The Cow Nuisance.

We do not think there are many owners of gardens in this town who do not have some time or other during the summer to anathematize the cows that are to be found straying on our streets at all times of the day and night. Last and numerous, last summer, were the complaints of the unlucky owners of garden vegetables, who had the misfortune to have the fruit of their garden trampled and destroyed by a few mischievous "cows."

The Maniac-Courtesy Narr.
Maniac Again Tortured.

It is a well known fact that the maniacs of this town are a source of great annoyance to the community. They are often found in the streets, and their conduct is a disgrace to the town. It is hoped that the authorities will take prompt action to remove them from the streets.
