ACTON'S NEW COUNCIL.

No doubt all our citizens expected that at the nomination on Friday the candidates in the Village Council would be...

When, Where, and How to Secure Western Farm Homes.

Under the above heading, David W. Judd, who has just returned from a five-thousand mile inspection tour through the West, North-west, and South-west...

Do not go West with a family, unless you have enough money to make a fair start.

Do not borrow money to go West. The majority of those who have met in their Western homes, who have failed, have been those who came on borrowed money...

After reading this article, select such regions as you think you will like best. People generally prefer to keep in the same latitude they have lived in.

Go in the spring and get acclimated. Take as little baggage and as few household goods as possible.

Provide yourself with a small collection of good books for the family; and before going renew your subscription to your present local paper.

If you are able to do so, you better first go out and explore before taking your family with you.

Do not attempt to explore too much. We have met people beyond the Missouri River who had visited nearly all the Land Grants, and the more they had travelled, the more unsettled they were as to where they should locate.

Decide upon your climate and locality, and then select your land. If you wait too long, you are apt to become very much unsettled.

Do not go West if you have a sick family. Change of climate may benefit them, but it is not worth while to take the chances.

Do not go West expecting not to be homesick for your mountain scenery, your forests and your streams which present such a contrast to the monotony of endless prairie.

Do not go expecting to become rich immediately. Several years of good crops may be required to place you in easy circumstances.

If you are a clerk on a small salary in the city, and have a few hundred dollars saved, give up your clerkship, and strike for the Western lands.

If you have abundance of money, settle on the lands in the West. If your funds are comparatively limited, go on still further, where at good lands can be purchased at lower figures.

GUITEAU GUILTY.

The world breathes freer as news is received that the wretch Guiteau has been found guilty of the murder of the President. There has been a unanimous verdict on the part of the jury...

Nassagaweya News.

From our own correspondent. On the evening of the 26th Jan., the friends of Mr. John Ramsey gave him a complimentary supper in the Union Hall, Brookville, as a token of respect to him for the good services rendered by him to the Township, during the many years in which he was a member of the council.

The evening was very unfavorable, owing to a heavy rain storm, but notwithstanding the inclemency of the weather 59 persons sat down to partake of the supper so ably prepared by Mr. H. Stingle. After doing good services to the tables the usual ceremonies on such occasions were entered into.

Mr. J. Menzies, reeve, officiated as chairman, assisted by Mr. D. Wheelahan, deputy reeve, as vice-chairman, and Dr. T. B. Winn as 2nd vice-chairman. The chairman proposed the first toast, viz: "God save the Queen," which was replied to by Messrs. W. Watson and J. Stancombe with the National Anthem, next came the "Army and Navy," which was responded to by Messrs. J. Stancombe and J. Miller, after which the "Municipal Council" was proposed, to which Messrs. J. Norris, D. Hutcheon, P. C. and W. E. Harrison replied.

The next toast that came before the meeting was "Our Guest," which was answered by Mr. J. Ramsey. The vice-chairman then proposed "The Educational Interest" which was taken up by Mr. J. Davidson, of Eden Mills, after which the "Agricultural Interest" was offered, Messrs. D. McGibbin, R. Aikens, D. Baraboo, W. Watson and A. Ramsey replying, followed by the "Medical Profession," which was answered by Dr. Winn.

The 2nd vice-chairman then offered the toast "The Legal Profession," which was replied to by Mr. J. Davidson, after which came the "Merchandise Interest," answered by Messrs. J. Easterbrook and J. Marshall.

The "Mechanical Interest" was then proposed, to which Messrs. A. C. McMillan, A. Pickett and J. D. Strang replied. Next but not least was "The Ladies," which brought the following to their feet, viz: Messrs. D. Wheelahan, M. McMillan, C. Reid, A. C. McMillan and J. B. Strang. Taking it altogether the affair was an honor to the committee and an object of satisfaction to Mr. Ramsey.

From "The Times." Editor of the Times.—In reading the last number of your paper, I noticed you asked all who had been benefited by the letter published in your valuable paper about a year ago, to write you the facts for publication. This letter from Dr. Bates created a great amount of interest in this vicinity, as he is well and favorably known by every one here. His reputation as a man and as a physician gave every one the utmost confidence in all his statements, and this of course soon made his name "Kendall's Spanish Cure" not only familiar but very popular. In reply to your request I will say! About nine years ago I slipped on the ice and sprained my right limb at the knee joint. I was very lame and suffered excruciating pain much of the

New York Post Office. Wm. H. Watson, Esq., Asst. General Supt. Third Division Mailing and Distributing Dept., New York Post Office, in writing concerning St. Jacobs Oil, says: "The reports from the several superintendents and clerks who have used the Oil agree in praising it highly. It has been found efficacious in cuts, burns, soreness and stiffness of the joints and muscles, and affords a ready relief for rheumatic complaints. Hon. T. L. James, now Postmaster-General of the U. S., concurred in the foregoing."

A PHYSICAL WRECK.—A hacking cough because the physical constitution, not alone because it destroys the tissue of the lungs and develops tubercles which corrode and destroy them, but also because it ruins rest and impairs digestion. How important, therefore, is a resort to judicious medication to stay its ravages. A total physical wreck must inevitably ensue without the choice of remedy the pulmonary invalid is sometimes misled by specious representations, to the serious prejudice of his bodily well-being. The only safe remedy is a tried and highly sanctioned remedy. The credentials of Venetian Yeoman, the Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda entitle it to the place it occupies, viz., that of the foremost cough medicine and lung invigorant sold on this continent. The testimony of veteran physicians, and a popularity based on merit, combine to give it the prestige of a standard medicine. In cases of asthma, weak chest and lungs, bronchitis, laryngitis and other throat and lung complaints, it may be implicitly relied upon.

time since, and some of the time thought I should be a cripple for life. Dr. Bates' letter printed in your paper gave me so much confidence in the virtues of "Kendall's Spanish Cure," that I tried it for my knee and less than one bottle completely cured me so that I have had no return of pain or lameness, for which, of course, I cannot feel too thankful. Since my recovery I have visited friends in the West and found that the following parties have used it with the greatest results in that part of the country. The Rev. John Rice, Hemette, Mo., used it on his own person for an injury of 35 years standing and performed one of the most wonderful cures I ever heard of. J. Z. McCure, of Strong City, Kansas, cured a badly lacerated and poisoned hand, from a long bite, and also removed an enlargement near the hip joint which had become large and troublesome. He also used it for pleurisy and found that bathing the chest with it relieved him at once. To my surprise I found that this wonderful remedy was better known in the West than it was in the East, and I found they were using it there for all animals as well as on human flesh, with the very best results, and I find so many cases wherever I go to confirm the favorable opinion I had already formed of it that I am glad of an opportunity of telling the readers of your valuable paper what I have learned in regard to it. Hoping to hear from others upon this important subject, especially important to those who have suffered, for years like myself, I remain, Yours, etc., J. A. ROSES. Altira, N. Y., Sept. 17, 1881.
