

The Free Press.

TUESDAY MORNING, JAN. 18, 1883

Call at Geo. Byrd's Jewellery and Fancy Goods Store, Acton, or Berlin Woods, Toys, Dolls, Fancy Goods. A large stock. GEO. BYRDS.

BITS OF BREVITY.

Local and otherwise, prepared by the use of the pen and scissors for readers of the Free Press.

Pretty frosty weather. Big fall of snow yesterday. The days are now stretching out. Action now sports two barber shops. Colds are prevalent among the children. Single copies of the Free Press three cents. Fourth Division Court was held yesterday. The skating at the rink has been top notch this week. The G. T. R. say car passed through last Wednesday. County Council will meet for organization next Tuesday.

Prof. J. G. M. Thomson gave a horse exhibition here on Tuesday. Whether the Young Men's Mutual Improvement Assn. is admitted. The 3rd meeting of the Y.M.C.A. Council will be held on Tuesday evening. What about that curling club which was talked of so much last winter? Mr. R. Little, P.S.L., officially visited the public schools in this village during the week. The Wallaceburg Record has been translated to a new dress. The Record is a fine local journal.

The anniversary of the opening of the Congregational Church, Georgetown, was held last Sunday. Rev. D. A. McGregor, D.D., of St. John's, will preach in the Baptist Church on Sunday evening next. Rev. J. S. Fisher, of Nassauway, will preach in the Methodist Church next Sunday, morning and evening.

The mill men of town are taking advantage of the excellent shipping to have their mill yards well stocked with timber. Elder James King, of Millville, preached in the Disciple Meeting House, Acton, on Sunday, 21st inst., at 11 a.m. and 6 p.m. A number of very fine pine logs have passed this office on the way to Mr. Thomas C. Moore's sawmill factory during the week.

Mr. John Nelson has got comfortably settled in his new store in Rockwood, and business is coming in faster than he is able to attend to. Mr. A. W. Green has been appointed trustee for the creditors in the estate of Messrs. Allen & Jencks, glove manufacturers, assigned.

A big sleigh load of young pigs went to Georgetown on Friday evening, destined for a skating carnival in the village. They say they had a jolly time. The funeral of Mrs. Spence, of Spenceville, for many years a resident of this village, was very largely attended last Sunday. The corpse was interred in Acton cemetery.

Whichever doubts that the newspapers have admission, should enter a car and see how useful they are to the men who are familiar with a big basket in a village and road for a rest. The new council, working upon the suggestion of the FREE PRESS of a couple of weeks ago, have determined to finance the fancy house which is to be erected in town.

Mr. Thomas C. Moore is erecting a two-story brick front to his residence on Main street next summer. The brick and other material is now being put into readiness for operations. Farmers and others desiring a general mercantile agency business, by which \$5 to \$20 a day can be earned, send address to 5055, on postal, to H. C. Wilkinson & Co., 195 and 197 Fulton Street, New York.

Acton post office has been supplied with a new letter stamp of city pattern. It is so arranged that people can fill exactly by what mail their letter came into the office. Its appearance, too, is much better than the old one. There is a club in this city called "The Growlers." It is supposed to be composed of men who think they could run a newspaper better than the editor. New York Advertiser. A similar club might be organized here on a small scale.

The newly-elected officers of Acton Lodge L.O.O.F., for the present term, were installed on Tuesday evening last by D.D.G. M. Bro. B. Craun, assisted by R.G. Bro. Snyder, Smyth and Hall, as follows: H. P. Moore, J.P.G.; R. E. Nelson, N.G.; W. L. Lowry, V.G.; J. E. McGarvin, R.S.; R. Craun, P.M.; A. H. Brown, Treas.; J. Nicklin, Chap.; J. Worden, R.S.N.G.; E. Snyder, L.S.N.G.; A. E. Nicklin, R.S.V.G.; L. Maslals, L.S.V.G.; H. Cameron, War.; T. Smyth, Concl.; W. Williams, R.S.S.; J. Speight, L.S.S.; J. McLain, I.G.; G. Harvell, O.G.; Dr. Lowry, Lodge Steward; R. Craun, J. E. McGarvin, Trustees; H. P. Moore.

