THOMAS C. WATKINS, HAMILTON.

HALL'S Vegetable Sicilian

HAIR RENEWER

was the first preparation perfectly adapted () cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It has had many imitators, but none have so fully met all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR REXEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause: the entire fulfiment of its promites.

The proprietors have often been surprised at the receipt of orders from remote countries, where they had never made an effort for its introduction. The use for a short time of HALL's HAIR RENEWER wonderfully improves the persous appearance. It cleanses the scalp from

all impurities, cares all bumors, ferer, and dryness, and thus prevents haldness. It stimulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are not translent, like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy.
