—The boys and girls enjoy themselves coasting on the hills about town. —How many well-meaning citizens aspire to the position of Councilor for next year?

—A horse was sold in town yesterday for twenty-five cents—it was a wooden clothes-horse. —Our streets presented a lively appearance on Saturday. The merchants were kept busy all day.

—Our citizens have no excuse for leaving this year for the purchase of Christmas presents. A complete assortment is available at home. —The sleighing match on Saturday was well attended and the sportsmen had each good luck that it did not result profitable to the managers.

—There was a man in town yesterday trying to sell receipts for making honey for five cents per pound. We imagine the honey would be rather thin. —Between three and four inches of snow fell on Tuesday night, and sleighing was much improved. The farmers are bringing in heavy loads on their sledges.

—Messrs. Greer & Smith announce by poster that they will hold a shooting match at Nicklin's Mill on Christmas day. Our sportsmen will no doubt be ready for it. —The London Advertiser of Monday says:—Revs. Walsh and Moore have, during the past seven weeks, held revival services in the Methodist Church, Byramton, in which much interest has been taken.

—Rev. C. E. Lee, of Port Colborne, formerly of St. Alban's church here, was in town yesterday. —Mr. John Holdgate, of Georgetown, formerly one of Acton's business men, was in town on Monday. —Mr. Oliver Anderson, of Walkerton, spent a few days this week with his friends in Acton and vicinity. —Miss Augusta Speight, who has been visiting friends in Markham during the past week returned home on Saturday. —We are glad to learn that Mr. C. S. Smith, who had his leg broken about two months ago, is able to be about again. He can walk with the assistance of crutches. —Miss Ella Starrett who has been teaching music in this vicinity during the past summer, has just completed a very successful season, and left for her home at Bolton last week. —On Monday last Rev. T. Albert Moore, formerly of this journal, arrived in Acton from his field of labor, London North. Mr. Moore looks well, is in excellent health, and intends to spend a week or so among his many friends in Acton and vicinity. —Miss Nellie Hayes, also of London, is spending a few days with her Acton friends.

—Get your skates ready. —Oakville has organized a Fire Company. —Christmas, three weeks from Saturday. —Spurious twenty five cent mince pies are said to be in circulation. —Wood piles grow small in an amazingly short time these days. —Who are to be Rieve and Councilors for 1881? The ratepayers must answer. —Don't neglect to clean off your sidewalks. The constable has his eye on all delinquents. —Wood.—We will accept a few cords of good hardwood or hemlock, in payment of subscriptions.

—THE PULPIT.—Rev. T. Albert Moore will (D. V.) preach in the Methodist church here, on Sunday evening next. —The regular monthly meeting of the Board of Education will be held in the school house on Monday evening next. —SPLENDID OFFER.—We will give the Guelph Farmer and the Free Press from now to the 1st January, 1882, for \$1.75. —Municipal matters are being freely talked of. Quite a number of citizens are named as probable candidates at the coming election. —Messrs. Speight & Son have their new water wheel completed and in running order. The new wheel has greater power than the old one. —The Milton News seems to appreciate its exchange, the Hamilton Spectator had only eight items in the local columns last week clipped from the Spectator.

—A FACT.—What is a fact? That new subscribers can secure the Free Press, from now until January 1st, 1882, for one dollar. —DEFEATED.—The By-law in favor of granting a house to the Arthur Junction Railway, was voted on the second time, by Guelphites, last Friday, and was defeated by a majority of 55. —THE MARKETS.—The price of grain remains about the same as last week. Barley is a few cents lower, being 50 to 90 cents. Since the sleighing became good a large quantity of grain has been brought to town. —S. S. ANNIVERSARY.—A Sabbath school entertainment, consisting of, music by the church choir, discourses and recitations by the children, and a Christmas tree, will be held in the Methodist church here, on Christmas Eve. —We have repeatedly directed the attention of the street and sidewalk commissioners, of the last estate of the sidewalk on Main street. There are dangerous holes in the sidewalk which should be at once attended to. A man would repair all the damaged places on the street in a couple of days.

—WANTED.—During the past week posters have been issued stating that 50,000 pounds of peas and oats, 10,000 bushels of peas are wanted at the Acton station. Messrs. G. & E. Tolson want the grain, and Mr. A. O. Wheeler the telegraph poles. This will circulate considerable cash among the farmers in this vicinity. —To a complaining subscriber: We are sorry you don't like the paper. We publish it simply to please you. We should ask you to come down to the office and edit it only that if you did some idiot might write and tell you how much better he could do it himself, and that would annoy a nervous person like you. —E.

—CHURCH CONCERT.—The members of St. John's Church, Rockwood, have engaged the services of several talented ladies and gentlemen, and propose giving a grand concert in the Town Hall, Rockwood, on Wednesday evening, 22nd inst. Proceeds of concert to be applied to the building fund of the church now in course of erection. —PUT ON THE BELLS.—Several persons were noticed on the streets during the week, driving without bells on their horses. There is a law compelling persons using cutters, sledges, etc., to have bells attached. These vehicles slip along so noiselessly that it is necessary to provide against accident, and neglect to observe the law should be punished. —A kind word for the FREE PRESS from our subscribers to their friends at this time would prove more effective than if spoken later in the season, when many will have settled up their journals for another year. Speak it friends, for the FREE PRESS, if you can't say you will find that during 1881 we shall not disappoint any reasonable expectations. —FIVE MONUMENT.—On Monday last we noticed the teams of Messrs. McQuillan & Hamilton, of the Wellington Marble Works, Guelph, passing through town heavily laden with blocks of fine granite and other material, and upon inquiry, we learned that the above firm are erecting a family monument in the vicinity of Brantford, for Mr. T. Griffin. The above firm do a large business in this locality, their excellent work and low prices securing for them a very large reputation.

—A NEW GAME.—An exchange tells of a novel outdoor amusement that we hope to see become very popular in Acton during the winter. The new game is very simple and differs from almost all others inasmuch as it is played by one person, and while it affords as much exercise as any, it is inexpensive. It is played with a stick about an inch and a half in diameter and three or four feet long. At one end of the stick is a flat white piece of wood, armed, in some instances with sheet iron. The sidewalk is the best place upon which to play the game, and the time early in the morning. The game consists in the removal of snow from the sidewalk, and those citizens who live on corner lots have already become adept. —Doctors Gave Him Up. —It is possible that Mr. Geffrey is up and at work and cured by a simple remedy. I was surprised to see that he is entirely cured, and with nothing but Hoop's Sarsaparilla and a few pills of Dr. Williams' Pink Pills. If that is so, I will go this winter and get some for poor George. I know he is good. —Yellow Oil is the great pain panacea, magical in its power over pain and inflammation.
