## MYSTERIOUS.

The Terrible Undeath that is Sweeping Away so Many—What Well-known Candidates Have to Say.

It is an unquestionable fact that thousands of people die to-day enduring the most intense torture or are afflicted by the most unaccountable symptoms for which they can assign no reason whatever. They have frequent headaches; are strangely languid; have a ravenous appetite one day and none whatever the next, and feel dull pains in various parts of the body, but they know it is only a cold or some passing minor disorder. Indeed, few people realize the presence of grave and serious dangers until they are upon them. The following extracts of well-known people in the practice are timely and valuable:

Rev. William J. Henderson, pastor of the Methodist-Episcopal church of Prescott, Ontario, says: "For a number of years and until recently, I had been gradually, but steadily, declining in health. I was subject to severe pain in various parts of my body, shortness of breath, palpitation of the heart, and a distressing, hacking cough. I consulted physicians, one of whom informed me that I had been carrying too many pounds of steam." Another stated that it was the eve of a general constitutional "break-up" another pronounced me as being far gone in liver complaint, and feeling that the last one had hit it, I commenced a course of his treatment, without, however, any benefit. Feeling that I was going down hill very fast, I grew somewhat despondent, and finally resigned myself to an early death. At this juncture I received the try Warner's Safe Cure, and now I am nearly as well as ever I was in my whole life. My cough has disappeared entirely and I seldom feel any of my old symptoms. I have always been somewhat disposed to prejudice against proprietary medicines, but I feel it to be an act of justice to make this statement for the good of others."

John Evans, residing at 139 King street, London, says: "For two years I have been troubled with gravel in my kidneys and have suffered untold agony. The passage of the gravel from the kidneys into the bladder threw me into paroxysms of pain and completely broke me down. Upon the recommendation of a friend I began the use of Warner's Safe Cure. My cough has disappeared entirely and I seldom feel any of my old symptoms. I have always been somewhat disposed to prejudice against proprietary medicines, but I feel it to be an act of justice to make this statement for the good of others."

Mrs. M. Hamilton, residing at 51 Victoria Avenue, Hamilton, says: "For ten or fifteen years I have suffered from female complaints and liver disease. I have consulted all the prominent doctors in Hamilton, but none were able to cure me. Six months out of every year I was laid up in bed from nervous prostration and debility, and frequently while working about the house I would faint and remain unconscious for more than half an hour. Hearing of Warner's Safe Cure, I began its use and am now in pool health. All previous troubles have left me. It has worked wonders in my case and I can recommend it to all the ladies in the country."

Mr. Charles M. Syme, foreman in W. H. Smith's saw factory, St. Catharines, said: "Five years ago I began to be afflicted with most distressing troubles, which increased in violence until I was compelled to remain in bed. My symptoms were terrible and I kept getting worse and worse all the while. The doctors could not agree as to the nature of my disease and I finally lost all hopes of ever getting well. Learning of some cases similar to my own, that had been helped by Warner's Safe Cure, I began its use and commenced to improve from the first day, and I am happy to say that I am now as sound as a dollar, and can do a day's work without its hurting me."

Doctor Samuel L. Bolley, of Chatham, says: I have seen Warner's Safe Cure used very extensively and have heard of the most gratifying results. I am convinced that it is an unequalled medicine for disorders of the kidneys and urinary organs, and can freely recommend it."

Mr. A. J. McBain, clerk of Crawford House, Windsor, says: "For several years I was afflicted with kidney difficulty and did not know what it was to be free from experiencing pain, which at times were so bad that I could neither stand nor remove my clothes. At that time I was conductor on the Deux and Rio Grande railroad, and so doubt the constant jolting aggravated the disease. Noticing an advertisement of Warner's Safe Cure, I procured the medicine, and from the first it acted like magic, and it has completely and permanently cured me. I cannot too highly recommend it, and know what it has done for me."

The above statements are from men of unquestionable veracity, and such as merit the greatest consideration. No one who is suffering from any form of physical disorder can afford to neglect even the slightest symptom, which can be so readily controlled if taken in time, and which are so dangerous if permitted to continue.

## Be Careful What You Eat.

The best medical authorities declare that worms in the human system are often introduced by eating too freely of uncooked fruit and too much meat, cheese, etc. Whatever may be the cause, Freeman's Worm Powders are speedy and safe to cure; they destroy the worms, and contain their own cathartics to expel them.

James Brayley, Hamilton, says: "I read the testimonials for McGregor's Speedy Cure and I put that I had not to go to New York, Philadelphia, Louisiana or Texas to find living witnesses of its value, we have plenty of persons right here to prove its merits. I got a bottle and it helped me right away. I was so bad with Bilious Fever and indigestion and I think any one could be, I have taken three bottles and am nearly well and can eat any kind of food without it hurting me. I may say that I am better than I ever expected to be. Four trial bottles at \$1.00 McGarvin's.

The Star Dyes are unequalled for cheapness and brilliant fast-colors. 10 From the Liver and Kidneys arise fully half the aches. Dr. Carson's Stomach Bitter stimulates both Liver and Kidneys, and cures ourague disease; it is not an alcoholic stimulant. In large bottles at 50 cents.

## How to Treat Weak Lungs.

Always breathe through the nose, keeping the mouth closed as much as possible. Walk and sit erect, exercise in the open air, keep the skin scrupulously clean, and take Higdon's Pectoral Balsam for coughs, colds, and bronchial troubles.

Auer's Sarsaparilla, being highly concentrated, requires a smaller dose, and is more effective, dose for dose, than any other blood medicine. It is the cheapest because the best. Quality and quantity should be considered.

If a few grains of common sense could be infused into the thick noddles of those who perpetually and alternately irritate and weaken their stomachs and bowels with drastic purgatives, they would use the highly accredited and healthful laxative and tonic, Northrop & Lyman's Vegetable Discovery and Dyspepsia Cure, which causes good digestion, wait an appetite, and heal on both."

## Highly Agreeable.

One very valuable feature of Dr. Low's Pleasant Worm Syrup is, that it is highly agreeable to take, and all varieties of worms included, can be safely expelled by it, without recourse to harsh and sickening drugs.

A. M. Hamilton, writes: "For weeks I was troubled with a swelled ankle, which caused me much pain and annoyance. Mr. Mayes, of this place, recommended Dr. Thomas' Electric Oil for it. I tried it, and before one bottle was used I was cured. It is an article of great value." Beware of Electric or Electron Oils, as they are imitations of Dr. Thomas' Electric Oil.

## An Answer Wanted.

Can any one bring us a case of Kidney or Liver Complaint that Electric Bitters will not speedily cure? We say they can, as thousands of cases already permanently cured and are daily recommending Electric Bitters, will prove. Bright's Disease, Diabetes, Weak Back, or any urinary complaint quickly cured. They purify the blood, regulate the bowels, and act directly on the diseased parts. Every bottle guaranteed. For sale at 50c. a bottle by J. E. McGarvin.
