ACTON, THURSDAY, March 10, 1881.

END YOUR TOWN.

An exchange says--Either buy your town with a view, or just quit and leave it. One or two things should be done; push things; find means or a way to put some go-ahead into the business; then the town for all there is in it, get up steam and keep it up, or else quit the whole thing. Do you want trade? Bid for it. Do you want business men to come to your town? Encourage those who do come. Do you want to have a prosperous town where people can come disposed to make it their home? Then do away with, bony from sight all local difference, all jealousy, all spite, work not for a few individuals, but all work together for a common prosperity, and for a mutual benefit. Wake up, rouse your eyes, roll up your sleeves and go to work. Don't go to work with fear and trembling, but take it for granted that work will tell. Leave results to themselves, borrow no trouble, but all unite and make the biggest kind of a try.

GIVE HALF WAY.

Complaints are frequently made, and especially was it the case during the late storm, about the conduct of parties who refuse to give half way on the road, in passing other vehicles. The law specifies that wherever teams meet, each must give the other half road, and in case of both teams being loaded and the drivers think it unsafe to turn out, they are requested to stop, and one must help the other by. We have heard of several instances where horses have narrowly escaped serious injury through the persistent refusal of some to give half way, and if these parties knew that they were liable for damages under such circumstances, there would perhaps be less of this indulged in.

Ontario Colonization.

The opening up of our new country in Ontario has made fair progress during the last year. Twenty-three new townships have been opened for location in the less great districts, making now a total of 117. There were added during the year 1,293 locations on 181,745 acres. But during the same period 870 lots located in former years were cancelled for non-payment of settlement dues. A large number of colonization roads have been built and repaired during the year; the total mileage of new roads made being 253, and of roads repaired, 327; and the number of new bridges built, 17, upon which was expended \$102,261.

Halton County Council.

MILTON, March 1st, 1881.
The Council met pursuant to adjournment.

The Warden in the chair.
Members present--Messrs Clements, Back, Clements, Chisholm, Campbell, Kerns, Lindsay, McEvany, Menzies, McKeirle, Ramsey, Readhead, Robins, and Smith.

Mr. Ramsey moved, seconded by Mr. McEvany, that the report of R. Little Esq., County Inspector of Public Schools, be received and referred to the Committee on Education. Carried.

Mr. Campbell moved, seconded by Mr. Clements, that the report of the Printing Committee be adopted. Carried.

Mr. Campbell moved, seconded by Mr. Clements, that the report of the Committee on County Buildings be adopted. Carried.

Mr. Campbell moved, seconded by Mr. Clements, that the Council go into Committee of the Whole to consider the rules submitted by the Special Committee. Carried.

The Council went into Committee of the Whole.

The Council resumed.

Mr. Chisholm reported that the Committee of the Whole had taken into consideration the report of the Special Committee appointed to revise the rules of the Council, and approve of the proposed rules submitted by said Special Committee.

Mr. Clements moved, seconded by Mr. Campbell, that the report of the Special Committee appointed to propose rules to regulate and govern the proceedings of the Council with the rules submitted as amended, be and

so hereby adopted. Carried.

Mr. Smith moved, seconded by Mr. Robinson, that the deputation from the Halton Agricultural Society be heard. Carried.

Mrs. Beaty, Brownridge, Waldie and Pettit addressed the Council.

Mr. Kerns presented and read the second report of the Standing Committee on Finance, which was adopted on motion.

Mr. Clements moved, seconded by Mr. Kerns, that the Printing Committee be instructed to procure fifty printed copies of the rules adopted to govern the proceedings of this Council. Carried.

Dr. Buck moved, seconded by Mr. Clements, for leave to introduce By-Law No. 10 to repeal By-Law No. 62, relating to the destruction of wolves and lynxes in this county, and that the same be read a first time. Carried.

The by-law was read first time.

Mr. Robinson moved, seconded by Mr. Campbell, that the sum of \$100 be granted to the County of Halton Agricultural Society to defray the expenses of a young woman, frozen to death. Our reporter immediately set out to ascertain the particulars of the case, which was inserted in the remainder of the edition. For the benefit of our western subscribers, whose papers had been mailed before we heard of the sad occurrence, we repeat the report, with the addition of still further particulars as we have since been able to obtain.

On Wednesday night the 2nd inst., about six o'clock, a young man named John Grant, who was coming up the third line, Equestrian to Acton, discovered a young woman on the side of the road, near the farm of Alexander McDonald, frozen to death. He immediately proceeded to Mr. McDonald's residence and informed him of the discovery, and he (McDonald) accompanied by a neighbour went and examined the body and thought they recognized it as a daughter of Mr. Neil Keith who resides on the second line, about three miles from here. They at once informed Mr. Keith, who, as soon as he arrived identified the poor unfortunate as his daughter Catherine. The young woman had been in the employ of Mr. F. McCallum, Scotch Block, and left there for home, a distance of six miles, on Tuesday, 22nd ult. It has since been learned that she went to George town and was seen there and afterwards in Linelawn on Wednesday 23rd, which was the last place she was seen alive. It is supposed that she proceeded thence for home and in going along the third line, which is seldom travelled at this place during the winter, she became exhausted and being overcome with intense cold, was frozen to death. She was found about three quarters of a mile from her own home.

