THE PRESIDENT'S CONDITION

During the week the President suffered from a relapse, but an operation was performed by his physicians on Saturday which rendered him greatly relieved.

Sowing Fall Wheat

The advantage of sowing fall wheat early was never more apparent than during this season. While driving along the roads you can notice the difference in the fields. When proper summer following is done, the land will mature, the seed put in early, and with a drill, the failure of fall wheat is rare.

The Georgetown Herald vs. The Village Council

The council of the village of Georgetown has treated its local representative the Herald, in a most despicable manner concerning the printing of the Voters List of the municipality. The job was given to the Edit. Alcock, because the proprietor of the journal offered to do the work at a price a few cents lower than the Herald figure. This is an unprecedented piece of meanness on the part of the council, when it is considered that the present editor has, ever since he took hold of the Herald, done everything in his power to advance the interests of the village.

GRAND TRUNK SMASH-UP

On Friday morning, shortly after five, an east-bound freight train on the Grand Trunk Railway ran off the track at the Northern and North Western Junction, at Georgetown. Two cars are a total wreck, and several others are more or less damaged.