The Geopetian Herald says the following despicable letter was received by Mr. R. W. King, of the Georgetown County: "Dear Mr. King: If you would like to have your hair cut, please call on me to get rid of those whiffy defectors, Scott and Hall. Yours, The malignant spirit manifested in the above lines very forcibly reflects the true character of the majority of the citizens of the South Act."

The latest attendance of the season was that of Monday evening. The skating exhibition by Mr. J. D. Bruce, of Galt, was one of the most enjoyable and the many difficult movements in fancy and arabic skating were handsomely applauded by the spectators. The double race and a crowd of spectators, and was won by Willie Speight.

THE CHADLER. MARY. In Erin, on the 13th inst., the wife of Mr. John Mann, of a son. BANGLEY. On the 12th inst., at 324 East 17th St., Erie, Pa., the wife of Mr. Jan. Bangley, of a daughter.

CLERICAL APPOINTMENT. The Board of Niagara has appointed Rev. Canon Hagen, D.D., of Galt, as Archdeacon for the counties of Wellington, Halton, and northern part of Wentworth.

REFORM CONVENTION. A convention will be held in Milton next Saturday, for the purpose of selecting a candidate to contest the county in the interests of the Reform party in the coming Provincial election.

LETTERS TO A YOUNG MERCHANT. We have received a most little volume from the Toronto News Co., entitled, "Letters to a Young Merchant, and talk to clerks," by W. H. Parker, author of "The Grocers' Manual." The work treats very sensibly on the general principles of business, and if every merchant would follow the excellent advice rendered in this volume, failures among our business men would be less frequent. Price 30 cents.

COMPLIMENT TO AN OLD ACTON BOY. The Toronto Citizen of last week, in referring to Mr. C. A. Cook, for many years a resident of this village, says: "The now pastor of Parliament street Baptist Church, has labored four years in Kingston, and the Daily News says of him that 'no clergyman in that city was more highly esteemed by his brother pastors and the public generally.' He is a ardent advocate of temperance and has frequently dealt with that subject in the pulpit in a able manner."

BUSINESS CHANGE. A change has been made in the business of Messrs. Hughes & Griffin, general merchants, in the retirement of Mr. J. H. Griffin from the firm. We understand that it is the intention of Mr. Hughes to open business in Aurora. Mr. Griffin will continue the business here on his own account, and a number of large reductions in the prices of all kinds of goods. Especial bargains are offered in boots and shoes. Mr. Griffin seems determined to drive hard bargains.

COMPLIMENTARY SUPPER TO COL. CLAY. On Tuesday evening a complimentary supper was tendered Col. Clay, ex-Rector of the Township of Enniskilling, at Bennett's hotel, Georgetown, in recognition of his long and valuable services to the municipality. About one hundred representative citizens of the township were present, and a very enjoyable evening was spent. A part of the programme of the evening was the presentation to Col. Clay of a splendidly bound volume of Canadian Encyclopedia. Quite a number of Acton gentlemen were present.

LEARN TO READ. This new school, Section No. 12, erected during the past summer, has been opened, with Miss Easterbrook, of Nassauway, as the teacher. The building is situated just outside the limits of this corporation. It is a model school building, and admirably adapted to the requirements of rural sections. Great credit is due to the trustees, Messrs. Alex. Kennedy, J. Lasby and L. McMillan, for the excellent building erected. The only drawback is that the school is situated so much to one side of the section, but this matter was apparently unavoidable.

VILLAGE VARIETIES.

A collection of local news and other matters of special interest to our Village Readers.

THE CHAMPION'S MAN. Judging from the leading article in last issue of the Milton Champion, it would fall to us to believe that no man in the county was worthy of the exalted position of the Reform party but a certain relative of the publisher of that journal.

THE NEW TOWN HALL. The town hall will be completed very shortly, and the work reflects credit upon the contractor. The general appearance of Acton town hall—both interior and exterior—will, we are told, surpass that of any other town of this size in Ontario.

A FORTUNE. Subscribe for your local paper and pay in advance, and if you feel at the end of the year that you haven't got your money's worth, then your fortune is made. You can get to any amount and get a day of \$5,000 a year is a certainty.—Puck's Song.

