In the report of the receipts and expenditures of the village of Stayner, the auditors place the printing account under the head of charities.

BE CAREFUL BOYS—The very mean practice of teasing down bulls before the date expires lays you open to a fine. The practice should, therefore, be discontinued.

COOK BOOK—We have received from Mrs. Billings' Pictorial Proverbs. If you want to have a big laugh send 15 cents for the phony volume.

Hill still continues to enjoy a large measure of popularity as a photo artist, and his fine gallery is not often without a subject during working hours. He guarantees satisfaction.

Clean up your back yards at once, and see to it that your cellars are in good trim, with no decaying vegetable matter. It may clear the Dr's out of a job or two, but it will get money in your pocket.

Some young sports about town talk of starting a hook-and-ladder, and depending their surplus energy in cutting wood for needy families—Barrie Advance. Capital idea, we would recommend some of our young men to follow the example of the Barrie boys.

HAD BOY—According to a Woodstock paper many parents in that town show a reckless disregard of the welfare of their children by allowing them to remain out at all hours of the night. The number of professors and generally bad small boys to be seen about that town is frighteningly large. We are afraid Acton is not far behind her sister town in this respect.

OBSTETRICIAN—On Monday last one of the oldest residents of the county, Mr. Thomas R. Eeley, of Milton, departed this life at the ripe age of eighty-eight years. Mr. Eeley has held the office of Registrar for this County for the past 43 years. On the 3rd of May, 1838, he was appointed to the position of Registrar for the counties of Haldimand, Wentworth, Brant, Waterloo and Wellington, and had Dundas for his headquarters. In 1842 the work connected with the office having greatly increased, the counties of Wellington and Waterloo were cut off, and in 1855 it being considered advantageous to have a Registrar for each county, he chose Milton, and removed to Milton, and efficiently performed the duties of the office until his death. He was respected by all, and his bereaved family have the sympathy of the entire community. Mr. Eeley was the oldest county Registrar in the Province.

The Hamilton Spectator boasts that it has found out that Prof. Foster gets \$125 a month for advocating the Scott Act, but it forgets to state how much it paid for firing its arrows against the Act.

Dear little girls: A litte girl of Peter-son, Put-nam country, New York, died from jumping rope. She dropped dead after the one hundred and seven-tenth jump. Don't do too much skipping.

"OUR LITTLE ONES."—The April number of "Our Little Ones" is to hand, and it is full of pure, interesting and amiable articles for the Russell Publishing Company, Boston, Mass.

The Acton Free Press is a very good local paper and ought to be very heartily supported by the people of this village.—Berlin Daily News. And so it is. We hope the Neece is as heartily supported by the citizens of Berlin.

The Georgetown Herald comes pretty hard on the Milne-Atkins style adopted by the Champs, concerning the Scott Act agitation, it is so beneath contempt as to be unworthy of a passing notice.

CHEESE FACTORY.—We understand that a cheese factory is about being established between here and Stewartown. The farmers are enthusiastic over the matter, and the fact of Mr. Beesey having the management is a guarantee of success.—Georgetown Herald.

DAM BROKERS.—Owing to the large volume of water passing over Measey, Speight & Son's dam on Monday, it gave way at one end. All hands went to work and with the use of straw, shovels, etc., the stoppage was stopped before any particular damage had taken place.
