—Order your spring suits.
—Robin returned has appeared.
—New coats are now in circulation.
—Kodak all afloat. Sleighting nearly used up.
—Cruquet sets need not be brought out just yet.
—Village council meets next Monday evening.
—That was rather a fierce storm we had on Saturday.
—The sparrows are repairing their summer residences.
—Benefit for the caretaker at the skating rink to-night.
—Hilhou Spring amuse open at Milton next Thursday.
—Fine sugar weather during the week. The sap has run well.
—Eggs are now getting more plentiful, and consequently are cheaper.
—A wedding party drove through town on Tuesday. All seemed happy.
—Old winter is Marching steadily along, and to-day is the "17th of Ireland."
—It is to be hoped that the intense cold of this winter has finished the potato bug.
KNUCKLE DOWN.—The boys give their attention almost exclusively to marbles now.
—Leaving on the front gate after dark will evidently not be practised for some time to come.
—The favorite phrase of the editor of the Georgetown Herald seems to be, "failed to connect."
PATENT OUTSIDE.—The Milton News and Erie Advocate came out last week with patent outside.
—Bare ground is beginning to show. Under the warm rays of the sun the snow is disappearing rapidly.
—Mr. W. L. Hemstreet, of Cleveland, Ohio, will please accept our thanks for Cleveland and Cincinnati papers.
DIVISION COURT.—Division Court was held here yesterday. A large number of cases were disposed of. Judge Miller presided.
—The melancholy days have come—the saddest of the year—when the sleigh bell's voice becomes dumb, and wheels run mighty queer.
THE PRIZE.—On Sunday evening last Mr. Lucius Adams, of Drayton, preached a very earnest and interesting sermon in the Methodist church here.
—One of the windows in W. W. Hill's shoe shop was broken by a snow-ball on Monday. Boys, you had better be cautious that sort of thing.
—A correspondent writes to say that a still smaller man than Kneebright is mentioned in the Bible; Bill-Dad of shoe height, (Job 18, 15).
—Old S. and Jack Frost are having a terrible tangle these days. Under the former's influence the sleighing is rapidly disappearing. The weather-wise predict an early spring.
—The past week has been favorable for making maple sugar. Light frosts at night and a bright sun with temperature ranging from 10 or 15 to 42 during the day are just the influence essential to a good run of sap.
REVIVAL.—Special services have been held in the Methodist church, in this village, for several weeks past with gratifying results. Quite a number have been brought to see the error of their way, and have decided to strive, with the Master's help, to walk in the straight and narrow path in future. A close band of unity seems to exist among the members of the church since for several years past.
ROBBERY.—On Monday, last, some person or persons entered the residence of Mr. George Lowry, Nasasaquawa, near Knapshill, and ransacked the house. The bed room where Mr. Lowry was sleeping was entered and \$30 taken out of a trunk, near the bed. His pants, containing \$40, were taken from the side of the bed into another room and searched, but the money was not found. Mr. Lowry woke up about one o'clock and finding the doors open, concluded that something was wrong, and soon found that his money was missing. He immediately got out his team and drove to Knapshill, hoping to overtake the thieves, but was unsuccessful. He is of the opinion that the guilty parties are well acquainted with his premises.
—Any information that will lead to the conviction of the parties will be thankfully received by Mr. Lowry.

—The birds have come again.
—Uglars have been laid away.
—The measles are getting "played out."
—Rubbers and thick soled boots are still in demand.
—Remember the lecture on "Stered Mada" in Knox church, to-morrow evening.
—We have had about four months steady sleighing this winter in this vicinity.
—The carnival on Monday evening was not very largely attended, owing to the warm weather the ice was soft.
—The assessor says he will very soon have his assessors ready. There must be a good many needless cars in town.
MARCH WEATHER.—Grip's almanac says: "If March don't turn out windy, bleak and raw, it will be as fine a March as you've ever seen."
SCHOOL REPORT.—In another column will be found the annual report of receipts and expenditures of the trustees of Acton School Division.
—Only five Acton girls have sent their photographs to the circus man who advertised to give \$10,000 to the handsomest women on the continent.
SPECIAL TO FARMERS.—If you want a successful auction sale, get your posters at this office, advertise in the Free Press, and engage W. Hemstreet as your auctioneer.
RE-ORGANIZING.—We understand that Acton Division, Sons of Temperance, No. 242, is to be re-organized. Let every brother lend his aid and help in the good work.
REMEMBER THIS.—The CHAMPION is the only newspaper that is all printed in Milton, and, with one exception, the only one in the County of Halton.—Champion: And the Free Press is that "only exception."
—Single copies of the FREE PRESS can be obtained at the Free Press office for three cents each. Those who wish to forward a copy to their friends should call immediately after the day of publication to secure one.
—A few days ago a letter was mailed in New Orleans, addressed as follows:—
Swift as a train pursue your way,
Stop not for flag or banner,
Until you reach Miss Sophie May,
In Clinton, Louisiana.
—RENOVATED.—The Temperance "Life Guards" are having the Temperance Hall put in a respectable condition. The walls and ceiling are being kalsomined, windows frosted, and things generally are being put into proper shape.
THE NEW WORK.—On the 5th of April Bro. J. B. King, Grand Secretary, L. O. O. F., will hold a Lodge of Instruction, in Guelph, to prepare the Guelph brethren in the new work of the Order. Delegates from Acton Lodge, L. O. O. F., No. 204, will attend.
CONSTABLE VS. COWS.—The chief constable has posted notices throughout the village, notifying cow owners that they will be fined if they allow their cattle to run at large after this date. Our constable means business, and our steers will doubtless be void of cattle during the coming summer.
THE LION, GUELPH.—A look into the mammoth store of Messrs. J. D. Williams & Co., Guelph, will convince anyone of the excellence of their stock of spring goods just opened. They announce in another column that they have just received immense quantities in all lines of dress goods, gentlemen's suitings, and spring hats in latest styles, cheaper than ever. Call at the Lion when you are in Guelph.
NO OBLIGATION.—We do not consider, says the New York Sun, that anybody patronizes a newspaper when he buys it, or that the newspaper is under any obligation to any one who either purchases a copy or inserts an advertisement. If it is a wise and sound newspaper, the purchaser or the advertiser gets the full value for his money, and the account is even between them. These words will be endorsed, by every journalist in the world.
DECEASED.—After an illness of about two weeks Mr. B. Adams died at his residence, in this village, on Thursday evening last. Mr. Adams has been a resident of Acton for nearly fifty-two years, and was consequently acquainted with nearly every person in this vicinity. By hard work and close economy he accumulated wealth to the amount of \$50,000. The funeral took place on Saturday afternoon and the body was interred in the village cemetery.
What the FREE PRESS would like to see.
—An early spring.

—The cow by-law strictly enforced.
—Plenty of work and good wages for the poor men.
—The laws against the illicit sale of liquor more strictly enforced.
—Acton Division, Sons of Temperance reconstituted. We believe it will be.
—A thousand more people read the FREE PRESS. The best local paper in the county.
—A well organized Hook and Ladder fire company, under the control of Acton village council.
—A few of the farmers who are sugar-making bring us a pound or so of maple sugar to sample.
—The Milton Champion give a list of the names on the Acton Scott Act petition which are not genuine.
—Citizens complete their shopping sooner on Saturday night, and thus allow store-keepers a chance to close earlier.
—The Street and Sidewalk Commissioners have the various sidewalks of the village properly repaired as soon as spring opens.
—The council pass a by-law enacting that the owners of all dogs in this municipality be obliged to procure licenses for their cur.