VERY ILL. During the past week Mr. Asa Hall has been suffering from a very severe attack of illness, and it was thought at one time that his end was near. We are glad, however, to be able to state that he is now recovering, and his general condition has improved.

COBUSINESSLIKE. The Great Western Co., of Georgetown, has decided to accept the bonds voted a few weeks ago by the municipality. They have having put the Georgetown Village Council to the test and an exposure of paying a dividend, which the "Council" pay upon the bonds of business like.

IMPROVEMENT. The lock in use in the post office are being fitted with small gears, which will save the owners of the boxes and keys, without unduly taxing them, whether they contain any mail or not. Our post office seems determined to make its post office equipment equal to any town in the county.

THE WARDENSHIP. There are a number of applicants for the Warden's chair this year. Prominent among these mentioned are the names of Mr. R. Little, W. H. Storey, Wm. McMillan, and W. H. Cameron.—Milton Standard. Acton's claims are certainly the strongest, and we expect to see Mr. Storey receive the honor this year.

GOOD SIZES. During the present week Mr. H. Upton has succeeded in procuring two excellent pieces of the Hamilton Organ and three of our own manufacture. Mr. C. W. Hill, of Acton, and the other to a lady in Wainwright. Mr. Upton is now doing a large business in instruments manufactured by the above firm.

THE GREAT CENTER MILL VENTURE. The project was not unexpected. It may be seen under the dog star. Although its light is somewhat dim, its properties have struck but little. Its southern declination is now decreasing, the comet having moved northward since the 21st of December. If this southern declination continues, the comet will remain in view for some time.

OPENING EXERCISES. We would suggest that a committee be appointed by the Village Council to prepare for a grand opening exercise for the new town hall. There is abundance of excellent local talent—including the band, glee club, and public speakers, and with a little help for preparation, an entertainment of no mean importance is prepared. Think of the matter, gentlemen.

THE FUTURE SINGERS. The singing competition by the Canadian Ladies' Glee Club, in the Method at Acton, on Monday evening, was very well attended. The singing was very fine, but the two principal numbers, that of several of the more difficult, which have a strong opinion of a good singer. However, they present a grand and well-kept with the program presented.

THE DOLL OF COLEBRO. To her mourning resembling the bells of Cologne Cathedral, take a common white string, 4 yard long, tie the centre around the small part of a table spoon and wind the ends around the forefinger of either hand and hold the fingers in the ears. Now swing the spoon until it strikes some hard substance, and you will be surprised at the result.

NEWSPAPER MEN IN COUNCIL. Newspaper men are coming to the front. At the recent election, all over the country they were elected to fill positions in the management of municipal corporations, and we have no doubt they will fill their places creditably. We notice by our exchanges that quite a number are now mayors, Reeves, and councillors. But we also know of a few who were elected to remain private citizens.

INCIDENTARY. The Georgetown Herald says the following despicable letter was received by Mr. R. W. King, of the Georgetown County: "Dear Mr. King: If you would like to have your hair cut, please call on me to get rid of those whiffy defectors, Scott and Hall. Yours, The malignant spirit manifested in the above lines very forcibly reflects the true character of the majority of the citizens of the South Act."

SKATING RINK. The latest attendance of the season was that of Monday evening. The skating exhibition by Mr. J. D. Bruce, of Galt, was one of the most enjoyable and the many difficult movements in fancy and arabic skating were handsomely applauded by the spectators. The double race and a crowd of spectators, and was won by Willie Speight.

THE CHADLER. MARY. In Erin, on the 13th inst., the wife of Mr. John Mann, of a son. BANGLEY. On the 12th inst., at 324 East 17th St., Erie, Pa., the wife of Mr. Jan. Bangley, of a daughter.

CLERICAL APPOINTMENT. The Board of Niagara has appointed Rev. Canon Hagen, D.D., of Galt, as Archdeacon for the counties of Wellington, Halton, and northern part of Wentworth.

REFORM CONVENTION. A convention will be held in Milton next Saturday, for the purpose of selecting a candidate to contest the county in the interests of the Reform party in the coming Provincial election.

LETTERS TO A YOUNG MERCHANT. We have received a most little volume from the Toronto News Co., entitled, "Letters to a Young Merchant, and talk to clerks," by W. H.
