HAIR RENEWER

was the first preparation perfectly adapted :) euro diseases of the scalp, and the first succonful restorer of faded or gray hair to its natural color, growth, and gouthful beauty. It has had many initiators, but none have so fully met all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause: the entire fulfilment of its promises.

The proprietors have often been surprised at the receipt of orders from remote countrice, where they had never made an effort for its introduction. .

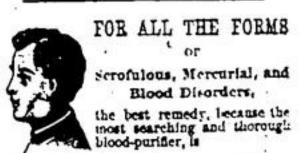

The use for a short time of HALL's HAIR RENEWER wonderfully improves the persomal appearance. It cleanses the scalp from all fur urities, cures all humors, ferer, and drynes, and thus prevents baldness. It stimulates the weakened glands, and enables three to push forward a new and vigorous growth. The effects of this sittlele are not transless, like those of alsoholic preparations, but remain a long time, which makes he use a matter of eccu omy.
