

Acton Free Press.

THURSDAY MORNING, MARCH 15, 1888.

The New Flour Mill.

It is considerably gratifying to note how warmly the article in the FREE PRESS of last week, respecting the erection of a roller flour mill in Acton, has been received by the business men of our village.

The village council evidently feel it to be their duty to take a practical interest in the matter, and the recent will call a meeting of citizens and farmers in the course of a week or so, when the question will be fully considered from every point of view.

Prosperity begets prosperity, and every additional industry attracts other industries and assists those already established, so that it is clearly to the interest of every business man in town to give this matter his hearty support and sympathy, as by so doing he will improve his own business.

Pay Fair Prices.

The obligations of honesty in trade are usually thought of as having respect to the seller rather than the buyer of goods. But there is for the one buying also, it is not exactly a duty to be honest, yet a duty toward honesty.

Acton Village Council.

The regular semi-monthly meeting of the village council was held in the council chamber on Tuesday evening, 13th inst. Reeve in the chair, members all present.

Minutes of last meeting read and confirmed. Moved by C. S. Smith, seconded by Wm. Inwood, that leave be granted to introduce a by-law to regulate the proceedings of this council and that the by-law be now read a first time.—Carried.

Moved by D. Henderson, seconded by John Kennedy, that leave be granted to introduce a by-law to punish vagrants and other disorderly persons and respecting public morals, said by-law to be now read a first time.—Carried.

The report of the village auditors was presented and referred to the Committee on Finance. The special committee appointed to examine the petition respecting ringing of town bell at 6 o'clock each morning presented a report stating that their investigation was not completed and that a further report would be presented at next meeting.

The by-law to regulate the proceedings of the council was read a second time and laid over for further consideration. The by-law to punish vagrants and other disorderly persons, and respecting public morals was read the second and third times and passed.

Upon motion the council adjourned. Sewing Machine Needles

The Board then adjourned.

Nassagaweya News.

The entertainment given in Excelsior School, No. 3, Nassagaweya, over which Mr. Cook presides as teacher, on the evening of Friday March 2nd was a complete success; the school house being crowded to excess. The program was a very lengthy one consisting of choice selections of Music, recitations, Dialogues, Readings, &c., which were given with great credit to the participants.

Dr. McPisture of Guelph gave a speech and comic recitation, which caused great laughter. A number of other gentlemen also took part. Many thanks are due the ladies and gentlemen from a distance who, so kindly took part in the evening proceedings. Mr. George Thomas was appointed chairman which office he filled with great credit. The entertainment broke up at a reasonable hour all seeming to leave highly delighted with the evening's proceedings.

A Minister's Evidence.

The all prevalent malady of civilized life is Dyspepsia. Rev. W. E. Gifford, of Rotwell, was cured of dyspepsia and liver complaint just rendered his life almost a burden. The cure was completed by three bottles of Burdock Blood Bitters.

"A doubtful friend is worse than a certain enemy." And this was a certain friend to him, better than a doubtful enemy. This kidney-wort is an incomparably better friend to the human race than whole catalogues full of doubtful nostrums. It is an unerring remedy for that tormenting disease, piles. It moves the bowels gently and freely, and thus removes the cause. No need fail to try it faithfully either in dry or liquid form.

Mr. Henry Harding, of Toronto, writes: My little daughter, 7 years of age, has been a terrible sufferer this winter from rheumatism, being for weeks confined to her bed, with limbs drawn up, which could not be straightened, and suffering great pain in every joint of limbs, arms and shoulders. The best of physicians could not help her, and we were advised to try Dr. Thomas' Electric Oil, which we done, and the benefit was at once apparent; after using two bottles the pain left her limbs assumed their natural shape, and in two weeks she was as well as ever. It has not returned.

Holloway's Ointment and Pills are the best, the cheapest, and the most popular remedies. At all seasons and under all circumstances they may be used with safety and with the certainty of doing good. Eruptions, rashes, and all descriptions of skin diseases, sores, ulcers, and burns are presently benefited and ultimately cured by this healing, soothing, and purifying ointment.

The Ointment rubbed upon the abdomen, checks all tendency to irritation of the bowels, and averts dysentery and other disorders of the intestines. Pimples, blotches, inflammations of the skin, and all eruptions, are cured by its use. It is especially efficacious in cases of enlarged glands.

It is especially efficacious in cases of enlarged glands, and is especially efficacious in cases of enlarged glands, and is especially efficacious in cases of enlarged glands.

According to the instructions accompany each packet. A full line of all sizes and for all kinds of machines.

Keep it in your family.

The best remedy for accidents and emergencies, for Burns, Scalds, Bruises, soreness, Sore Throat, Croup, Rheumatism, Chills, and Pain or soreness of all kinds, is that marvellous healing remedy, Hagar's Yellow Oil.

In the history of medicine no preparation has received such universal commendation for the alleviation of all kinds of pain, and the permanent cure of effects in kidney disease, as Dr. Van Buren's Kidney Cure. Its action in those distressing complaints is simply wonderful. Sold by J. E. McGarvin.

Mr. C. E. Higgins, Beamsville, writes: "A customer who tried a bottle of Nottrop & Lyman's Vegetal Discovery says it is the best thing he ever used; to quote his own words, 'it just seemed to touch the spot affected.' About a year ago he had an attack of bilious fever, and was afraid he was in for another when I recommended this valuable medicine with such happy results."

As a rule we do not recommend Patent Medicines, but when we know of one that really is a public benefactor, and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure Biliousness, Fever and Ague, Stomach and Liver and Kidney Complaints, even when all other remedies fail. We know whereof we speak, and can freely recommend them to all.—Sold at fifty cents a bottle by J. E. McGarvin.
