Thus Season's Crops. So far, this year has been wonderfully free from crop scares. There has not been a time when there has been good reason to doubt the safety of the wheat crop, and even the reports of rain to fruit and vegetables have been much fewer than usual.

Our natal day was very quietly observed Those who did not grace Toronto with their presence, enjoyed a pleasant day at home Private picnics and socials, boating parties driving, etc., filled the bill during the day The holiday was very generally observed and no doubt enjoyed by all, The Lord's Army.

Capt. Williamson is now in command the Lord's Army here. Very interesting meetings were held on Sunday. The Captain is an earnest worker, and is in posses sion of a lengthened christian experience We hope to see good results from his labors here. Meetings will be held this week Thursday, Saturday and Sunday. Capt Carrie and Lieut. Robinson were removed to Mount Forest

Military Church Parade. The members of Acton Campany No. 20th Lorne Rifles mustered about strong to attend divine service in the Pres byterian Church last Sunday morning. At eleven o'clock, headed by Acton Cornet father, who died recently in Maine, has Band, and marshalled by Col. Allan and shed down Elgin street to Mill, along Mill street to Main, thence along Main street to the church. Rev. D. B. Cameron preached an appropriate and impressive discourse to the "Noble Defenders of our Country," which was listened to with manifest interest. Mr. Bryers carries with him the good wishes not only of his own congregation, but also of a large number of the members of other churches in town.

· Hev. W. Bryers preached his farewell ermon last Sunday evening, to a very large and attentive audience. Scott Act in Greathin. At a special meeting of members of the

Guelph Christian Temperance Club, held last week, after an informal but very interesting interchange of views respecting the Boott Act had taken place, it was resolved that this meeting is of the opinion that the people of the city of Gaelph are prepared to adopt the Scott Act, and that the time is come for such action to be taken as shall lead to a vote being taken for and against the Act by the duly qualified electors of

Fine Number. The July-August number of the Toronto School Supplement is one of the most attractive issues of a Canadian journal ever placed before the public. It is as pretty as a picture. The illustrations are handsome, the typographical department perfect, and the general subject matter of a most interesting character. The Supplement is eminently superior as an educational monthly, and contains much valuable information to those engaged in this

We have received from the author, a copy of a treatise on The Constitutional Powers of Parliament, and of the Local Legislatures, under the British North America Act, 1867, by J. Travis, Esq., LL.B., of the New Bronswick Bar. The intricate, interesting and most important subjects involved, are discussed with the utmost impartiality and fearlessness, as pure questions of Law, although affecting the most important Political Interests of the people of the Dominion; and, it can be confidently claimed, that the work will remove the great amount of confusion and absurdity that has gathered about the subject. The book, although a Law Treatise, is popularly written, and will be not less interesting to lay politicians, and to other intelligent laymen in Canada, than it will be to lawyers. The work contains about 200 pages of ordinary Law Report size type; and, in order to secure its general sale throughout the Dominion it will be sold at the low price of \$1.50 a copy.

New Band Suit

For some time we have fult that a new uniform was due our excellent Cornet Band, and we know that many of our citizens share our opinion in this relation. The suit at present worn looked very well when new, but it is now several years old, and it is only through careful usage on the part of the members of the band that it is now at all presentable. We are confident that our citizens feel that the band deserve great credit for their continual perseverance and united efforts to deep in the front ranks among amateur bands, and that Acton Cornet Band is emineutly successful in their endeavor is most apparent by their invariable success whenever a contest takes place. It is true the band is fairly wall supported by our citizens, but for a number of years they have asked for no special support, and we consequently believe that all who are able are ready and willing to assist in procuring a new uniform for them. We feel certain that the matter only requires to be taken hold of by a few prominent citizens to bring it to a successful issue. By the circulation of a subscription list, and the holding of a few public cutertainments during the sammer mouths, we can foresee no trouble in raising \$200 or \$300 for this purpose, and the amount named would secure a very respectable uniform. The band is in every way worth; of this evidence of appreciation of their efforts, and we hope to see the matter inangurated in an enthusiastic manner, so that the new suit may be provided in time for the fall exhibitions and band tournsments to be held in this section this fall.
