

THE FREE PRESS FOR 1881.

To New Subscribers.

THE Action Free Press will be furnished to new subscribers from the present time till the 1st of January, 1882, for \$1.00—two months for nothing. Subscribe at once and secure the full benefit of this liberal offer.

To Old Subscribers.

ANY present subscriber to the Action Free Press, sending us a new subscriber with the money, \$1.00, as above, will have his own subscription advanced three months for two subscribers six months, and so on, these amounts for each new subscriber.

With the liberal offer given above to new subscribers, it will be very easy to get new subscribers. Our present subscribers could pay up their own subscriptions by this method and at the same time increase our present list four fold. It is worth trying. Give us a lift and help yourselves at the same time.

THE FREE PRESS.

Acton, Tuesday, Oct. 25, 1880.

Editorial Notes.

Steps are being taken to test the Scott Act in the counties of Lincoln and Wellington.

Great fears are entertained of a failure during the coming winter among the Russian peasants.

A convention of temperance men was held at Woodstock last week to consider the advisability of submitting the Scott Act in Oxford.

A county convention was held at St. Thomas on Thursday, at which it was decided to submit the Scott Act to the electors of the county of Elgin.

Hansen appears to be quite a favorite with the people of England. Great crowds assemble every day to see him at Putney. He is reported in good health, and everything indicates a still contest between him and Trickett.

The American Bible Society have just issued a stamp cylinder press which will print a whole Bible every minute. This makes things very discouraging for Colonel R. Ingeroll, the inside. What man can talk fast enough to counterbalance a press that will turn out over 1,000 Bibles every twenty-four hours!

Call it "good nature," call it infatuation, call it insincerity, or what you will, the practice still continues of people lending their names for business purposes to friends or mere acquaintances. The embarrassment or ruin of some estimable people results from this wretched practice. We have just heard of a very respectable farmer and real estate agent in the township of Luther, whose endorsements for friends have brought him into financial trouble.

Morality Times.

Neatly every village of any pretensions has its musical association, or at least a dramatic, debating or reading club, to furnish amusement during the fall and winter evenings and it has been repeatedly proved that our village possesses enough home talent to form any of the above named societies. What obstacle is there in the way to prevent the organization of a society which can produce instructive and amusing entertainment to relieve the long fall and winter evenings of monotonous dullness? Who will take the initiative?

INDIAN SUMMER,

We hear a good deal of the Indian summer, but it is rarely we get a chance of seeing it. A spell of fine weather comes along this time of the year; it is immediately pounced upon and christened the Indian summer, as if fine weather is not due in October, as well as any other month. The Indian summer about which poets rare, as well as a good many who are not poets, is so shy and sensitive that it will not be induced to visit places where civilization has changed the face of nature. If you want therefore to enjoy the delicious weather you must go to the plains where it loves to linger five or six weeks at a stretch.

THE SCOTT ACT.

All over the Province of Ontario we hear the warcry of prohibition. It is really surprising to see the general movement being made to submit the Scott Act. In Hamilton, Wentworth, Halton, St. Catharines, Lincoln, Waterloo, Middlesex, Norfolk, Kent, Chatham, Oxford, Elgin and Huron, the cheering news comes that they are agitating for the Scott Act. What is wanted is backbone and perseverance on the part of the temperance men. They are getting a new inspiration as the

Scott Act is coming to be understood. There is no doubt about it, but that it is the best prohibitory Act in any country. It works like a charm, and when it passes, as it will in County by County over the Province, it will then be seen that it is better than if there had been a general Act of Prohibition.—*Hamilton Leader.*

LOSS BY DRUNKENNESS.

