THURSDAY MORNING, SEPT. 8, 1881.

IS CRIME INCREASING? The great number of crimes, of various character, daily brought to light, lead many to exclaim "what is the world coming to?" we think, considering the increase of population and the rapidly improving facilities for meeting crime, that this is scarcely a fair inference.

THE WINNING OF WEALTH We believe the winning of wealth to be a perfectly legitimate pursuit. Wealth has great and beneficent uses, and the world would go very slowly if money could not be accumulated in wise and enterprising hands; but wealth may be used to make all men poor it impoverishes and lappies, or it may be used to make them poor and miserable. When a rich man is only excited by his wealth with the desire to be richer, and goes on to exact larger profits and to grind the faces of the poor, in order that he may be enormously rich, he becomes inhuman and unchristian. The Christian use of wealth is what we need in this country and in all countries. It is not that wealth is not sufficiently taxed for the support of those who are wrecked in health or fortune, but it is that wealth does not give the people a chance to escape from poverty; that it does not share its chances with the poor, and point the pathway for the poor toward prosperity.

THURSDAY'S STORM.

Terrific Thunder and Lightning. The rain that had been longed for came down in torrents in this section last Thursday afternoon. It was preceded by a dense blackness in the heavens, so much so that the lamps had to be lit at 3 o'clock. After heavy claps of thunder and terrific lightning came a rain that in a few minutes flowed down the streets in heavy streams. It continued in this way for nearly an hour, fortunately without much damage around the near neighborhood.

EXTRAORDINARY PHENOMENON

Midnight Darkness at 4 o'clock in the afternoon, followed by a strangely brilliant appearance, after which darkness again set in. The general subject of discussion on the streets on Monday evening seemed to be the phenomenal appearance of the sky. As early as two o'clock a yellowish mist was drifting eastward, and by three o'clock the sun appeared as a blood-red disc in the heavens. As the afternoon advanced the atmosphere continually grew yellower, until four o'clock a dark cloud appeared in the west, which gradually spread over the horizon, and in less than an hour all was darkness. About 5:30 the dark mass began to leave, and the sky once more became red and remained so until sunset, when Egyptian darkness again set in. When the lamps were first lit they presented a most peculiar appearance, resembling electric or magnesium light. At intervals during the afternoon showers of ashes fell at different places in this vicinity. The opinion expressed as to the cause of the strange appearance of the heavens, was that the volume of smoke collecting from the bush fires raging in all parts of the country, was heaving over the earth at a considerable elevation, and the sunlight shining through this gave that peculiar tint which everyone observed.

ANOTHER SUICIDE.

A Halton Man Shoots Himself With a Revolver.

On Monday evening, 29th ult., Robt. Suter, a highly respected resident of the Township of Trafalgar, attempted to take his own life by shooting himself with a revolver. He had spent the day in Milton, and had taken his tea there. Reaching home about seven o'clock he proceeded to his own room, where he had not been more than fifteen minutes when the other inmates of the house were startled by the report of a revolver. The ball entered just over the heart, passed through the left lung and lodged in the back, about two inches from the spine, whence Dr. Bennett, of Milton, extracted it when he arrived. In consequence of the weapon having been held so close to the body, the flesh in the neighborhood of the wound was badly scorched. The patient is unable to lie down, as he immediately loses his breath on doing so, and is obliged to sit propped up by pillows in a chair. No cause can be assigned for the rash act of Mr. Suter except that he had been in a low state of health and spirits for some time previous. Mr. Suter is a man about 35 years old, unmarried, and in good circum-

OVER THE FALLS

Suicide of a Toronto Man at Niagara on Monday. Domestic Troubles the Alleged Cause of the Act.

PROSPECT HOUSE, NIAGARA FALLS, Ont., Sept. 5.—About 3 p.m. today David Crimmins, of 69 Edward street, Toronto, committed suicide by jumping over the falls from the log projecting from the table rock. He was last seen lying prostrate on the logs, but as it is quite a common occurrence for adventurous tourists to do the same, nothing was thought of his position. John Moore, employed as runner by Saul Davis, of the Table Rock house, had been observing him. When Moore turned and was going into the house the deed was committed. Moore, through curiosity, faced around to take one more look, and Crimmins was gone. He left his coat on the log. In the pocket of that garment was a letter which goes to say that he was driven to commit suicide by his wife and family and three Toronto priests. The body was recovered.

Hankin's Career Finished

The champion is now ex-champion. On Monday night he and Ross met at the Queen's hotel, and the latter wanted Hankin to arrange a race. Hankin declined, avowing that he intended to retire altogether from boat-racing. His business required his undivided attention. When he went away from home it went to the bad, and now he was determined to devote himself entirely to it. Lately he had attempted to both train himself and attend to his hotel, but he had found it impossible, and therefore he had made up his mind to retire. He was perfectly aware he would sacrifice his title, but they were no object to him. Thus ends the career of the greatest oarsman that ever lived.

