

THE CENSUS.

The census returns as published in the daily papers during the week show errors in the population of numerous places throughout the Dominion: Prominent among them is that of our own little town, the population of which is stated to be only 818. The correct population of Acton is known to be over 1,100, and when it is considered that it was 768 in 1874, when incorporation took place, and that there are now nearly double as many dwelling houses in town and every available place tenanted, it shows very clearly that the census enumerator has in some way made an error of about 300 in our population, in placing it that much lower than the actual population, when the census was taken.

CAREFULLY CONSIDER.

No doubt many people will leave Ontario for the North-West as soon as spring opens, but they should first carefully take into consideration the result of such a change. Manitoba and the North-West form a most promising field for persons beginning life; but people who have grown up and established homes in the older provinces ought to hesitate before pulling up stakes and committing themselves and their families to what at best is only an experiment at bettering their positions. The task of doing over again in the West in the after half of life what it required all their early energies to accomplish in the East, may have the effect of renewing the vigor of some, but upon many the result cannot fail to be to hasten the mere and yellow leaf of age with its sorrows augmented by disappointment with the new and regrets for the forsaken home.

FATAL ACCIDENT.

ANOTHER VICTIM OF INTERPERANCE.

David Leichman Instantly Killed.

On Monday evening an accident resulting in the instantaneous death of David Leichman, well known in many of our circles, occurred on the G. T. Railway about a mile east of Lumberton. Deceased had been in George town during the afternoon in company with a man from Lumberton, named Walter Goodwin, and both men had indulged freely in strong drink. About five o'clock they left for Lumberton, proceeding along the railway, all went well until they reached the bridge which crosses the sixth line, when being so much under the influence of liquor, deceased fell headlong through the bridge, striking on his head, causing dislocation of the neck. Death was instantaneous. His companion notified the neighbors, who at once assisted in removing the body.

Deceased was a single man and had been living with Mr. John Miller, of the 4th con, for some time past. He had a fair education and was possessed of more than an ordinary intellect, but the uncontrollable appetite for strong drink destroyed his otherwise good qualities.

The coroner was notified of the accident, but considered an inquest unnecessary. During the past five years there have been no less than five or six persons killed by falling through the same bridge.

A Wonderful Substance.

The Chicago Western Catholic says: "It is endorsed by Bishop Gilmour, of Cleveland, Ohio, and by some of our most honored and respected priests throughout the country who have used it for rheumatism with success where all other remedies failed. We refer here to St. Jacobs Oil. We know of several persons in our own circle who were suffering with that dreadful disease, rheumatism, who tried everything and spent hundreds of dollars for medicine which proved of no benefit. We advised them to try St. Jacobs Oil. Some of them laughed at us for faith in the 'patent stuff,' they chose to call it. However, we induced them to give it a trial, and it accomplished its work with such a magic-like rapidity that the same people are now its strongest advocates, and will not be without it in their houses on any account."

Mr. Joel D. Hartey, U.S. Collector of Internal Revenue, of this city, has spent over two thousand dollars on medicine for his wife, who was suffering dreadfully from rheumatism, and without deriving any benefit whatever; yet two bottles of St. Jacobs Oil accomplished what the most skillful medical men failed in doing. We could give the names of hundreds who have been cured by this wonderful remedy, did space permit us. The latest man who has been made happy through the use of this valuable liniment is Mr. James A. Conlan, Librarian of the Union Catholic Library of this city. The following is Mr. Conlan's interesting letter:

UNION CATHOLIC LIBRARY ASSOCIATION, Chicago, Sept. 16, 1880. I wish to add my testimony as to the merits of St. Jacobs Oil as a cure for rheumatism. One bottle has cured me of this troublesome disease, which gave me a great deal of bother for a long time, but thanks to the remedy, I am cured. This statement is unqualified by any one in its interest. Yours respectfully, JAMES A. CONLAN, Librarian.

M. A. St. Max St. Boniface, Manitoba, writes:—"Dr. Thomas' Electric Oil is a public benefit. It has done wonders here, and has cured myself of a bad cold in one day."

HONESTY.—It is commonly said that you cannot make an honest man believe that white is black and vice versa, but those who have grey hair, by using the "CIGARETTE HAIR RESTORER," will find that this apparent difficulty is easily overcome. For sale by J. E. McGarvin, 50 cents per bottle.

Dyspepsia, that all prevalent disease of civilized life, is always attended with a disordered sympathetic system and bad secretions, and no remedy is better adapted to its cure than Burdock Blood Bitters taken according to special directions found on every bottle.

P. BRADSHAW, of Wilkesport, writes that he was cured of a very dangerous case of inflammation of the lungs, solely by the use of five bottles of Dr. Thomas' Electric Oil. Feels great pleasure in recommending it to the public, as he had proved it (for many of the diseases it mentions to cure) through his friends, and in nearly every instance it was successful.

A Real Necessity. No house should be without a bottle of Hagar's Yellow Oil, in case of accident. There is no preparation offered to suffering humanity that has made so many permanent cures, or relieved so much pain and misery. It is called by some the Good Samaritan, by others the Cure-all, and by the afflicted an Angel of Mercy.

Holloway's Ointment and Pills.—Health's Defence. None save the strongest can with impunity pass through the sudden transitions from wet to dry, from cold to muggy weather so prevalent during the autumn and early winter months. Influenza, bronchitis, cough, sore throat, or quinsy will attack those most watchful of their health; but they can readily arrest any of these complaints by rubbing Holloway's Ointment twice a day upon the skin over the affected parts, and by taking a dose of his Pills. This well-known, safe, and easy mode of treatment efficiently protects the invalid both from present and future danger without weakening or even disturbing the system in the slightest degree.

When Doctors Disagree, who shall Decide? Nothing is more variable than the different opinions of medical men; but when they fail to agree, or to perform a cure in a chronic disease, the patient often decides for themselves, and take Burdock Blood Bitters, and speedily recover. It is the grand key to health that unlocks all the secretions, and liberates the slave from the captivity of disease.
