Ingrateful brier ! A lady passed. All things to her Seemed true and good, for she Looked not on what they really were, But what they tried to be-

Lav at its very feet-

She saw the brier! Forgetting thorns, she watched it try To lift its wayward head. And reach up higher toward the sky-She stooped and cently said To it :- " Sweet brier !"

Her word it never can forget Neath bright or stormy skies, And, though the thorns cling to it yet, Still, taking heart, it tries To be "sweet-brier."

A Hundred Yard Tape Worm.

Wm. Hamm, who resides on Ross street. St. Thomas, for uine or ten months suffered excruciating acony, the symptoms leading all medical men who examined him to conclude that he had at some period unconsciously swallowed a lizard while drinking. Hamm's appetite all this time was of the most voracious character, and he thought nothing of eating a pound of raw beelstake at a meal. The cause of his misery was explained recently, however, when he passed a hage beef tape worm 360 feet in length.

Canadian Salt Unequalled.

Professor Arnold, the eminent American authority on all questions relating to dairying, before the Immigration and Coloniza tion committee gave his opinion on the respective merits of the different varieties of salt for dairying purposes. He said that much of the talk about the salt of different countries for this purpose were the ideas worked by dealers and agents. He had carefully conducted a series of experiments with Liverpool and Goderich salt, and the latter produces the better results, and in consequent experiments came out ahead of Literpool salt. In short, Canadian brines were the best in the world, and the Canadian article was now coming into competition with the United States salt for dairying purposes in the American home market.

Some Wise Maxims.

On the tombstone of John Donough, of New Orleans, the following maxims are engraved as the merchant's guide to young men on their way through life :

Remember always that labor is one of the conditions of our existence...

WARREN LELAND,

manager of the

argest Hotel Enterprises

of America, says that while a passenger from New York on board a ship going around Cape Horn, in the early days of emigration to California, he learned that one of the officers of the ressel had cured himself, during the voyage, of an obstinate disease by the use of

ATER'S SARSAPARILLA in many similar cases, and he has never yet heard of its failure to effect a radical cure. Some years ago one of Mr. LELAND's farm laborers bruised his leg. Owing to the bad

state of his blood, an ugly scrofulous swelling or lump appeared on the injured limb. Hordarting pains through the lump, made life almost intolerable. The leg became enormously enlarged, and running ulcers formed, discharging great quantities of extremely offensive matter. No treatment was of any avail until the man, by Mr. LELAND's direction, was supplied with ATER'S BARRAPA-RILLA, which allayed the pain and irritation, healed the sores, removed the swelling, and completely restored the limb to use. Mr. LELAND has personally used

Ayers Sarsaparilla

for Rheumatism, with entire success; and, after careful observation, declares that, in his belief, there is no medicine in the world equal to it for the cure of Liver Disorders, Gout, the effects of high living, Salt Rheum, Sores, Eruptions, and all the various forms of bloc 1 diseases.

We have Mr. LELAND's permission to invite all who may desire further evidence in regard to the extraordinary curative powers of ATER'S SARSAPARILLA to see him personally either at his mammoth Ocean Hotel, Long Branch, or at the popular Leland Hotel, Broadway, 27th and 28th Streets, New York. Mr. LELAND's extensive knowledge of the good done by this unequalled eradicator of blood poisons enables him to give inquirers much valuable information.
