MUDGING.—The Herald of last week contained quite a lengthy synopsis of the sermon preached in the Methodist church, Georgetown, on the previous Sunday morning, by Rev. Mr. Wilkinson, of this village. We congratulate the readers of the Herald that they are provided with such a wholesome class of reading matter. But we were strongly impressed, upon reading it, that Mr. W. must have been very much muddled in Georgetown, as there seems to have been no manner of connection between many of the sentences. We have heard him a great many times here, but we never heard him muddle anything so badly as said report indicates. We wonder if it could be possible that the reporter was muddled any. Thus we think would be more probable, as Mr. W. is generally considered along here, pretty clear headed, and able to make himself well understood. We hope the Herald man had better turn his attention to some other department, as reading seems evidently out of his line.

The parents take more interest in the various Sabbath schools of the village.

Zockwood News.

From our own correspondent.

We understand that Mr. A. S. D. Hill has resigned his position as head master of the public school here. He has occupied that position for nine years.

Mr. Wm. Cunningham, of this place, while taking out ice a few days ago, had his leg badly broken a little above the ankle. Dr. Dryden being called, reduced the fracture, and the patient is now doing as well as can be expected.

Considerable excitement was caused in the village on Friday evening by a runaway train, belonging to Mr. Hill. By some means they got away from him and went up the street in a lively manner, but were stopped by Ed. Scott, Jr. before any serious damage was done.

A musical and literary entertainment under the auspices of St. John's church, Rockwood, was held in the Town Hall, Crowson's Corners, on Friday evening the 18th ult. The programme, consisting of solos, duets, quartettes, readings and dialogues, was well put in a masterly manner by the participants therein. Owing to the inclemency of the weather the attendance was rather small.
