Silver Plated Cutlery, Spoons and Forks, Fancy Glass Ware, Wedding and Birthday Presents, Bright Fresh and New.

Always a large stock on hand of Berlin, Wedgwood, Minton, Coalbrookdale, Nippon, Paper, China, Porcelain, Spectacles, Albert, Black Bronzes, Brackets, etc., at Geo. Hyatt, Jeweller & Fancy Goods Store, Acton, Ont.

THURSDAY MORNING NOV. 4, 1890.

TOWN AND COUNTY.

All notices appearing in the local columns of the FREE PRESS, unless otherwise published, are for advertising, and charged at regular rates.

Only two months more in 1890.

Mother earth is now covered with the "ear and yellow" leaves.

Don't fail to read our offer to new and old subscribers on second page.

The turnip crop has been gathered, and turned out a good crop in this section.

Tom O'Shanter has a very popular act in Acton. They may be fashionable but they are anything but pretty.

Notwithstanding that the springing of a boom which it does not seem to infer much with the church door looser.

Mr. Moses Gates, the weather prophet, predicts a steady winter, with lots of sleighing, especially in Western Ontario.

The school children had holiday on Thursday and Friday, owing to the absence of the teachers at the county convention.

Two special trains left Guelph for the east on the G. T. R. loaded with produce. The trains consisted of 41 cars—Herald.

Good mothers should see that their baby's face is kept clean, for municipal candidates will soon be on the war-path throughout the land.

Bleeding is quite popular here now. Mr. Harry Jenner rode about ten miles on Tuesday afternoon, and says he enjoyed it immensely.

There are numerous enquiries for dwellings to rent in this village. Why don't some enterprising citizen supply this growing want? It will pay.

Dame rumour says that a wedding will shortly take place between one of Acton's fair maidens and a young man residing in a town within a thousand miles from Acton.

Auction sale will be printed neatly, cheaply and on short notice at this office. Parties favoring us with their orders will receive a free notice of sale in the FREE PRESS.

Rev. James Harris, of Guelph, was entertained, addressed, and presented with a prize on Thursday evening, on the occasion of his retirement from the pastorate of Zion church, after sixteen years' service.

Fence board advertisements are well enough, but if you want to purchase a fence it is more convenient to look through the columns of a newspaper to see who has it for sale than to go "hook up" a team and drive round the country reading fence signs.

Acton has a new constable at last, and the Free Press hopes to see the law enforced. We have a constable in Milton, and a cow by-law also, but they have never been formally introduced to each other. This is supposed to be an oversight on the part of the council—Necus.

PERMANENT.—A meeting will be held in the Public School this evening for the organization of a class in penmanship. Mr. W. C. Gamble who intends conducting the class has had considerable experience in the teaching of penmanship, and his specimens of both plain and ornamental writing are well executed.

Funerals.

Mr. Abram Matthews of this village is very ill.

Mr. E. Hemstreet and wife are visiting friends here.

Mr. J. E. McGarvin is visiting friends in Orangeville.

Mr. R. E. Wallace, of Guelph, was in town yesterday.

Mr. E. H. Ware, of Guelph, is visiting her Acton friends.

Mr. Richard P. Hughes left for Gravenhurst on Tuesday morning.

We had a call from Mr. Freeman Hall, of Orangeville, on Tuesday.

Mr. Horace Pyper, of Fergus, paid his friends here a visit yesterday.

Mr. Z. A. Hall, of Berlin, spent Thanksgiving day with his Acton friends.

Mr. H. H. Kitching, banker, arrived in Acton with his family on Saturday.

Mr. Wm. Hamstreet, formerly of Rockwood, has moved his family to Acton.

Mr. James Cameron, who has been spending the summer in Manitoba, returned to Acton on Monday.

On Tuesday last Mr. John P. Worden left for a trip to Bracebridge, Lethbridge, and other places in Muskoka.

Mr. James Orr and wife, and Mr. John and Miss Kate Cunningham, spent a few days this week with their Acton friends.

We had a call from our friend Mr. Tom Kennedy, of Perry Harbor, formerly of Acton, on Monday. Mr. Kennedy is spending a few days with his friends here. He is in good health, and seems to enjoy life as much as ever.

SELENDID OFFER.—We will give the Canadian Farmer and the Free Press from now to the 1st January, 1892, for \$1.75.

CUSTOMS RETURNS.—The Customs returns at the Guelph port for October were \$6,505.17, against \$3,842.74 in October last year. Increase, \$2,662.43.

A FACT.—What is a fact! That new subscribers can secure the FREE PRESS, the best local paper in Halton County, from now until January 1st, 1892, for one dollar.

Two large box mowers, two drums, and a quantity of pipe, all second hand, cheap.

Bazaar patterns half price, at Mrs. S. Augusta Secord's.

GEORGETOWN.—The Rev. G. B. Cooke, late assistant to Rev. Mc. Cammishall, of Hamilton, has been appointed incumbent of the English Church, Georgetown, the Rev. Mr. Bowdler having removed to Toronto.