ARRANGED AT LAST

Improvements are constantly being made in the manufacture of steel pens. Esterbrook's are of superior excellence. For sale by all stationers.

FANCY WOOL GOODS.—Christie, Henderson & Co. have received and will open in a few days an immense stock of all kinds of Fancy Wool Goods, comprising Knit Shirts, Clouds, etc., etc., all of the latest designs and shades. These goods are extremely handsome and will be sold at very lowest prices.

"A SOUND MIND IN A HEALTHY BODY."—The Roman idea of the highest degree of happiness. The Liver rules the root. Intoxication creates anarchy in the physical system. Constipation, Biliousness, dizziness and bad taste in the mouth, yellow skin and eyes, loss of appetite, loss of energy and low spirits, pains in the back and side, wind and flatulency, all these create bad blood. Regulate the Bowels (from Bristle) and Kitchey with ROSA (from Bristle), try a 10 cent sample and ask your Druggist, J. E. McQuellan, about it.

Rest and Comfort to the Suffering.

"Brown's Household Panacea" has no equal for relieving pain, both internal and external. It cures Pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, Lumbago and any kind of Pain or Ache. It will most surely quicken the blood and heal, as its acting power is wonderful. "Brown's Household Panacea," being acknowledged as the great Pain Reliever and of double the strength of any other Blisters or Liniments in the world, should be in every family handy for use when wanted, "as it really is the best remedy in the world for Cramps in the Stomach, and Pains and Aches of all kinds," and is for sale by all Druggists at 25 cents a bottle.

LOCAL NEWS ITEMS.

SHIRT's lumber mill near Spaywide was burned on Tuesday. The mill had not been running for several years but nearly all the machinery was in the building at the time. The property belongs to the estate of the late Sidney Smith Esq. No insurance.

On Monday morning as Dr. Robertson, of Milton, was harnessing a horse, the brute took fright and kicked the Dr. in the groin, knocking him to the floor, from which he was carried insensible into his house. Dr. Bennett was summoned and dressed the wound, which is not considered dangerous.

Two robberies were committed in town one night last week. The thieves entered the residence of Mrs. Morse and stole a silver watch. The same night Mr. Freeman's residence was entered and his gold watch and some other articles were carried off. The belief is that they are professional thieves. A night policeman for a week or two might be a benefit.—Milton News.

THE GEORGETOWN HERALD man thus exposes his precarious condition—"If our delinquent subscribers would only pay up, we would have enough money to get married with." Well, Bro., if your funds are so low as that, and if the girl is likely to go back on you if you don't get the knot tied soon, we will lend you enough to purchase the license, provided you give us your note with good security.

On Monday last a child belonging to Mr. J. Donnelly, stationer, of this place, accidentally fell into a cistern while at play with his little sister. Mrs. Donnelly, attracted by the cries, rushed to the place, sprang down and saved the child. Life was almost extinct, and it was some time before a return of consciousness was obtained. We are pleased to learn that the little one has entirely recovered and it is to be run around again.—Georgetown Herald.

Rockwood News.

From our own correspondent.

The Academy has been opened for the fall term, and there promises to be a large attendance.

Mr. Dyer, miller for Mr. Wm. Horlop, of Eden Mills, has removed to Rockwood to take charge of the oatmeal mill belonging to Mr. W. Farnish.

Mr. Harry McCarty, who has kept a general store here for a number of years, has retired from the business. Mr. David Smith has bought his stock of goods and will carry on the business.

The chief topic of conversation on Monday evening was the remarkable brightness which overspread the heavens, and speculations were rife, accounting for the "strange phenomenon." Not a few were considerably frightened, thinking that another Slipton's prophecy was about to be fulfilled.

CITIZEN.

NASSAGAWEYA NEWS.

From our own correspondent. Mr. Peter Gould, of this Township, had the misfortune to have his dwelling house burned on Tuesday, the 30th ult. It is supposed that a spark fell on the roof from the chimney and burning a hole through it fired the second story of the house. Most of the household goods were saved.

Nassagaweya has been troubled with a great number of bush fires lately, destroying a great deal of good timber and in some instances injuring the crops.

The extreme heat, smoke and dust has made it hard to endure for some while back, but the shower on Thursday had a salutary effect on the atmosphere and air.

Mr. McPherson returned to Nassagaweya on the 2nd inst., and feels better for his trip to the ocean.

Open air meetings are being held at Campbellville Sunday evenings by Mr. Goodfellow.