The loss to Britain annually by the Saturday night and Sunday drunkenness of her operatives and tradesmen of different classes, owing to their inability to work upon the Monday preceding their debauch, is reckoned at many millions of pounds sterling, and we are informed that the loss to Canada from the same cause is also enormous. Tradesmen in this city have often to insure their customers that certain jobs cannot be performed until after a certain time, and enquiry evokes the information that most of the "hands" will be absent on Monday, owing to indisposition from the previous day's dissipation, and that consequently the work cannot be performed. When will the good time come when governments will be able to see that for the little money they receive for the sale of liquor licenses they eventually lose many times the amount not only in less to the public treasury generally, but in its depletion for the support of poor-houses and gaols.—*Montreal Witness.*

A county convention was held at St. Thomas on Thursday, at which it was decided to submit the Scott Act to the electors of the county of Elgin.

The American Bible Society have just issued a stamp cylinder press which will print a whole Bible every minute. This makes things very discouraging for Colonel R. Ingeroll, the inside. What man can talk fast enough to counterbalance a press that will turn out over 1,000 Bibles every twenty-four hours!

Call it "good nature," call it infatuation, call it insincerity, or what you will, the practice still continues of people lending their names for business purposes to friends or mere acquaintances. The embarrassment or ruin of some estimable people results from this wretched practice. We have just heard of a very respectable farmer and real estate agent in the township of Luther, whose endorsements for friends have brought him into financial trouble.

In rainy weather on some of our streets are observed unsightly pools of stagnant water. This manifests a defect in drainage and should receive immediate attention. There are also a large number of broken or rotten planks in the various sidewalks which should be replaced before the winter season gets in. Although nearly all the streets in the village which require sidewalks are supplied, still sidewalks on Willow street from Mill to Agnes, on Bower Avenue from John street to Wilber, and on Elgin street from Mill to Agnes street are very necessary, as these streets are almost impassable in wet weather. The present Council have lately begun the good work of repairing old sidewalks and building new ones, and we trust that they will not conclude their operations for the present year until sidewalks are laid on the above streets, and all repairs are completed.

Rockwood News.
From our own correspondent.
Rockwood Lodge, L. O. L., No. 661, intend giving an oyster supper on the evening of the 5th Nov.

The election of officers for Victoria Lodge, I. O. G. T., No. 75, Rockwood, took place on Monday evening, and the following officers were duly elected for the current quarter:—Bro. Thor. H. Edger, W. C. T.; Sister Williams, W. V. T.; Bro. Lord, W. S.; Sister Lyman, A. S.; Sister Bills, W. T.; Bro. S. Bills, W. F. S.; Bro. G. Copland, W. M.; Bro. Geo. Inkpen, Clapton; Bro. J. Walker, G. G.; Sister Morrow, I. G.; Sister Osborne, R. H. S.; Sister McMurry, L. B. S.

On Wednesday evening last the officers and members of Victoria Lodge, I. O. G. T., of this village, gave an oyster supper in honor of Mr. R. E. Nelson, who is about taking up his abode in Acton. The members of the Lodge met at their hall and marched in procession, in full regalia, to the residence of Mr. Nelson, where they spent a most pleasant evening. The members took with them well filled

baskets of provisions which they gave into the charge of Miss Nelson, who prepared a most acceptable repast. Victoria Lodge will long remember Bro. Nelson for the worthy manner in which he has discharged his duties in connection with the lodge, and by his removal the lodge will lose a good and faithful member. We commend him to our Action friends.

CITIZEN.

From our own correspondent.
The turnip crop which is a good one, is now being taken in. The snow storm of last Friday caused the farmers to get to work and put them under cover.

A man living not a 100 miles from here has disappeared. He kept a "temperance" house at Haltomville. Mr. Fraser, the license inspector, went to pay him a visit and when he arrived it was found that the "bird" had flown."

We regret to have to chronicle the death of Mr. David Henderson, an old and respected resident of Nantawey. He died on the 20th inst. At the time of his death he was an elder of the Presbyterian church. He leaves a wife and grown up family.

