TUESDAY MORNING, JAN. 11, 1883

**Call at Geo. Hynd's Jewellery and Fancy Goods Store, Acton, for Berlin Wools, Toys, Dolls, Fancy Goods. A large stock.**

**Geo. HYND.**

## BITS OF BREVITY.

Local and otherwise, prepared by the use of the pen and scissor for readers of the Free Press.

Steady winter weather.

Jubilee singers this evening.—Is your paper for 1883 paid for?—Another wedding is said to be on the tap.

Soon be time to look for a January thaw.—Acton's snow by-law is now very well carried out.

Esquiring Agricultural Society annual meeting to-day.

Considerable wood is being brought in to the G. T. R. depot.

Ice men will soon commence to replenish their store-houses.

A reply card, a new style of postal card, is to be issued shortly.

—1883. Have you got into the way of writing your letters correctly yet?

There is some talk of another M. D. taking up his residence in Acton.

The inaugural meeting of the municipal council will be held next Monday.

—There has been first-class shooting from the time the snow appeared.

It is generally supposed that the provincial election will take place in March.

That subscription must have been taken up, for Jumbo has a new set of bells.

The Canadian Jubilee Singers will give a sacred concert in the Methodist Church this evening.

The Toronto Industrial Exhibition will be held this year from the 11th to the 22d of September.

Owing to the sacred concert in the Methodist Church this evening, the skating rink will not be opened.

Mr. Richard Hamilton desires us to state that he did not consider himself a candidate at the recent municipal elections.

The annual meeting of Halton Agricultural Society will be held next Wednesday, for the election of officers for the ensuing year.

Are the members of the Village Council making arrangements for the grand opening of the new town hall, talked about some time ago.

—Messrs. Allen & Jenner, glove manufacturers, have made an arrangement with their creditors. A meeting was held yesterday afternoon to close into the matter.

The *Kitchener Reporter* has been changed to an eight-page sheet and has introduced a number of improvements. Mr. Dack has our best wishes for future prosperity.

There is at present considerable debate among the members of the County Council as to which of them will be elected Warden. It is evidently Acton's turn for the honor.

Venice predicts a general January thaw, beginning with the 20th inst. He says there will be very cold weather with rain, and that the snow will disappear in many sections.

Mr. Arthur L. Cameron, of Brandon, Man., has our thanks for copies of Manitoba papers, also a very neat little volume on rural architecture, published by Mr. Cameron and his partner.

Mr. John Cameron has purchased the brick building at the corner of Main and Willard streets, and intends converting it into a carpenter shop. It will make a very good shop for that purpose.

Calendars are plentiful, as usual, at the opening of the new year, and as far as we have seen they all agree perfectly in the arrangement of the days of the coming twelve months. Isn't it remarkable?

—Farmers and others desiring a general insurance agency license, by which \$5 to \$25 a day can be earned, send address at once, on postal, to H. C. Wilkinson & Co., 105 and 197 Fulton Street, New York.

Every subscriber who pays for the FREE PRESS for 1883, will receive a copy of Kendall's Horse Book, on sending for it. No books sent unless requested, as many of our subscribers already have the book.

—There are two ways of being happy—we may either diminish our wants or augment our means. The result is the same, and it is for each man to decide for himself, and to do that which may happen to be the easier.

—Four travellers for the Canada Globe Works started out on the road on Monday, with samples of spring goods. Two of them went East, the others West. Messrs. Storey & Son anticipate a very large business this season.

The clergymen of Ottawa, who are reported as favoring moderation above abstinence should be able to draw the line of moderation for all constitutions and temperaments, as well as indicate an infallible test of the "good creature," as distinguished from the noxious imitations of it which constitute a large proportion of all the alcoholic beverages sold.—*Winnipeg*.

The *Acton Free Press* of last Thursday started the whole world by stating that O'Kourke would be executed on the following day.—*Milton News*. Perhaps the readers of the *News* are aware that no error ever accidentally creeps into the columns of that sheet, but perhaps they are not. It pleases us to see the *News* acknowledge the wide-spread influence of the *Free Press*, as it does in the above paragraph.

## VILLAGE VARIETIES.

A collection of local news and other matters of special interest to our village readers.

**Exchange of Pulpit.**  
Rev. W. Bryers, of the Methodist Church here, and Rev. W. Morton, of Georgetown, exchanged pulpits last Sunday.

**Conservative Convention.**  
A Conservative Convention will be held at Milton to-day, for the purpose of selecting a candidate for the coming Provincial elections.

**Recruiting.**  
We are pleased to note that Mr. Malcolm Gordon, formerly a resident of this vicinity, who entered Manitoba College, Winnipeg, several months ago, has passed a very successful preliminary examination.

**Action's Taxes All Paid.**

The village taxes are all collected, and the collector has returned his roll. The collector wishes to thus publicly thank those ratepayers who responded so willingly in the payment of their taxes after the first call.

**Non-Adhesive.**  
"A Postage Stamp" writes to say that his body is too heavy for the amount of gum supplied it, and that in consequence its mission in life, namely to stick to letters, is often unfulfilled. "Any postmaster," says Postage Stamp, "will testify to the number of us who, unable to cling any longer, fall off and die in the mail bags."

