**The Acton Free Press.**  
THURSDAY MORNING, SEPTEMBER 10, 1885.

**CRUMBS FOR BREAKFAST.**  
Provided by the Ever Thoughtful Free Press Reporters.

—Barnum in Guelph to-morrow.  
—Shake the pepper out of your fur.  
—Now the thistle-down floats in the lazy air.  
—The beech nut crop is unusually heavy this season.  
—See J. E. Howson's advertisement in another column.  
—A special train will run to Toronto next week, leaving Acton at 8.40 a. m.  
—Autumnal fairs are appearing up the forest foliage, there falls a touch of old gold.  
—The sky scenery softens into dreaminess, and hazy horizons hang over quiet scenes.  
—The belief that a general revival of trade is near at hand grows wider and stronger.  
—Mr. J. Halstead, formerly of Rockwood has opened a harness shop in the Montreal House block.  
—Every family in Acton and vicinity should take the Free Press. Only 25 cents to January 1st 1886.  
—The volunteers are putting in considerable time in drilling now. They leave for the front next Tuesday.  
—The tops of maples tipped with autumnal red, indicate, as well as the calendar, that this is September.  
—Once more the golden-rod hang out their jeweled panicles to announce the mid-afternoon of summer.  
—Milton council offers \$100 reward for the apprehension of the vandals who smashed the merchant's windows last week.  
—The family jar has long been held by writers, prose and verse, as something awful, but just now the pickle jar is worse.  
—Ex-monk Widows, well known in Acton, announces his intention to return to Canada next summer. He is now in Scotland.  
—Orangeville's rate of taxation is twenty mills. A member of the council says twenty mills are really necessary to meet all obligations.  
—The Ingersoll Chronicle entered upon its thirty-third year of publication last week. The chronicle is a live local paper and is ranked among the first class weeklies.  
—Many of our citizens are laying in their winter supply of coal. It is selling just now at the very reasonable figure of \$6.25, and Mr. James Brown is busily engaged filling his numerous orders.  
—The Erin Advocate has been purchased by Messrs. Robinson & Dewar of the Harrison Tribune. The Advocate business has been neglected. The Erin people will no doubt appreciate the change.  
—The Grand Trunk Railway intends to run a cheap excursion about the 25th or 26th of this month to Fort Huron, Detroit, and other points in the States, at reduced fares. Tickets will be good until the 5th of October.  
—The Georgetown Herald has just entered upon its twentieth year. Under friend Bastedo's supervision of the past year or so, the Herald has very materially improved. Its job work, too, is far superior to that previously executed.  
—Unusually heavy yields of wheat seem to be the rule this year, and reports are coming in from all quarters to this effect. We learn that Mr. Robert Dessey, of the 6th line Esquimaux, threshed recently 1100 bushels of fall wheat from 22 acres of ground.  
—A Guelph paper says:—The most celebrated man in Guelph on Monday was one James Merriman. He started off three young sons (triplets) to school for the first time. He hasn't begun to realize what it will cost to keep them in copy books, slate pencils and baseballs.  
—By recent regulations it is required that every public school shall be opened with the Lord's Prayer, and closed with reading a portion of Scripture without comment or explanation, and the Lord's Prayer, or the prayer sanctioned by the Department of Education.  
—The London Free Press says:—It is said that Fred Sturdy, of Guelph, and Miss Carr, whom he abducted, and for which he served eight years in Kingston Penitentiary, are to be married. The ins and outs and peculiarities of lovers' quarrels are wonderful indeed.  
—It is funny that when a man is invited to advertise his business in a newspaper, he always says: "Nobody will ever see it"; but if some little caper of his is printed in the most obscure column of the journal, he gets indignant, and declares with emphasis that everybody will see and read it.—*Chicagoan.*  
—Fairview Cemetery has already become quite a resort, and is daily visited by citizens and others. Sunday is the big day for visitors. The view over Acton and surrounding country from the summit of Monument Hill is most interesting and attractive, and well repays the exertion necessary to gain it.  
—The Mount Forest Representative says:—We are sorry to state that there is considerable sickness in town just now. Miss M. Jolley is down with typhoid fever, but fortunately not a very malignant kind, and is progressing favorably." The lady above referred to is sister of Miss Hattie Jolley, teacher of the second department of the public school here.

