ACTON, THURSDAY, OCT. 7, 1880.

THE TOWNSHIP SHOW.

Early in the summer of the present year, an effort was made by a number of our citizens and others in this part of the township, to have the annual township exhibition held in Acton this year, instead of Georgetown, where it has been held every year for the past ten years. Acton was canvassed at the time, and guaranteed to raise the usual amount of money for expenses, but several influential members of the Agricultural Society, living in Georgetown and vicinity, determined that Acton should not have it, and using every means succeeded in keeping the show for this year at home. The result was, that the show was a failure, compared to any previous fair. (It must not be understood, however, that Acton exerted an influence against it, as such was not the case). Ten years ago, after it had been allowed to get into a low condition, the show was held in Acton, which had the effect of greatly reviving it, and it was superior to previous shows for several years afterwards. It is again in a very languishing condition, and something must be done if the show is continued, and we think that Acton has claims which should be recognized by the officers of the society. We have accommodations here, equal to those of Georgetown, and in our opinion it would not only be fair, but beneficial to the exhibition to hold it in Acton every alternate year. An excuse is made that Acton is too far from the centre of the township, but our people have been compelled to go to Georgetown for twenty-five years, and it will equalize the thing if the people of Georgetown have to come to Acton for a few years. Have our readers anything to say in the matter?

Board of Education.

The Board of Trustees of Acton School Division met in the school house on Monday evening, Oct. 4th, pursuant to adjournment. Members present, Messrs. J. Speight in the chair, D. Henderson, S. Moore, M. Speight and A. Lasby.

Minutes of last meeting read and confirmed.

The Finance Committee presented their seventh report and recommended payment of the following accounts:—

Thos. Moore, salary for Sept.	$45.83.
Miss McKellar, " "	25.00.
Miss Grant, " "	18.75.
Mrs. Hughes, " "	6.25.
J. Adams, shelving library, etc.	4.50.
Total.	$100.33.

and that the chairman issue his cheques in favor of the treasurer for the sum required to cover the said accounts.

Moved by D. Henderson, seconded by M. Speight, that the report of the Finance Committee be adopted. Carried.

On motion the board adjourned to meet on Monday evening, Nov. 1st.

KILLED WITH WHISKEY.

Sad End of a Guelph Boy.

On Friday afternoon Robert Hilliard, a ten year old son of Mr. Frank Hilliard, Guelph, was sent to school as usual, but instead of going to the school, he met a couple of boys, sons of Mr. Keating. After getting tired of play the three boys clubbed together and young Hilliard started to the city and purchased a bottle of whiskey, and made his way back to where he left his companions. Between them the whiskey was drank. Young Hilliard was left, by his mates, it is said, in a state of intoxication. Between 4 and 5 o'clock as Mr. John Campbell was driving along Queen street he saw the unfortunate lad lying in the ditch, and thinking he was asleep sent a young lad who was with him to wake the boy up. The boy could not wake him and Mr. Campbell went over himself and found him in the last throes of death. He unloosed the boy's collar, and cleared his mouth of the vomit, and sent for Dr. Herod. Before the arrival of the doctor the boy breathed his last. An inquest was held and the following is the verdict:—"That Robert Hilliard's death was caused by, and from the effects of drinking whiskey. We also find that the parties supplying the whiskey are gravely responsible for giving the same to minors—such young boys in particular. We also recommend in future, more stringent measures be taken to see that the Shop License Law is strictly enforced."

The proprietor of a temperance hotel at Ayr, was last week fined $44 for selling liquor without a license.

Burdock Blood Bitters cures all diseases of the blood, liver and kidneys, female complaints, nervous and general debility and builds up the entire system when broken down by disease.

Nassagaweya News.

From our own correspondent.

Mr. J. Milne has received all the machinery for his new saw mill.

Brookville could boast of the usual number of drunks on the evening of the township show.

The annual Nassagaweya Fair was held at Brookville on Tuesday. The show was a success and was well attended.

Rev. W. S. McTavish preached in the Presbyterian church for Rev. Mr. McPherson on Sunday last. Mr. McTavish left for Knox College on Wednesday.

Rev. H. H. McPherson, who has been attending the Pan Presbyterian Council at Philadelphia during the past few weeks, is expected to return home to day.

On Saturday night thieves entered the cellar of Mr. John Ramsay, (warden), and took a firkin of butter, and a box of eggs. Farmers should be more careful in closing their outside cellar doors.

Mr. J. W. Fitzmaurice, lecturer, delivered an excellent temperance lecture in the Town Hall, Brookville, last evening. His subject was "The last forty years of the temperance cause." There was a good attendance. He lectures on Thursday and Friday evenings.

DR. HAYDOCK'S VITALIZED BUCHU.

The extraordinary effect of this Buchu, as prepared by Dr. Haydock, upon the Kidneys and Urinary Organs is without a parallel in the history of medicine, and its results far beyond any of the kidney remedies of the day. It stimulates digestion, adds tone to the system, invigorates the Debilitated, and is infallible for the cure of Diabetes in its worst form. One trial of a teaspoonful in a wine-glass of water will convince the most incredulous that it is the best remedy ever discovered for the cure of Kidney Complaints. Relief in from ten to twenty minutes.

Disorder of the Kidneys.

In all diseases affecting these organs whether they secrete too much or too little water, or whether they be afflicted with stone or gravel or with aches and pains settled in the loins over the regions of the kidneys.

HAYDOCK'S Vitalized Buchu!

Will give almost immediate relief, when all other means have failed. The most powerful existing medicine for the cure of female complaints. Fifty years experience incontestably prove this remedy unrivalled for the disorders incidental to the female sex. No family should be without it, and it may be taken by young or old, as it will restore health when every other means prove unsuccessful.

To the stomach we trace dyspepsia, headache and general debility; to the liver, biliousness, and yellow fever; to the bowels, diarrhoea, dysentery, constipation, piles and colic; to the lungs, consumption, tetter to the blood, scrofula, scurvy, and all cutaneous eruptions. By keeping these organs and vital fluid pure and healthy we may safely defy the attacks of disease, and no medicine yet prepared for this purpose can equal the action of

HAYDOCK'S VITALIZED BUCHU!

HEAR WHAT IS SAID.

'It has made me a new man.'

'Dr. Haydock's Buchu has increased my weight fifteen pounds.'

'My wife would not be without it for any money.'

'Our little boy is much better. I enclose one dollar for another bottle.'

'I find it as easy to take as milk.'

'We have sold thirteen bottles this week, and shall want three dozen next order.'

'My Morning agony is gone—thanks to your Buchu!'

Want of space compels me to conclude.

Any invalid or sufferer afflicted with any Kidney disorder who will write me as to their complaint, will be treated promptly and kindly. It is my most earnest desire to investigate all forms of Diabetes, and give relief at all times. If you are too poor to purchase, write me any way, and your case will have immediate attention.

CAUTION.

Observe that the signature of Jos. Haydock is across the mouth of each bottle.

Price—One dollar for large, and fifty cents for trial sizes.
