One Secret of success.

Don't live a single bour of your life without doing exactly what is to la done in it, and going straight through it from beginning to end. Work, play, study, whatever it is-take hold ut once and Suish it up squarely and cleanly; then do the next thing, with out letting any moments drop between. It is wonderful to see how many hourthose prompt people contrive to make in a day; it is as if they picked up the dwadlers lost. And if you find your self where you have so many thingpressing you that you hardly know how to begin, let me tell you a secret take hold of the first one that comes to hand, and you will find the rest all fall into file, and follow after, like a com pany of well-drilled soldiers; and though work may be bard to meet when it charges in a squad, it is easily vanquished if you can bring it into line after dismissing his physicians, tried You may often see the anecdote of a man who was esked how he " accom plished so much in his life."