NEW TAILOR.—In another column will be found the advertisement of Mr. R. E. Nelson, who has just opened a tailor shop in our village. We have no doubt Mr. Nelson will keep a good stock, and do his best to please his customers.

THANKSGIVING SERVICES.—At 11 o'clock yesterday morning, Rev. D. B. Cameron preached a thanksgiving sermon in the Presbyterian church, and at 6:30 thanksgiving services were held by Rev. W. J. Egan in St. Alban's church.

CHANGE OF AGENTS.—Mr. H. B. Jacobs, for some time the popular agent of the N. & W. Railway Milton, having resigned his position, Mr. Thom, formerly in the service of the Grand Trunk, has been appointed to fill the vacancy.

MILITARY.—Rev. W. Williams, of the First Methodist church, Guelph, preached two excellent sermons in connection with the missionary services in the Methodist church here, on Sunday last. The same subscribed for missionary purposes, will amount to that raised last year.

DON'T FORGET THE SPARROWS.—Now that the winter is approaching, it would be a charitable act for the citizens to offer shelter to the sparrows by erecting houses for them in the shade trees and under the eaves of their residences. Any attention of this kind will be repaid by the chattering of the birds through the dreary winter.

SCOTT ACT.—We are informed that petitions against the extension of the Scott Act are being circulated in this village and the county generally. We never expected anything else. We have a pretty good idea, however, which petition will be accepted, and would advise our temperance friends to push forward in their good work.

CANADIAN FARMER.—The Canadian Farmer, a weekly farm journal, published in Welland, Ont., has just entered upon its third year. The paper is well conducted, has a first-class appearance and seems to be filling a want long felt among the agriculturists of Canada. The paper is only \$1.00 per annum, and should be in the hands of every farmer.

TOST VS. FREEMAN.—The suit of Mr. Tost against Dr. Freeman, of Georgetown, for malpractice, which was to be tried in Hamilton, has been withdrawn. Much to the relief of all the doctors in the county. They felt that such a suit, if successful, would place them in such a position that no one doctor could safely undertake any precarious case—Champion.

GOUGH'S LECTURE.—About 60 persons came from Acton, Rockwood, and Georgetown, to hear Gough's lecture on Wednesday night. They returned home by special train—Guelph Mercury. Yes, they returned home by special train. The special train was advertised to leave Guelph half an hour after the lecture, but we had to wait at Guelph for it until 3:15 next morning.

A BAD PURCHASE.—Wm. Carradine, well known in Milton, recently hired a horse and buggy from Mr. Robinson, Streetsville, to go to Milton. He went to Acton, sold the turnout to Mr. H. Adams for \$65, and left for parts unknown. Mr. Robinson received a telegram from Acton stating that one of his rigs had been sold in that place, and went up and got it back—Champion.

CAN GET CARS.—The Milton Chamberlain says:—"The grain buyers here do not think it prudent to store large quantities of grain where there is not much probability of a rise in price, as they cannot procure as many cars as they want." We think this is rather discouraging to the business men of Milton, and the farmers in the vicinity after subscribing to such heavy bonuses as they did to secure the railroads which run through the town.

ACCIDENT.—An accident took place in the saw mill of Messrs. Brown & Hall, of this village, on Monday, by which the lumber saw was destroyed. Mr. James Brown was sawing a long piece of timber, and when near the end the stick broke and the piece knocked the iron guard off, which fell against the teeth of the saw, causing a crack about a foot in length. Other minor damages took place, but no person was injured. The loss will be about \$75.00.

CHILD RIF OTER.—Last week a five-year-old daughter of Mr. Wm. Leonard was playing Mill street, when a son of Mr. Sydney Smith, who was riding along at a rapid pace on horseback, accidentally ran over the little girl, causing her severe injuries. Under the care of Dr. Lowry she is recovering. People cannot be too careful in driving through the streets. There are a number of men who make a practice of driving as fast as possible through the village, and it is a wonder that more accidents do not occur. This unlawful practice should be put down by the village authorities.

ENCOURAGING.—A retired gentleman came to Milton from Toronto, a few days ago, with the view of becoming a citizen of this town. When he came he saw, and when he saw, he returned to the city. Why? Because he couldn't find a suitable dwelling house in the whole town to rent. This is just the way—Milton will always be the slow, staid old town which it gets the credit of being, just as long as our capitalists invest their money in real estate mortgages, or deposit it in the bank at 3 per cent interest. Why, on earth don't somebody adjust a can of nitro-glycerine under them and blow them out of the way. There would then be a possibility of their places being occupied by enterprising men—Necus.

Read our story, "Der Poudus uv Triaking," on first page.

—Acton Village Council will meet in the council chamber on Friday evening.

—Business generally was suspended yesterday, and there are about 500 turkeys less than before Thanksgiving Day was announced.

Seniors or Punks.—Between 20 and 30 members of Toronto and Hamilton Lodges, Knights of Pythias, visited their brethren of Calantha Lodge, Acton, last evening. Acton Brass Band led the procession from the G. T. R. depot to the lodge room. A pleasant time was spent. Particulars next week.

