REBUKED.

Once on a summer day, Far from the beaten way, Some fairy bride me stray— Cupid, mayhap, Under a leafy tree, Whom should I chance to see, Whom, but my Rosalie.

There is a lovely nook, Screened from intruder's look, Near her neglected book, Slumbering she lay. What could a fellow do? Tell me, sir, wouldst thou kneel and take one or two kisses away?

Ah, but I broke the spell! Opened her eyes and—well, Could I do else than tell, How it was broke? Humbly for grace I plead; Sternly she shook her head; "Couldst thou wait," she said, "Till I awoke?"

A Daily Defecation.

The Hon. John Kelly, the head and front of Tammany Hall, a man of strict integrity, an indefatigable worker, early at his office, late to leave, so burdened with business that regular meals were seldom known by him, with mind in constant tension and energies steadily trained, finally broke down!

The wonder is that he did not sooner give way. An honest man in all things else, he acted unfairly with his physical resources. He was ever drawing upon this bank without ever depositing a collateral. The account overdrawn, the bank suspends and both are now in the hands of medical receivers.

It is not work that kills men. It is irregularity of habits and mental worry. No man in good health frets at his work. By and by when the bank of vigor suspends, these men will wonder how it all happened, and they will keep wondering until their dying day, unless, perchance, some candid physician or interested friend will point out to them how by irregularity, by excessive indulgence, by constant worry and fret, by plunging in deeper than they had a right to go, they have produced that loss of nervous energy which almost invariably expresses itself in a deranged condition of the kidneys and liver, for it is a well known fact that the poison which the kidneys and liver should remove from the blood, if left there, soon knocks the life out of the strongest and most vigorous man or woman. Daily building up of these vital organs by so wonderful and highly reputed a specific as Warner's safe cure, is the only guarantee that our business men can have that their strength will be equal to the labors daily put upon them.

Mr. Kelly has nervous dyspepsia, we learn, indicating, as we have said, a breakdown of nerve force. His case should be a warning to others, pursuing a like course, will certainly reach a like result.—The Sunday Herald.

The most deadly foe to all malarial diseases is Ayer's Sarsaparilla, a combination of vegetable ingredients only, of which the most valuable is used in no other known preparation. This remedy is an absolute and certain specific, and succeeds when all other medicines fail. A cure is warranted.

The curative power of Ayer's Sarsaparilla is too well known to require the specious aid of any exaggerated or fictitious certificate. Witnesses of its marvelous cures are to-day living in every city and hamlet of the land. Write for names if you want home evidence.

Mr. G. W. Macully, Pavilion Mountain, B. C., writes: "Dr. Thomas' Electric Oil is the best medicine I ever used for Rheumatism. Nearly every winter I am laid up with Rheumatism, and have tried nearly every kind of medicine without getting any benefit, until I used Dr. Thomas' Electric Oil. It has worked wonders for me, and I want another supply for my friends, &c."

The reason why disease is so soon expelled from the system by Burdock Blood Bitters is because that excellent remedy acts in a four-fold manner; that is to say, upon the Bowels, the Liver, the Blood and the Kidneys, driving out all bad humor, and regulating every organic function.

Years of experience and successful trials have proved McGreggor & Parke's Carbolic Cerate the most complete and satisfactory compound for healing Old Sores, Festering Ulcers, Cuts, Wounds, Burns, Frost Bites of Feline, and for keeping out the cold and to cleanse or prevent proud flesh, sloughing or decay. I had for years been a miserable sufferer from Dyspepsia, and tried all known remedies and the best medical skill of my acquaintance, but still grew worse, until unable to eat anything without great suffering, or do any kind of work. I began to think there was no hope for me, and that I must surely die; when, like a drowning man catching at a straw, I determined to give McGreggor's Speedy Cure a trial. I at once began to improve so rapidly that in two months I was as well as I had ever been in my life.—Wm. Evans, Examinator. Sold by Dr. McGarvin, Druggist. Free trial bottles.

Fluid Lightning is simply a marvelous Rheumatic Remedy. I was for two months a cripple, unable to get out of the house from Sciatica. One bottle gave me instant relief, and placed me on my feet again. I have driven fourteen miles to-day (something I could not possibly have done were it not for Fluid Lightning) for the express purpose of procuring another bottle. So says Wm. Dixon, Cananogue. Only 25 cents per bottle at Dr. McGarvin's.

Few are the remedies whose beneficial qualities and real merits have made them so popular with the public, and increased from year to year their consumption, which, whilst possessing the most valuable remedial properties, are yet so simple in their compound, and so easy to take, as The Quinine Wine, prepared by Northrop & Lyman, of Toronto. This article is prepared from the pure Sulphate of Quinine, combined with fine Cherry Wine, and choice aromatics, which relieves the Quinine of its bitter taste, and does not impair in the least degree the efficacy of its action upon the patient; while small doses, frequently repeated, strengthen the pulse, increase the muscular force, and invigorate the tone of the nervous system, and thus, by the general vigor which it imparts, creates an appetite, which gives to the stomach tone and energy, and fortifies the system against all infectious diseases. Ask for Northrop & Lyman's Quinine Wine; sold by all druggists.

A large proportion of the disease which cause human suffering result from derangement of the stomach, bowels and liver. AYER'S CATHARTIC PILLS act directly upon these organs, and are especially designed to cure the diseases caused by their derangement, including Constipation, Indigestion, Dyspepsia, Headache, Dysentery, and a host of other ailments, for all of which they are a safe, sure, prompt, and pleasant remedy. The extensive use of these PILLS by eminent physicians in regular practice, shows manifestly the estimation in which they are held by the medical profession.
