

Planting Shade Trees.

Our citizens have taken a most laudable interest in planting shade trees on the streets in town this spring...

The village council should immediately pass a By-law adopting the Ontario Tree Planting Act...

In an article on the Tree Planting Act some time ago the Globe went into calculations showing that the fund of \$50,000, set apart for this purpose...

The American Architect writes upon the subject and pursues it further, saying: "Continued for fifty years, the same industry will have led to the planting of 10,000,000 trees..."

It is plain to anyone who considers the subject that there could be no easier way of adding to the wealth and beauty of the country than by lining the roads and streets with trees.

The regular fortnightly meeting of the Village Council was held in the Council Chamber on Tuesday evening last inst.

Minutes of last meeting read and confirmed.
