—The agricultural fairs this season have thus far been pretty generally favored with the weather. —Equestrian Township Council held a meeting in Stewarttown on Saturday. The minutes will appear next week. —A four day's meeting will probably be held in the Methodist Church, here, some time during the present month. —Justice's Court of Revision of the Voters' List will be held in the Council Chamber to-morrow. There are fifty appeals. —Our merchants have now complete stocks of beautiful fall and winter goods. We trust they will do a profitable trade. —The prize list of the Acton Show monopolizes the space on our first page usually occupied with the weekly story. An interesting story will appear next week. —The Methodist Churches at Georgetown are already holding annual prayer meetings. This is a most commendable spirit with which to inaugurate proceedings in the united church. —The people of the United States now enjoy two cent winter postage. A letter posted in that country bearing a two-cent stamp will be sent to any point in the United States or Canada. —Somebody forgot to pay for a can of oysters at A. E. Matthews' Fruit and Oyster Depot one evening last week. By the way, they took it without saying anything about paying for it, or even asking the price of it. —Mr. James Matthews succeeded in winning another first prize on his splendid span of roadsters last Friday at Brantford, and another at Milton yesterday. Friend James will, we are afraid, begin to feel a little proud over his horses. —Winter is approaching, and housekeepers are anxiously discussing the fuel question. With wood steadily increasing in price and coal nearly \$3 a ton, winter is becoming quite a serious matter in the item of expenditure for fuel. —A Red Root on Main street was visited last week and a pair of chickens are missing. The best morning the owner, in looking around the place, found a good white-headed hen hidden. The hen will be restored to its owner if he calls for it. —The gang of workmen employed about Mr. Pearson's premises have transformed the shape and appearance of the building to a considerable extent. Mr. Pearson will have a fine place, and most convenient for his business requirements, when completed. —The Methodist Church at Stewarttown has been sold to the Church of England congregation there. This is a very neat and compact edifice, and will meet the requirements of the purchasers very satisfactorily. The old English Church will be sold by tender on the 13th inst. —The publishers of the Farm, Field and Forest, Chicago, are meeting with great success in securing subscriptions to their publication. In addition to furnishing an excellent paper at the low price of 50 cents for six months, they propose to distribute \$40,000 in presents to their readers. See their announcement in advertising columns. —Almost a Centenarian. There died last week in Nassagaweya Mr. Peter M. Ball, in the 93rd year of his age. He was one of the veterans of 1812, and held the position of Lieutenant in artillery, and was engaged in most, if not all, the battles of the Niagara peninsula, especially the taking of Fort Niagara, battles of Queenston, Beachwood, Fort Erie, and Land's Lane. —Mercery. —Serious Accident. A week or so ago Mrs. Thomas Gibbons, 67, met with an accident by which her right shoulder was dislocated. She had stepped outside the door for something, and slipped, falling upon her shoulder, with the above result. The old lady, although 84 years of age, showed the greatest fortitude while undergoing the painful operation of having the dislocated shoulder reduced into its right position. Dr. Lowry is in attendance.

VILLAGE VARIETIES.

A Collection of Local News and other matters of special interest to our Villa e Readers. Broken Shoulder. One day last week a little five-year-old son of Mr. Mason, of Erin, had his shoulder broken, while playing with his brother. Real Estate Change. Mr. Wm. Lambert has purchased the property on Agnes street belonging to Mr. John Nichol, of Dunville, formerly of this village. He is building a new stable on the premises. Halton County Show. Our county exhibition was held at Milton on Tuesday and Wednesday. The weather was comparatively fine and enjoyable, and the attendance was large. Further particulars next week. Finger Shortened. On Tuesday evening last, a young lad, who lives at Mr. John Walters, got his first finger crushed between the ring of the neck yoke and the wagon tongue. The result was a complete separation of the finger, near first joint. Dr. Lowry officiated. Rev. J. Alexander's Accident. Rev. J. Alexander, of Norval, who had his hip joint severely injured last Wednesday, was not able to return home, as stated in our issue of last week. He is still at Col. Allan's, and under medical attendance. We trust he will soon become convalescent. Able to Return Home. We are pleased to be able to state that Miss J. Zimmerman, of Beamsville, who received such severe injuries about a month ago, by being thrown from a buggy, has so far recovered as to be able to return home. She left for Beamsville, in company with her brother, who had been visiting her, yesterday morning. What the Reporters Think. The Guelph papers don't speak very flatteringly of the courtesy received by the representatives of the press on the part of the directors of the Esqueving Agricultural Society, while endeavoring to secure a list of the prizes awarded at the show here last Wednesday. As for our own experience in this matter, we found several of the directors very willing and anxious to do anything they could to assist us, while a number of others were very reticent about allowing us to have even a squint at their books, and seemed to regard us as meddling with something which we had no right to know anything about. These gentlemen should leave a little of their independence and self-important ideas at home when they occupy public offices in future. Killed on the Track. An aged woman named Dalton left Toronto on Friday on the 12.50 train for Oakville. As that place the old lady, being very deaf, did not hear the name called out, and the mistake was not discovered till the conductor found her on the train after leaving Oakville station. When the train arrived at Bronte, she got off, the conductor telling her to wait for the train which was due in a short time, she started to walk along the track for Oakville. As she was crossing the high iron bridge between the two stations the train bound for Toronto came along, and before it could be stopped by the engineer, the pilot of the engine struck the unfortunate woman, inflicting a terrible gash on the left side of her head and smashing in her breast. She was instantly killed. The woman had but lately removed to Oakville.
