Acton Free Press.

Thursday Morning, Dec. 11, 1884. THE TOWN'S TOPICS.

Small Savings Waded on the Snowy Breeze into the Free Press Office and Jotted Down for Our Readers' Edification.

Xmas in two weeks. Skating played out again. Subscribe for the FREE PRESS.

Looks as if we were going to have a "green" Christmas. The FREE PRESS excels in the execution of holiday circulars.

Can't see it, friend Spec. Haven't you learned to speak plain yet? The Scott Act will be voted on in Guelph on the 22nd January.

Geoph wants a visit from Moody. He may spend a few days in that city next spring. The snow seems rather bashful as yet.

We are informed that an Acton young man was wedded to one of Georgetown's belles yesterday. The professional examinations for 3rd class certificates was held at Milton Model School this week.

Glewwilliams public school has been closed indefinitely, owing to the prevalence of diphtheria there. At the last meeting of Nassagaweya Council the sum of \$26.74 was paid for sheep killed by dogs.

A full attendance of the members of Acton Cornet Band practice is requested for Monday evening next. A Christmas Tree will be an attractive item in the program of the Presbyterian Sabbath School Entertainment.

The present month will be an interesting one to applicants for municipal honors and to those who delight in election contests. The Saved Army, of Georgetown, have fitted up the old brewery there for a barracks. They have christened it the "Hal-le-lu-jah Brewery."

The special services in the Methodist church, Crewe's Corners, are still in progress. They have been attended with considerable success. Fernley will have a new ad, on the first page next week, which will be of interest to those looking for confectionery, etc., for the little folk's stockings.

Slight municipal rumblings are beginning to be heard. The candidate who is early in the field with his card in the local paper is the man that will win. The left weather of last week caused every vestige of snow and ice to disappear. Sleighting and skating consequently retired without ceremony for a time.

Mr. H. B. McCarthy's new livery stable is about completed. If he would remove the dilapidated fence in front and have the yard cleaned up, the place would present a very creditable appearance. An interesting communication from the Medical Health Officer for this municipality, respecting the small-pox epidemic at Stoco, near Belleville, and the precautions necessary to be carried out by all to escape the dreaded disease, was received too late for insertion this week. It will appear in our next issue.

The Brampton Conservator commended its 11th year of publication last week. This it celebrated by removal to a new and commodious office, new power press and water motor power. The Conservator is a representative local paper and appears to be very satisfactorily supported. Were it not for the rabid partyism always predominating in its columns it would, no doubt, be even more popular.

Mr. R. E. Wallace, the genial and courteous passenger and ticket agent of the G. T. R. Driftford, formerly of Acton, made his friends here a short visit last week. The sanctum of the FREE PRESS was honored with a visit by Mr. D. E. Bastedo editor of the Georgetown Herald, last Friday. Friend Bastedo is a live newspaper man, and the Herald is now issued in better shape than ever heretofore.

Anniversary Services. The annual missionary services in connection with the Methodist Church, Acton, will be held on Sunday, 21st inst. Rev. W. S. Griffin, Chairman of the Guelph District, will preach morning and evening. It is expected the morning service will be a Sabbath School Missionary service. On Monday evening the usual Sabbath School tea-meeting and Christmas entertainment will be held for which a programme of interest is being prepared. Full particulars will be made public by posters this week.

NOTICE. A Public Meeting. In the interest of all concerned in a New Cemetery for Acton and vicinity will be held in the TOWN HALL, Acton, on Thursday Night, 18th Dec., '84, at the hour of 8 o'clock P.M. SHARP.

At a Meeting held Dec. 3rd, 1884, a Committee was appointed to see what lands in the vicinity of Acton, and a new cemetery. The said Committee waited on A. Magin and Donald Cameron, both of whom refused to sell. They also waited on E. Nicklin and James Matthews, neither of whom sell any quantity of land for \$100 or more. The piece of land offered by Jas. Matthews consists of the pieces commencing at the small building near the Top and bottom offices of the Free Press, thence back to top of hill taking in a corner of the piece owned by E. Nicklin, and consisting of the piece known as the Cobble Hill.
