VILLAGE VARIETIES.

A Collection of Local News and other matters of special interest to our Village Readers.

A Big Sale.

The American right to manufacture the Maxwell low-down binder has been sold by Maxwell, of Paris, Ont., to McCormack of Chicago, for the sum of \$100,000. Good for you, Mr. Maxwell. We congratulate you.

Base Ball.

The match played here last Thursday, between the Beavers, of Milton, and Stars, of Acton, resulted as usual in victory for Acton. The Stars haven't lost a game this season, and they have played quite a number. Score, 25 to 16.

Barrels and Back Alley.

Some think Milton people are very suspicious now of barrels. Well, does any one suspect that a hotel keeper would take extraordinary precautions to have a barrel of temperance drinks delivered secretly by some back alley?—News. No.

Compliment to a Former Actonian.

Upon the eve of his departure for an important situation at Montreal, Mr. Harry Hunt, G. T. R. Agent, Berlin, formerly of this place, was presented by the business men there with an address, and a purse containing over \$200. Friend Hunt has our best wishes for continued success.

The Fall Show.

The exhibition poster and prize list for the Esquimaux Agricultural Society will be out this week. Entry tickets will be forwarded to every member of the society within a week, and all who intend making any exhibit are requested to forward their lists to the secretary as soon as convenient. All entries must be made before the day of the show.

All the Year Round.

It is a remarkable fact that up to the present time not a single month has passed, since the beginning of 1883, in which this section of the country has not on one or two occasions been visited by more or less frost, and in all probability the remaining three months will not lack frosty nights, thus making 1883 a notable year in this particular.

Now is the Time.

Merchants, get your account paper headings printed now, so as to have your accounts presented in good time to get the proceeds of early sales of the new crop. Printed headings make the work of writing out the accounts much lighter. They look more business-like and they cost but little more than the blank paper. Printed neatly and cheaply at the FAIR PAGES OFFICE.

Further Insulted.

Rev. Mr. Brethour, of Milton, is the victim of some of the most scoundrelly acts ever perpetrated in this section. As we announced last week, an anonymous letter was sent him, threatening assassination because of his advocacy of the Scott Act, and to continue the insults he has been hanged in effigy, and the church steps where he officiates was last week besmeared with filth. All respectable men in the community should give their assistance in ferreting out the guilty parties.

Vennor's Almanac for 1884.

The Gazette Printing Co., Montreal, have acquired from Mr. Vennor the copyright of this Almanac for next year, and it will be issued by them in October, printed on good paper, and otherwise got up in an attractive form. Mr. Vennor states that the contents will be of unusual interest, several new features being added. Book-sellers and news agents should send in their orders early, and applications for advertising space or almanacs should be addressed to Mr. Richard White, Managing Director, Gazette Printing Co., Montreal.

Another New Press.

Anxious to keep pace with our constantly increasing business, we are continually adding new and improved machinery and printing material to our plant. Last week we purchased from Messrs. Gwain & Son, Toronto, for our Job Department, a splendid No. 2 Improved Gordon Press, which is now in full working order in our office. Our office is now one of the most complete country printing-offices in Canada, and we are now in a position to execute work equal to that of the city offices, and with all necessary dispatch. In the past our work has given good satisfaction; with increased facilities, we are prepared to give still better satisfaction in the future. Our presses are new and in first-class running order, and this with new material ensures good work. Call and see our presses at work.

The six diseases most prevalent last week in this district, as given by the Ontario Health Bulletin, are: Diarrhoea, Anemia, Cholera Infantum, Neuralgia, Intermittent Fever, Cholera Morbus.

Guelph City Council is down on the whisky business in the exhibition grounds. They will exterminate the curse if possible. We are pleased to notice that at last our Guelph friends are waking up in this matter.

How much more graceful, elegant, and superior does the man on the bicycle look than the man with the wheelbarrow. But wait until they come into collision and see which procession turns up in the most presentable condition.

Band Concert.

A promenade concert, under the auspices of Acton Cornet Band, will be given in the town hall, Acton, on Thursday evening next, 12th September. Messrs. Glionno & Lauria's Italian String Band, of Toronto, have been engaged to take part in the entertainment. Solo quartettes and choruses will also form part of the evening's enjoyment. It is not often our band asks for assistance, and we hope to see all our citizens turn out next Thursday evening and show their appreciation of our excellent band, as the efforts of the leader, Mr. J. C. Hill, are certainly deserving of a bumper house. Admission, 25 cents.

Sad Accident.

On Monday last, about noon, as Mr. Thos. Bennett, of Erin, was leaving Acton for home, having in his buggy four young ladies—Misses Zimmerman, of Beamsville, and Misses McErick, of Orangeville, who had been paying friends in this vicinity a visit,—his horses became frightened at the cars, and were almost uncontrollable. They ran at quite a lively speed for several hundred yards, and when turning the corner of Mill and Young streets one of the party, Miss Jane Zimmerman, was thrown out of the rig, fracturing both her legs at the ankle. She was at once taken to the Rosin House where, under the careful treatment of Dr. Lowry, she is doing as well as could be expected. Her cousin, Miss Jennie Zimmerman, noticing what had happened, jumped from the buggy, but only received slight injury. The other occupants remained in their seats until the horses were quieted. We have on various occasions noticed the recklessness of farmers, in trying to cross the track when there are engines close by, and trust that this sad occurrence may teach some of them a lesson.

Obituary.

It is again our sorrowful duty to announce the demise of another resident of our little town, in the person of Mr. Lemuel Masalas, who had adieu to the things of earth on Friday evening last, after an illness of about two weeks, at the age of 33 years and 22 days. Deceased leaves a widow and one child to mourn the loss of a kind husband and loving father. The funeral, which was largely attended, took place on Saturday afternoon, and was superintended by Acton Lodge of Oddfellows, of which society deceased was a member. It was unattended by any unnecessary pomp or show, the members wearing only a mourning badge of black crepe tied with a ribbon the color of the degree attained by each wearer. The ceremony at the grave was very impressive, and exhibited a most brotherly and sympathetic feeling. Rev. W. Bryers preached an excellent funeral sermon on Sunday evening. It may not be out of place to mention the fact that during the illness of their deceased brother the members of the Lodge gave him all possible attention, and did all in their power to alleviate his sufferings, two of the brethren taking their places at his bedside each night, thus relieving his anxious relatives after their careful but tedious nursing throughout the day. This is the first death which has occurred in the ranks of the members of the triple link in Acton since organization, and in this case the very commendable objects of the order,—to visit the sick, to relieve the distressed to bury the dead, and to comfort and assist the widow and orphan—have been most practically illustrated. The public see this, and their verdict is, "Truly there is something noble and worthy in Oddfellowship." May the men who are bound together in the cords of Friendship, Love and Truth, continue to prosper in their noble work.