**THE WEEB'S RARINGS.**  
Which are Principally Local and All Interesting.  
The County Gaol.  
The gaol has been inspected by Dr. O'Reilly, and Mr. Vansallen has been highly complimentary on the excellent condition in which the Provincial Inspector found it. On the date of inspection there were five lunatics and two prisoners confined therein.—*The Star.*  
Business Change.  
Mr. C. W. Hill, photo-artist, has disposed of his business to Mr. A. A. Ruby, of Ottawa, who has for some time held a position in a leading studio in that city. Mr. Ruby comes well recommended. We hope he will find business fully satisfactory here. Mr. Hill will leave in the course of a week or so, to take a business elsewhere, of which we will give particulars later.

**A New Journal.**  
—The *Sixth Nation* is a new journal printed in Toronto in the interests of the deaf and dumb of Canada. It is a recognized fact that the deaf and dumb can improve themselves in language best by intercourse with hearing and speaking people, and this paper is calculated to help in that direction. We wish it every success. The address is 147 Sydenham St., Toronto.

**A Punishable Offense.**  
A number of boys residing on Bower avenue, who are well known as a practice of ringing door bells and otherwise annoying the residents of the vicinity at night. This is a mean, foolish and cowardly business, in which no gentlemanly boys would engage. We are requested to ask the boys to discontinue their pranks, for if repeated the law will be allowed to take its course concerning them.

**An Experienced Operator.**  
—Miss Celia Stafford is attending Lou dole Exhibition as lady operator on Singer sewing machines on exhibition there. Miss Stafford's lengthened experience with machine work renders her eminently qualified for the special work in which she is at present engaged. She has executed some wonderful specimens of what the Singer will do during the past week. Miss Stafford will go to Toronto Exhibition next week.

**Severe Accident.**  
—Wm. McNeil, a young man who is employed by Mr. Alex. Burns, near Rockwood, met with rather a severe accident on Monday afternoon. When coming down from a mow one of the rounds of the ladder broke and he fell to the ground, a distance of some twenty feet. Fortunately he alighted on his feet but not without sustaining injuries. He received a severe shaking up, and had one of his legs broken at the ankle.

**The Recent Robbery at the G.T.R.**  
The case of the prisoners Clark and Henry, who were sent down for trial for robbing Mr. Robinson, C.E., of Toronto, of his pocket book and contents at the G.T.R. here a couple of weeks ago, was tried before Judge Miller at Milton last Friday. A number of witnesses from Acton were examined, and Henry was convicted and sentenced to six months in the Central Prison. Owing to the fact that Mr. Robinson could not swear to the identity of Clark, who was supposed to be an accomplice of Henry, he was acquitted.

**Kickers—Oakville vs. Acton.**  
A correspondent of the *Oakville Independent*, presumably one of the players referring to the recent base ball match here says:—"The Acton club includes a number of professionals—professional kickers, not ball players." Well, that beats quartine. The professional kicking was on the Oakville side, and that too, against the decisions of their own umpire—a decent fellow—who they brought with them. Talking of professionals the Acton boys would like to know what about the two professionals from Dundas, Hamilton players included in the team from Oakville.

**Another Sure Cure for Smallpox.**  
The following paragraph was clipped from a British paper printed about twenty years ago—An effective remedy for smallpox is said to have been recently found by a surgeon of the British army in China. The mode of treatment is as follows:—When the preceding fever is at its height, and just before the eruption appears, the chest is rubbed with cotton oil and tartaric ointment. This causes the whole of the eruption to appear on that part of the body, to the relief of the rest. It also secures a full and complete eruption and thus prevents the disease from attacking the internal organs. This is now the established mode of treatment in the English army in China and is regarded as a perfect cure.

