

THURSDAY MORNING, APRIL 3, 1884.

Public School Attendance.

The Trustees of our Public School have gone to considerable trouble in preparing a complete list of all the children of school age residing in the municipality...

Halton's Representatives.

It has been very gratifying to notice the firm stand taken by our representatives, in both Houses of Parliament, on the temperance question, whenever this matter has been presented in either house.

Notes and Comments.

A leading mercantile agency reports matters improving on both sides of the line. In Canada's last week there were five failures less than the week previous.

A Convention at Cobourg last week decided on the immediate submission of the Scott Act to the electors of Northumberland and Durham.

The celebrated case of Cardwell vs. McLaren was heard before the Judicial Committee of the Privy Council in London on Saturday, 15th inst. Their Lordships reserved judgment.

The telegraph brings the frightful news that seventy-five people were killed in riots at Cincinnati last Saturday and Sunday. All of this has happened because a murder or instead of being hanged, as he deserved, was sentenced to twenty years' imprisonment.

The temperance demonstration in the Horticultural Pavilion last Monday evening was one of the most successful and most encouraging meetings of the kind ever held in this city.

Rockwood News.

From our own correspondent. Mr. Horton, Everton, started his saw mill this week.

There is some talk of the Salvation Army visiting this village. Rev. E. W. Farris of Ottawa occupied the pulpit of the Presbyterian Church on Sunday Morning.

The residence of Mr. Smallhorn narrowly escaped destruction by fire last Saturday evening. By some means the roof of the building caught fire but being noticed in good time the fire was extinguished.

Merits Favors.

Dollar upon dollar is frequently spent on the faith of recommendations for articles entirely worthless. Not so with McGregory's Speedy Cure; you are not asked to purchase it until its merits are proven.

PRINCE LEOPOLD DEAD.

His Royal Highness Expires Suddenly at Cannes, France.

London, March 28th.—Prince Leopold, youngest son of Queen Victoria died this morning at Cannes, France. Death was due to the effects of a fall his royal highness suffered last evening.

The Queen is profoundly affected by the death of Prince Leopold. The Prince died in a fit as he was starting for Darmstadt to attend the wedding of his niece, Princess Victoria of Hesse.

The body will be embalmed and brought to England, at the end of next week to be buried at Frogmore. The cause of the duke's death was effusion of blood into the stomach and lungs. There were no unusual premonitions, but the symptoms have long been threatening.

The announcement of the death of Prince Leopold will be received with profound feelings of sorrow by all loyal subjects of our Queen the world over. Her Majesty has ever shown a deep interest in everything that concerns the welfare of her people, and the death of her youngest son, under circumstances so bad, will draw forth their spontaneous expressions of sorrow for her in this deep affliction.

Prince Leopold, the fourth son of Her Majesty, was born on April 7th, 1853, and if he had lived ten days more would consequently have reached his 31st year. He was the most intelligent, the most earnest, the most highly cultured of the sons of the Prince Consort, and he is said to have resembled his father in many of his characteristics.

HALTON SPRING ASSIZES.

Not a Criminal Case in the Docket.

THE TRAMP NUISANCE.

The assizes opened at Milton on Tuesday morning. Hon. Justice Ouler presiding. The civil docket contain only three cases and the criminal calendar was a blank.

In his charge to the Grand Jury His Lordship referred to the fact of there being several persons in jail charged with vagrancy. He thought the goal was not the proper place for men who were unwilling to work and earn their own living. He approved of the plan adopted by several of the county councils of purchasing farms and erecting poor-houses where vagrants could be sent and compelled to work.

Mr. Cameron vs. McDonald, an action for slander, was the first case taken up. The plaintiff, and the defendant, are both residents of this village. On the 6th October last Mr. Cameron lost a knife; after some discussion the knife was given to plaintiff; next day defendant went to the factory where plaintiff was working and told him that if the knife was his he was the man who stole his chickens the night before the knife was found.

What to do.

If troubled with an unhealthy, slow-healing sore use McGregory & Parker's Carbolic Ointment. You will find it invaluable for healing, cleansing and completely removing your trouble.

These farms are improved with buildings, fences, fruit trees, and berries of all kinds, good water, plenty of timber land, good roads, schools and churches, good markets, only 95 miles from Philadelphia; plenty of fish, oysters and game; very productive land, climate mild and pleasant, come and see for yourself and be convinced. I am prepared with team and carriage to take visitors to see the farms free of charge.
