YOUNG FOLKS CORNER.

TO MOTHER.

Purest, holiest, and best
Of all the words yet spoke by man,
Revered by all absorbed from jest,
Is our sweet name, 'tis "mother."

"My mother!" As I thus repeat
This blessed title, dear and sweet,
What memories cluster round my soul,
What sacred love my thoughts control.

I see thee as with loving eyes
Thou soothed and calmed my infant sighs,
And held me closely as a prize
From God to Mother.

In boyhood's days my feet were led
In ways of truth with learning wed;
'Twas thou who in my boyish ears
Lisped words of love and soothed my fears.

I hear them yet in memories ear;
Those words so calm I yet revere,
Which bade me worship God so near,
And trust in my sweet Mother

In manhood's days, I love thee still;
And yet between us comes the will
Of mind progressive, wandering far,
Yet loving thee as beacon star.

Oh, Mother, sweet to me thou art,
Forever blended in my heart;
With all the trials of my part,
I love thee still dear mother!

Where Convicts Come From.

Some time since a young man condemned to die for the awful crime of murder lay in a prison cell waiting the day of his execution. A kind lady who had heard of his condition visited him several times, and sought to lead him to penitence and faith in Jesus as his only hope. On one occasion the lady was accompanied by her little son, who spoke kindly to the poor prisoner and offered him fruit. The man seemed much affected by the grace and gentleness of the child, and drawing him towards him, said, as the tears rolled down his cheek:

"My dear child, let me tell you what brought me here. It was disobeying my parents and breaking God's holy day, and lastly drinking and gambling, that grew out of the other two. Never forget this, if you would not be where I now am, and tell all your play-fellows to take warning by my sad fate. Always obey your parents, never drink a drop of anything that can intoxicate, keep holy the Sabbath, and turn as from the evil one himself, from any who would persuade you to enter a gambling-house or engage in a game of dance. These are the things that fill the prisons of earth and crowd the gates of hell with victims.

SIMPLE AND COMPOUND INTEREST.

To Your Youthful Readers.

MR. EDITOR,—The following curious figures I find in an old magazine. They may be of interest to your readers as they were to me. If *true*, they are truly astounding, and their truth or otherwise may be determined by any of your readers who have a penchant for figures.

"The interest of one penny for 1850 years at the rate of 5 per cent compound interest would amount to £6,606,813,355,000,000,000,000,000,000,000,000. If 1,000,000,000 of people had commenced to count out this sum and each person had counted out £10,000 every hour since the creation of the world, or in 6000 years the sum so counted, would bear no greater proportion to the whole amount than one grain of sand would to the number of grains contained in a Globe 37 feet in diameter, supposing each cubic inch to contain a thousand million of such grains."

"The simple interest of one penny for 1850 years is only 7s. 8½d." Hardly two dollars. What a pity that some of our forefathers did not invest a penny in those days for our especial benefit. —D.

Saved from the Poorhouse.

For years David Allingsworth suffered with rheumatism, and notwithstanding the best medical attendance, could not find relief. He came to the Scioto County Poorhouse, and had to be carried into and out of bed on account of his helpless condition. After the failure of all the remedies which had been applied the directors of the Poorhouse resolved to use the celebrated German Remedy, St Jacobs Oil, and this was a fortunate resolution; for, with the trial of one bottle, the patient was already better, and when four bottles had been used upon him he could again walk about without the use of a cane. The facts, as above stated, will be verified by the editor of the Portsmouth (Ohio) *Correspondent*.

Charlatans and Quacks

Have long plied their vocation on the suffering pedals of the people. The knife has pared to the quick; caustic applications have tormented the victim of corns until the conviction shaped itself—there's no cure. PUTNAM'S PAINLESS CORN EXTRACTOR proves on what a slender basis public opinion often rests. If you suffer from corns get the Extractor and you will be satisfied. Sold everywhere.

Ample warning is given us by our lungs when they are in danger. It foolhardy enough to neglect the warning signal, we incur imminent peril. Check a cough at the outset with Dr. Thomas' Eclectric Oil—which is a sovereign pulmonic—besides being a remedy for sore throat, lame back, abrasions of the skin, bruises, piles, rheumatism, etc.

Sure Cure for a Cough.

The most reliable remedy for a cough or cold, asthma, short neck of breath, sore throat, weak lungs, and all bronchial troubles, is Hagyard's Pectoral Balsam. Price 25 cents.

Hagyard's Yellow Oil

Is at the head of the list for all purposes of a family medicine. It is used with unprecedented success, both internally and externally. It cures sore throat, burns, scalds, frost-bites; relieves, and often cures asthma.

JACOB LOECKEN, Buffalo, N. Y., says he has been using Dr. Thomas' Eclectric Oil for rheumatism; he had such a lame back he could not do anything, but one bottle did, to use his own expression, "cured him up." He thinks it the best thing in the market.

A Cure for Croup.

Apply flannel saturated with Hagyard's Yellow Oil and administer the Oil internally on a little sugar as directed on the bottle. Yellow Oil cures Rheumatism, Burns, Scalds, Cut Chilblains, Lumeness and all flesh wounds. All dealers supply it, price 25 cents.

What to Study.

Pope, the poetical philosopher, said, "The proper study of mankind is man," and yet, how little is the real science of man studied. If people understood and heeded the laws of health, and if when out of sorts would resort to a common sense like Burdock Blood Bitters, many of the "ills that flesh is heir to" might be effectually remedied. It invigorates and regulates all the secretions to healthy action.

A Public Meeting should be called of the citizens of every city, town and village in the Dominion, to consider what should be done to prevent the hair from turning Grey,—and falling out. If this important question received their earnest consideration they would unanimously decide that science had at last discovered something that would answer this purpose—and furthermore would recommend Crigglese Hair Renewer as being the something for restoring the hair to its natural color, and prevent its falling out. 50 cents per bottle, at J. B. McGarvin's.

Mothers! Mothers! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of Mrs. Winslow's Soothing Syrup. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere at 25 cents a bottle.

A PROLIFIC SOURCE OF DISEASE.—A trifling indiscretion in diet may lay the foundation of confirmed dyspepsia, and there is no fact in medical science more positively ascertained or more authoritatively asserted than that dyspepsia is the parent of a host of bodily ills, not the least of which is contamination of the blood and the maladies of which that is the direct consequence. Their original cause is, however, thoroughly eradicated from the system by NORTHROP & LYMAN'S VEGETABLE DISCOVERY AND DYSPEPTIC CURE, a medicine which only requires regularity and persistence in its use to cure dyspepsia and the many ills that arise from it. No deleterious mineral ingredient is contained in it, and though its action is thorough in cases of costiveness, it never produces griping pains in the abdominal region, or weakens the bowels like a violent purgative. It invigorates the system through the medium of the increased digestive and assimilative activity which it promotes, and is also a most efficient remedy for kidney complaints, scrofulous and all diseases of the blood, female weakness, &c., &. Price, $1.00. Sample bottle, 10 cents. Ask for NORTHROP & LYMAN'S Vegetable Discovery and Dyspeptic Cure. The wrapper bears a FACSIMILE of their signature. Sold by all medicine dealers.
