TUESDAY MORNING, AUGUST 27, 1885.

## PAPA CAN'T FIND ME.

No little steps 3 or 4 feet in the ball,  
Only a sweet silver laugh, that is all.  
No dimpled arms round my neck hold me  
tight;

I've but a glimmer of two eyes very bright,  
Two little hands a wee face to screen,  
Baby is hiding—that's plain to be seen.  
Where are precious things I've missed so all  
day?"

"Papa can't find me!" the pretty lips say.

"Dear me! I wonder where baby can be?"  
Then I go to, and pretend not to see.  
"Not in the parlor and not on the stairs?  
Then I must sleep under the sofa, and  
charise?"

The dear little rogue is now laughing out-

right;  
Two little arms round my neck clasp me  
tight.

Home will indeed be sad, weary and lone,  
When papa can't find you, my darling, my  
own.

## The Epidemic of Crime.

Whence comes this epidemic of suicides

and murders? Recent discussions have

named several causes. Hon. C. H. Reeve,

of Ludiaus, charges it to infidel teachings

holding that hopelessness of a future, state

cripples fortitude for bearing life's ills.

Another declares suffering from the uni-

versal business depression the cause. A

third writer attributes it to increasing in-

sanity, a physician thinks much of the

tendency is inherited, while temperature

advocates lay the responsibility upon strong

drink.

Free-thinkers have committed suicide,

but so have orthodox churchmen. Finan-

cial straits have been many, but the

wealthy have also taken their life.

Insanity and dissipation have preceded

suicides and family murders.

One feature common to almost every

such crime, challenges attention. Well,

high every report of suicide and having

"for some time been subject to melancholy."

Wisece comes this? All recog-

nized medical authorities tell us that the

fire which consumes the brain is always

kindled by derangements of digestion; that

good digestion is impossible without pure

blood, and pure blood is never known when

the liver and kidneys are out of order.

Under such circumstances, preventive

should be sought, and for this Warner's

safe cure is sovereign—a fact conceded by

the best authorities in the land, and is

especially commanded by the celebrated

Dr. Dio Lewis—Rochester Democrat.

## Warning and Comfort.

Thos. Sabin, of Eglington, says: "I have removed ten cords from my feet with Holloway's Corn Cure." Reader, go thou and do likewise.

For the prompt and certain cure of erysipelas, use Ayer's Sarsaparilla, which is the specific endorsed by the most eminent medical authorities.

Why go limping and whining about your corns, when a 25 cent bottle of Holloway's Corn Cure will remove them? Give it a trial, and you will not regret it.

One trial of Mother Graves' Worm Exterminator will convince you that it has no equal as a worm medicine. Buy a bottle, and see if it does not please you.

Malarial poison can be entirely removed from the system by the use of Ayer's Quinine Cure, which contains a sure specific in the form of a vegetable product, used in no other remedy. Warranted.

N. McRae, Wyebridge, writes: "I have sold large quantities of Dr. Thomas' Electric Oil; it is used for colds, sore throat, croup, &c., and in fact for any affection of the throat. It works like magic. It is a sure cure for burns, wounds, and bruises."

Kellogg's Dysentery Cordial, a medicine that will give immediate relief, and is a sure cure for all summer complaints.

Well nigh all the indications give way to this simple treatment, aided by purifying and aperient doses of Holloway's Pills, round each box of which plain "instructions" are folded. **Interestings.** Since then Mr. Leland has recommended Ayer's Sarsaparilla in many similar cases, and has never yet heard of its failure.

Some years ago one of Mr. Leland's farm laborers bruised his leg. owing to the bad state of his blood, an ugly serous swelling or lump appeared on the injured limb. Horrible itching of the skin, with burning and darting pain through the lump, made life intolerable. The leg became enormously enlarged, and running sores formed, discharging a thick,恶臭的 exudation of offensive matter. No treatment was of any avail until the man, by Mr. Leland's direction, was supplied with Ayer's Sarsaparilla, which allayed the pain and irritation, healed the sores, removed the swelling, and completely restored the limb to use.

Mr. Leland has personally used

Ayer's Sarsaparilla.

for Cholera, with entire success; and, after careful observation, declares that, in his belief, there is no medicine in the world equal to it for the cure of Liver Disorders, Gout, the effects of High Living, Salt Rheum, Sores, Eructations, and all the various forms of blood diseases.

We have now the pleasure to invite all who may desire further evidence in regard to the extraordinary curative powers of

Ayer's Sarsaparilla to see him personally either at his mammoth Ocean Hotel, Long Branch, or at the popular Leland Hotel, Broadway, 27th and 28th Streets, New York.

Mr. Leland's extensive knowledge of the good effects of this remarkable diuretic of blood processes enables him to give inquiries much valuable information.
