocalists and a good concert is anticipated.

IMPROVEMENTS.—Our Photo Artist, Mr. C. W. Hill, has recently put in a number of improvements in his gallery, and it is now as well furnished as many in larger towns and even cities. Mr. Hill is capable of his work, and of turning out portraits second to none in the country. See his new ad. in another column.

—“Have you seen Moriarty?” If not, go and hear Mr. Kennedy, the Renowned Comic Vocalist, at the Temperance Hall on Monday evening, the 12th inst.

CANADA THISTLES.—The new “Act to Prevent the Spread of Canada Thistles,” amends the present law by taking away the optional character and making it imperative on patentizers to see that their provisions are carried out without having first obtained the consent of the Municipal Council. It also required the notice to the owners of land overrun with thistles to be served on them not later than the 31st of June.

—It is proposed to have a grand procession on the 1st of April. These have been invited to take a prominent part: The man who solves the 15 puzzle; the man who knows better than the editor how to run a newspaper; the man who doesn't know it is loaded; the man who believes in the *Globe*; the man who pokes fun at the rag baby; the man who prophesies the coming weather; and the girl who starts the kitchen fire and goes off—there is any of her left.—*Guelph Herald.*

—The Free Press thinks a veterinary surgeon would do well to pay a weekly visit to Acton, and says that several have said they would do what they could to reward him a paying patronage. We would suggest that Mr. Fisher, of Georgetown, supply their wants. He is well up in the profession, and would no doubt secure a fair share of the business.—*Georgetown Herald.* Mr. Fisher has decided to visit Acton weekly. In another column will be found his name and address, and he will be glad to hear from those requiring the services of a veterinary surgeon.