TEACHERS' EXAMINATION.—The following are the names of those who successfully passed the Professional Examination for Third Class Certificate, at the closing examination of the Milton Model School.

LAUREL.

Missie Allen, Minnie For, Annie Gaston, Belle Gillies, Elizabeth Hatchison, Isabella McCarter, Mary Tuck.

CENTURIES.

Charles E. Carey, John Fisher, Joevas Hamilton, Peter Hoffman, Wm. James McGregor, Charles McHaffie, G. Clifford Smyth.

ACROSS A CITY.—Wonder when Acton will apply for its city charter. Judging by the following we should think the village had multiplied wonderfully!

—The Acton Free Press would advise the authorities of Guelph to appoint their monthly fair on some other day than Nov. 4th, as Acton monthly fair takes place on Thursday and the opposite offered would no doubt cause the Guelph fair to be a complete failure. "Oh! of course, Guelph will have to take a back seat—Mercury."

The Free Press will be the death of us yet—Milton Champion. Here I here.

TEACHERS' ASSOCIATION.—A convention of Halton County Teachers' Association was held in Oakville, on Thursday and Friday, 28th and 29th ult., which resulted very successfully. The teachers of the county are taking more interest in the meetings of the association than formerly, and the majority of them do what they can to make the meetings successful. On Friday evening a very large public meeting was held, at the close of which Mr. Robt. Little, the Public School Inspector for the county, was the recipient of a very appropriate address, and a fine hunting case, 18 carot, Waltham Gold Watch and Chain. The presents were given by the school teachers of the county nearly all of whom contributed. Mr. Little was greatly surprised, but replied in very appropriate words. On one case the monogram "R. L." is very tastefully engraved, and on the other is the following inscription:—"To Robt. Little, P. S. I., by the Teachers of the County of Halton, in token of respect and friendship, Oakville, Oct. 29, 1890." The price of the watch was \$200, and was purchased from Mr. Fraser, of Milton. The address was forwarded out this week but will appear in next issue.

Erin Band Competition.

To the Editor of the Free Press.

"DEAR SIR.—I notice in last issue of the Georgetown Herald a letter in reference to the competition of bands at Erin Township Show. Although the writer calls himself "Fair Play," I think he knowingly departed very far from the truth, when he wrote the letter in question. The writer is no doubt a member of Norval band, and having failed to obtain the prize (taken by Acton band), looks into print with a large number of untruths and misstatements. He commences like other people who get defeated on such occasions, by throwing mud at the judges, and says they were not capable of judging. However, those who attend at thought the judges were efficient, and decided without partiality. Another plea is that Acton band had the assistance of "three of the best players from Milton." Here is another misstatement. As two players from Acton band had left Acton a few days before the Fair, and as it was not in contravention of the rules for the bands, two players from Milton took part in the band; but they were not the best players, and only played on the accompaniment. Unlike Norval band, Acton had their own amateur leader, while Norval had an imported professional leader, who arrived in Norval a few days before the Fair. The leader of a band, not in the competition, said, "the only music that could be heard in the Norval band was the leader and the drum, and every credit is due their leader, as he did all that he could to make the band successful, but he could not make up for the deficiency of the other members." Here it may be said that both the judges and leader of Orangeville band stated at the time that the playing of Norval band was altogether inferior to that of the Acton band. What bothers the Norval band is that they played at Georgetown and Cooktown and took first prizes at both places, and expected to do the same at Erin. But at Erin it was unlike the other places, they had other bands to contend with, while at Georgetown and Cooktown no other bands entered. I hope "Fair Play" will show his respect for himself and the band to which he belongs and let the matter drop. If, however, either himself or the band are yet dissatisfied, Acton band is willing to meet the Norval band at any central point before efficient judges and find out which is the best band.

Trusting Mr. Editor you will pardon me for occupying so much of your valuable space.

I am, yours truly,

ONE WHO WAS THERE.

NOTICES WORTH ATTENTION.

A distinct and peculiar Combination.

FELLOWS' COMPOUND SYRUP OF HYPO-PHOSPHITES

It contains the elements essential to the animal organization, the oxidizing agents and tonic being slightly alkaline, and is dispensed in the pleasant and palatable form of a syrup. Its effects are usually visible within twenty-four hours, and are marked by a stimulation of the appetite, the digestion and assimilation entering directly into the circulation; it tones the nerves and muscles; excites a healthy action of the secretions; neither disturbs the stomach nor injures the system under prolonged use, and may be discontinued at any time without inconvenience.

In a word, it possesses the stimulus to arouse the strength, the tonic to retain it, and merit of a high degree.

FELLOWS' COMPOUND SYRUP OF HYPOPHOSPHITES

SPECIALLY AND PERMANENTLY CURED

Consumption of the Lungs, Rheumatism, Consumption, Nervous Prostration, Debility of the Heart, Dropsy of the Lungs, Trembling of the Hands and Feet, Phlegm, Headache, Irritability, Loss of Appetite, Loss of Energy, Loss of Sleep, etc.