The following officers were elected last Friday evening for Prospect Div. S. of T., for the present quarter:—J. Simpson, W. P.; F. Mason, W. A.; N. Simpson, R. S.; E. Taylor, A. R. S.; M. McMillan, T.; A. Fletcher, Chas. W. Pickett, Con.; A. Gillies, A. Cou.; J. McCaughey, J. S.; Jas. Miller, O. S.

On Wednesday evening last the citizens of Brookville and vicinity were favored with a rich intellectual treat, being the lecture of Prof. Foster, of New Brunswick, on the Scott Act. The hall was well filled and all present manifested great interest in the lecture. The Prof. spoke about two hours and presented to his hearers plain, unphilosophical facts and powerful arguments, which carried much weight and dispelled many of the prejudices which were previously held against the Scott Act. At the close of the lecture a hearty vote of thanks was tendered to the speaker.

ZOPESA, from Brazil, is now come into Canada. It is a mild purgative, acting as a wonder upon, and giving strength and energy to the digestive apparatus of the human system, correcting and increasing the appetite, and removing all forms of debility. It is especially useful in the liver, spleen, and digestion and gives health to the lymphatic and the ciliates. Ask J. E. McLean for a few cent sample bottle and test Zopesa, the new compound, large eight ounce Bottles, 75

Ottawa, Ont., March 19, 1880.
Messrs. Perry Davis & Son, Lawrence, Montreal.

We take pleasure in adding our testimony to the popularity and efficacy of Perry Davis' Pain-Killer. It has been used for more than fifteen years, and notwithstanding the fact that the market has become flooded with imitations, it still holds its own, and stands to-day in the front rank as the most prompt and effective pain-killer in the world. We once heard one of the leading ministers of the Methodist Church say that with a bottle of Perry Davis' Pain-Killer at hand, he feared not ill that we mortals are subject to. It is a medicine to be relied upon, and after our lengthened experience we have no hesitation in recommending it to stand on the list of friends of that old stand-by—Perry Davis' Pain-Killer.

Your respectfully,
J. HIGGINBOTHAM & SON.

For advertisement in another column.

The Greatest Blessing.
A simple, pure, harmless remedy that cures every sore, removes disease by keeping the blood in motion, and gives a new life to the entire system, for the greatest benefit, even ever suffered upon man. Helps others to be cured by it, and its properties are so strong that it can be used to cure any disease. Will try it. See other column.

Read this Twice. Five to thirty drops of Thomas' Electroic Oil will cure common Sore Throat. It will cure a cough or cold in twenty-four to forty-eight hours. One bottle has cured Bronchitis of eight years standing; recent cases are cured in three to six days. It has restored the voice where the person had not spoken above a whisper in five years. As an outward application, all kinds of pain and swelling, like all the ever known. One bottle will cure the case of lame Beck or Crack in the Back. For diseases of the Spine and Contraction of the Muscles it is unequalled. In Rheumatic or any other pain the first application does you good. It stops Ear-ache and the pain of a hump in three minutes, and is stronger than the cheapest medicine ever offered to the people—the cheapest, because it takes so little to do good. It is composed of six of the best oils known, and nothing but oil. It works in a week in general. Why not use it today?—Dr. D. Ross, Ear, Nose, & Throat Physician, Arthur's Landing, P. Q., writes: "Thirteen years I was seized by a severe attack of Rheumatism in the head from which I have acutely suffered ever since. After having used 'Thomas' Electroic Oil' for nine days, hastening the forehead, I have been completely cured, and have only used half a bottle. This I can certify under oath if you wish!"—Rev. J. Mallory, of Wyoming, N. Y., writes:

"Dr. Thomas' Electroic Oil cured me of Bronchitis in one month." Reward of Information. Ask for Dr. Thomas' Electroic Oil. See that the signature of S. N. Tomes is on the wrapper, and the name of Northrop & Lyman, Toronto, Ont., Proprietors for the Dominion.

Note—Electroic—Selected and Electrized.