Mr. Lindsey moved, seconded by Mr. McKeirle, that R. Little, Esq., Public School Inspector, be now heard in regard to each of his reports. Carried.

Mr. Little addressed the Council.

Mr. Kerns moved, seconded by Mr. Lindsey, that the first report of the Committee on Education be adopted.

Dr. Buck moved, seconded by Mr. Clements, that the accounts of this municipality, as audited by the auditors, Mr. Switer and Matheson, be placed in the hands of the Finance Committee for examination, and finally audited by them on behalf of this Council and handed over to the printer. Carried.

On motion the Council adjourned. Carried.

Board of Education.

The Board of Trustees of Acton School Division met in the school house Monday evening, March 7th, pursuant to adjournment. Members present Messrs. Speight, S. Moore, J. Lishy, James Mathews and A. Lahey. Mr. J. Speight in the chair.

Minutes of last meeting read and confirmed.

We your finance committee having examined the following account,

and then correct and recommend that the chairman sign his cheque in favor of the treasurer for amount of the same.

Thomas Moore, salary for Feb., \$45.63.

Miss McElroy, " " 22.00.

Miss Grant, " " 18.75.

Mr. Higley, " " 50.25.

Total, \$93.85.

Moved by J. Mathews seconded by A. Lishy that the report just read be adopted. Carried.

Moved by J. Lishy seconded by M. Speight that the secretary be and is hereby instructed to publish an abstract of the school accounts for 1880 as required by law. Carried.

Moved by S. Moore seconded by J. Mathews that the chairman of the property Committee be and is hereby instructed to furnish five more chairs for the accommodation of the board. Carried.

Moved adjourned to meet on Monday April 4th, at 7:30 p. m.

Board adjourned to meet on Monday April 4th, at 7:30 p. m.

Massachusetts News.

From our own correspondent.

Prospect Division S.S. & T. Tempore intends holding an open meeting on Friday evening next.

Dr. E. F. CHANEY.

Carry, Pa.

True nobility is the most unpretentious.

The most humble means often

will accomplish the greatest ends; the most modest and unpretending of flowers are the sweetest; the most simple and abundant herbs are the most potent to heal; Burdock, which grows almost everywhere for our use, is one of the most valuable plants.

It is one of the many ingredients of that miraculous medicine Burdock Oil.

Burdock, the best purifying tonic in the world. Simple bottle 10 cts. Regular size \$1.00.

All sores infected that the infected part.

And all looks yellow to the judgment day.

If you are low-spirited and blue, do not let it to your luck but rather to your liver; cleanse the system of bad bile and sluggish blood, arouse the torpid secretions and the eye will resume its wonted brightness, the step its buoyancy and the mind its cheerful vigor. Burdock Blood Bitters cure all nervous diseases, purify the system and strengthen the weak.

Another Suicid.

A farmer named Bailey, living near Alliston, hanged himself on Sunday.

His young son, about ten years of age, found him hanging to a beam in the barn. His friends can attribute no cause for his rash act excepting adverse circumstances.

John Purcell, one of the prisoners in the Biddulph case, left last Thursday night for Nebraska, there to remain.

Young Woman Found frozen by the roadside.

Dead about a week before being discovered.

(After we had gone to press and printed part of the edition last week we were informed of the discovery of a young woman, frozen to death. Our reporter immediately set out to ascertain the particulars of the case, which was inserted in the remainder of the edition. For the benefit of our western subscribers, whose papers had been mailed before we heard of the sad occurrence, we repeat the report, with the addition of still further particulars as we have since been able to obtain.)

Mr. Kerns presented and read the second report of the Standing Committee on Finance, which was adopted on motion.

Mr. Clements moved, seconded by Mr. Kerns, that the Printing Committee be instructed to procure fifty printed copies of the rules adopted to govern the proceedings of this Council. Carried.

They at once informed Mr. Keith, who, as soon as he arrived identified the poor unfortunate as his daughter Catherine.

The young woman was in good health, and was respected by all who were acquainted with her. She was 18 years of age. The funeral took place on Saturday afternoon, and notwithstanding the condition of the road, after the recent storm, was one of the largest ever attended in this vicinity.

The friends of the unfortunate young woman have the sympathy of the community in their sad bereavement.

The friends at once notified the coroner, who, on learning the particulars of the case, decided that it was unnecessary to hold an inquest.