**A Project of Interest to Our Citizens.**  
The Ladies' Aid Society of the Methodist Church here are making arrangements for a course of lectures, to be delivered during the fall. The course will comprise six lectures by eminent gentlemen, and only those which will be popular and interesting to the general public will be arranged for. The desire and intention of the Ladies' Aid is to provide an unusual literary treat which all can enjoy and appreciate. The expense will be a merely nominal matter, for the arrangements are being so favorably made that a ticket covering the whole course of lectures will cost only one dollar. The lectures will embrace a period of about three months and will be held in the town hall. Further particulars will be given in due course.

**Rev. Mr. Cameron's Resignation.**  
A delegation from the Guelph Presbytery, composed of Revs. Dr. Terrance, Dr. Ward, Rev. J. A. R. Dickson, B.A., Galt, and Messrs. Chas. Davidson and S. Hodgeskin, Guelph, met the congregation of Knox Church, Acton, last Friday afternoon to confer with them respecting the resignation of Rev. Mr. Cameron recently tendered to the presbytery. For some cause—presumably that many of the members were in the midst of their harvest—the attendance was small. In consequence of this the delegation was obliged to report that sufficient information had not been received by them upon which to base a recommendation, and the matter was referred by them back to the presbytery. The result will be that the congregation will be asked to appoint commissioners to meet the presbytery, when the matter will be finally settled. We are informed that the resignation will probably be accepted.

**PURELY PERSONAL.**  
Paragraphs Respecting People with Whom our Readers are Individually or Collectively Acquainted.  
Mrs. Hunter, of Orangeville, is a guest at the Methodist Parsonage.  
Miss Minnie's Ballentine of Arthur is visiting Rev. R. Phillips and family.  
Rev. A. Russell of Hawkeville, was the guest of Mrs. S. A. Secord this week.  
Mr. J. Wigglesworth, of Ashgrove, spent a day or so this week with friends here.  
Mrs. and Miss Scott, of Stratford, are the guests of Mrs. J. E. Howson this week.  
Miss Jennie Storey returned to Damill's Young Ladies College, Ottawa, last week.  
Mr. R. Maloney returned to his studies at St. Michael's College, Toronto, on Monday.

**E. R. Bollert,**  
27 Lower Wyndham Street, Guelph, Ontario.

NOVELTY is what the world is after. What took the fancy and pleased the popular mind of yesterday, has lost its charms to-day. The demand is ever for something new. Particularly is this the case in WEARING APPAREL, and the successful caterer in the great cause of Dry Goods, is he who anticipates the wants of the public and then supplies them. Antiquated styles are worse than useless, New Textures, New Colorings, New Combinations of Shades are produced with a rapidity characteristic of the age and the merchant who does not keep up with these changes had better try some other business. Carloads of last year's styles will never do. The public want the newest, the freshest, the prettiest. This is what we aim at at No. 27. Large quantities of the Fall Goods have been opened during the past week, and are daily arriving, and my stock for the fall of 1885 will be found very attractive. I place no value in double-leaded advertisements. Readers are solicited I am sure with that kind of thing. I believe in always doing better than I advertise. I will therefore simply extend a cordial invitation to call at No. 27, whether you want to buy or not, and we will show you.  
Novelties in Silks and Satins.  
Novelties in Dress Goods.  
Novelties in Velvets and Plushes.  
Novelties in Mantle Cloths.  
Novelties in Cloths and Tweeds.  
Novelties in Millinery.  
Novelties in Mantles.  
Novelties in Fancy Goods.  
Novelties in every Department.