**Real Estate Change.**  
Mr. Richard Hamilton has sold his fine brick residence at the corner of Main and West Bowler streets. Mr. Robert Hayes, of Etobicoke, Mr. Hamilton intends returning to Etobicoke shortly. We are sorry to learn of his intention of leaving Acton as he has been a resident for many years, and has always taken an interest in the advancement of the village.

**New G.T.R. Passenger Cars.**

It will be gratifying to the public to learn that the Grand Trunk Railway Co. will shortly commence the construction of 100 passenger cars, to meet the increasing demand for accommodation. In anticipation of the expiration of their contract with the Vulcan Car Co., a number of new sleeping cars will also be built.

**Sunday Train.**

A petition is being circulated and numerously signed among the employees of the Great Western Division of the Grand Trunk Railway, for presentation to General Manager Hickson, praying that he may arrange, in concert with managers of other roads, to stop as much as possible Sunday work on the line, in order that the employees may have the Sabbath in the bosom of their families.—*Mercy*.

**Journalistic Improvements.**

We are pleased to notice the great improvements in the last issue of the *Black Review*. The paper has been treated to a splendid new dress, new heading, and has been considerably enlarged.

It has always been one of the bright lights of the community in which it is published, and we are happy to notice this evidence of prosperity. May the arduous efforts of the zealous proprietor continue to be successful.

**How to Send Silver.**

The *Journal of Commerce* gives the following novel way to send silver coins by mail:—Take a block of wood a little larger than the coins, and bore it with an auger one and one-quarter inch for a half dollar, and one inch for a quarter—a deep as will contain as many pieces as you want to send. Fill the hole and tack a thin piece of wood over the block. Write the address, put on the requisite stamp, and deposit the block and contents in the post-office.

**Subscription Services.**

The annual missionary services in connection with St. Alban's Church in this village, will be on Tuesday evening, and proved very successful. Addresses were delivered by Canon Dixon, of Guelph, and Cawell, of Georgetown, and Rev. W. J. McKenzie, Milton, also by Rev. Mr. Pigott, the incumbent in charge. Missionary services will also be held in St. John's Church, Rockwood, next Tuesday evening when the same delegation is expected to present.

**The Acton Telephone.**

The new acoustic telephone, recently invented by a couple of gentlemen in the village, is working. The firm is being flooded with letters of enquiry respecting the telephone from all parts of the country. Recent improvements have been effected which render the instrument even more perfect, and give it a better appearance.

Mr. C. V. Sifford left on Tuesday morning for the West, accompanied by a first-class rate-and-right agent from the United States, on business connected with the telephone.

**That Disreputable Ben.**

During the past week one of our justices of the peace has received an anonymous letter concerning the disreputable establishment said to be conducted on Main St., which was evidently penned by a lady. This lady, as well as every other citizen, can rest assured that everything will be done to rid our village of this curse, if such exists, and if the author of the letter, or any other person, can place before our magistrates sufficient evidence to make a case, the matter will be proceeded with immediately.

**Masonic.**

The following are the officers of Walker Lodge, for 1883:—

W. H. Lowry, W.M.  
J. Shaw, P.M.  
Rev. W. J. Pigott, S.W.

R. R. Rae, J.W.  
W. T. Smyth, Chap.

J. Mathews, Treas.  
G. Hynd, Secy.

G. C. Clark, S.D.  
W. Shaw, J.D.

F. Second, D. C.  
R. Agnew, S. Seward.

W. Hampshire, S. Seward.  
J. Francis, I.G.  
J. Keeney, Tyler.

The *Acton Free Press* of last Thursday started the whole world by stating that O'Kourke would be executed on the following day.—*Milton News*. Perhaps the readers of the *News* are aware that no error ever accidentally creeps into the columns of that sheet, but perhaps they are not. It pleases us to see the *News* acknowledge the wide-spread influence of the *Free Press*, as it does in the above paragraph.

## NOTING EXHIBITION.

Mr. J. D. Bruce, the renowned, fancy and dramatic artist, will give an exhibition in Action on Monday evening next. A number of wonderful feats in the art of skating will be exhibited during the evening. Another attraction in the shape of an obstacle race, will also take place. Action band will be present.

**Wedding Bells.**

One of our young men are over, stepping the limits of single blessedness (?) and entering upon the more solemn duties of matrimonial life. This week it is our pleasant duty to record the marriage of our esteemed townsmen and former school friend, Mr. A. E. Nicklin, of the Excelsior Bakery, to Miss Minerva Storey, second daughter of Mr. W. H. Storey, proprietor of the Canada Glass Works. The interesting ceremony was performed last evening at 6 o'clock, at the residence of the bride's parents, by Rev. W. Myers, pastor of the Methodist Church, and the happy couple left on the evening train for Niagara Falls, where, we understand, it is their intention to remain for a few days, after which they will return to Action and take up their residence here. We extend to the newly-wedded pair our best congratulations, and wish them a long and happy voyage over the sea of matrimonial life. Both are universally respected in this vicinity, and in extending to friend Nicklin and his bride the usual congratulations on such occasions, we feel assured that we fully endorse the sentiments of the community.

**Action's Taxes All Paid.**

The village taxes are all collected, and the collector has returned his roll. The collector wishes to thus publicly thank those ratepayers who responded so willingly in the payment of their taxes after the first call.

**Conservative Convention.**

A Conservative Convention will be held at Milton to-day, for the purpose of selecting a candidate for the coming Provincial elections.