**LION**  
GUELPH.

Returns thanks to the public of Acton and surrounding country for the very large and increasing volume of trade which they are extending to us—larger this season than it ever was in the history of the LION. And while we think that we are not undeserving of your most liberal patronage, inasmuch as we are selling goods at less prices than were ever before known to the trade, and not only that but we are selling goods at a margin of profit which it was always considered a man could not do business on and live. But we have an idea that it can, if business is conducted on business principles. At any rate, we are trying the experiment in the interest of the public.  
Every mail from our European buyer brings news of some lines picked up at slaughter prices, which we will be able to give at figures undreamed of in the past.  
Do not fail to visit the LION this Fall, and we will make it pay your expenses over and over again.

**HAVE YOU**  
Hot and dry skin?  
Scalding sensations?  
Swelling of the ankles?  
Vague feelings of uneasiness?  
Frothy or brick-dust fluids?  
Acid stomach? Aching loins?  
Cramps growing nervousness?  
Strains or soreness of the bowels?  
Unaccountable languid feelings?  
Short breath and pleuritic pains?  
One side headache? Backache?  
Frequent attacks of the "bites"?  
Fluttering and distress of the heart?  
Albumen and tube casts in the water?  
Lack of appetite, flesh and strength?  
Constipation alternating with looseness of the bowels?  
Abundant pale, or scanty flow of dark water?  
Chills and fever? Burning patches of skin? Then  
**YOU HAVE**  
**BRIGHT'S DISEASE OF THE KIDNEYS.**

The above symptoms are not developed in any order, but appear, disappear and re-appear until the disease gradually gets a firm grasp on the constitution, the kidney poisoned blood breaks down the nervous system, and finally pneumonia, diarrhoea, bloodlessness, heart disease, apoplexy, paralysis or convulsions, coma and death is inevitable. This fearful disease is not a rare one—it is an every day disorder, and claims more victims than any other complaint.  
It must be treated in time or it will gain the mastery. Don't neglect it. WARNER'S SAFE CURE has cured thousands of cases of the worst type, and it will cure you if you will use it promptly and as directed. It is the only specific for the universal

**BRIGHT'S DISEASE.**  
BUSINESS CHANGE.  
I TAKE this means of intimating to the people of Acton and vicinity that I have disposed of my Photo Business, and have much pleasure in introducing Mr. A. Ruby, of Ottawa, as my successor. Mr. Ruby comes from one of the leading galleries of Ottawa, and his work will bear the closest scrutiny, and I feel satisfied he will give satisfaction to all customers and sustain the high reputation which the gallery has for years enjoyed.

**CARD OF THANKS.**  
I cannot leave Acton without tendering my most cordial thanks to my numerous customers in Acton and vicinity who have for the past ten years so liberally patronized me. In saying good-bye I heartily wish all success, and will always be happy to hear of the prosperity of Acton and his citizens.

**COMMON SENSE TREATMENT OF CATARRH AND CONSUMPTION.**  
If air charged with disease-creating elements (foul air) will kill when breathed continuously, air charged with remedial elements will cure when breathed continuously.

**The Pillow Inhaler**  
is an elegant made hair pillow, charged with remedial elements, the vapor of which the patient inhales all night long whilst sleeping as usual. It cannot get out of order, and is perfectly safe to the most delicate. It will last for years, and serve any number of persons in a family in succession. It battles down the stronghold of Catarrh, Bronchitis, Asthma and Consumption.

and makes a permanent cure by a continuous application of healing and curative air directly to the diseased parts. Sufferers from any of the above-mentioned diseases are urgently requested to send us their address, and a 50-page pamphlet will be mailed to them free, which will give a complete history of this wonderful discovery and the principles upon which it works, together with a long list of testimonials from those who have used it, and who now rejoice in perfect health.  
Do not delay, for the longer a disease is allowed to run unchecked, the slower and harder it is to effect a cure.  
There is no medicine taken into the stomach, no doctored or sniffing, nor anything disagreeable about this treatment.  
It has never been known to fail.
